## Taking Deperate Chances

It is true that many contract severe colds and recover from them without taking any precaution or treatment, and a knowledge of this fact leads others to take their chances instead of giving their colds the needed attention. It should be borne in mind that every cold weakens the lungs, lowers the vitality, makes the system less able to withstand each succeeding attack and paves the way for more serious diseases. Can you afford to take such desperate chances when Chamberlain's Cough Remedy, famous for its cures of bad colds may be had for a trifle?

## Catarrhal Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. Circulars free. All Druggists.
