# BOY SCOUTS

(Conducted by National Council of the Boy Scouts of America.)

## HONOR FOR BRAVE SCOUT

The fact that nearly a hundred medals have been awarded to boy scouts by the national court of honor of the Boy Scouts of America during the past year for conspicuous service in life saving is evidence that the "Be Prepared" idea is working. George Noble, assistant scoutmaster of Troop 2, Charlton, Ia., won the gold medal for a feat of real heroism which he modestly describes in the following manner:

"Last summer I traveled with a detachment of "Hearts of the World." We showed the picture two days in Rock Rapids and were preparing to go down to Orange City with the film. I loaded the machines and films in my car and started cross country while the rest waited for the train. On my way I noticed that there was a fire a mile or so ahead and hurried on to see if I could be of any assistance.

"On arriving I found that two children were still in the burning house. Being a scout, I simply did my duty to try to rescue them. The first trip upstairs I found the girl overcome with smoke. I wrapped her in some bed-clothing and took her downstairs to safety, then went back after the boy. I was unable to locate him, and had to go back down to get more information from the other people. Having gotten the information I went back into the house and started up the stairs, which gave way as I was near the top. I was able to catch hold of a beam that held my weight, and then it was just a matter of pulling myself up to the second floor.

"This accomplished, I went into what remained of the boy's room, walked a sill across to the bed and an old metal covered trunk, because I knew the floor would not hold my weight. I looked in the closet and on the bed, but was about to give up the search when I happened to raise the lid of the trunk and saw the boy. Something gave way before I could get the boy out, and the next thing I knew I was in the basement astride the trunk. My first thought was to again try for the boy, but the trunk had turned over in the fall and the lid was down. In trying to turn it the heat of the metal covering blistered my hands a little, but I was able to get the boy and scrambled out a small window in the side of the basement.

"I then had the people empty my car while I treated the children to the best of my ability, then started them off to the doctor. After they had gone I went around the building to see if anything else was in danger, and then used by first-aid kit to relieve the pain in my hands and face. I guess I fainted, for the next thing I knew a man was working on me. In a little while I was able to proceed with my trip to Orange City and went on with my work."

## SCOUTING IN THE SCHOOLS.

Chief Scout Executive James E. West sends the following message to all boy scouts in the schools of the country:

"A true scout is always on the alert for opportunities to be of service. In many schools scouts are in charge of the fire drills and first-aid and safety-first training. They also conduct thorough school yard clean-ups, guard dangerous crossings and see that sanitary conditions are in force in and out of school buildings. Are you and your troop doing any of these things? If not, get busy. Talk it over with your scoutmaster and your teacher and see if there isn't something which you can do as a scout to help your school.

"Remember especially that scouting is what you make it. If you are a scout and careless in your personal appearance and heedless of regulations you are doing a great harm to the movement and not being a true scout no matter how proficient you are in signaling and fire building and the rest. Scouting goes all through, into every thing you do.

"I wish every first-class scout would determine to qualify for the merit badge in scholarship this year and make up his mind to get the most out of his books--by putting a lot in."

## SCOUT CHILD FINDING SYSTEM.

Because of an epidemic of "lost children" in Bismarck, N. D., the boy scouts of that city have organized a "child finding" system. The scouts ask parents whose children are lost to have the city sire whistle sound three long blasts, and the scouts will respond to the call.

**A BAD WRECK**--of the constitution may follow in the track of a disordered system. Don't run the risk! Dr. Pierce's Golden Medical Discovery remedies disorders and affections due to impure blood or inactive liver. The germs of disease circulate through the blood; the liver is the filter which permits the germs to enter or not. The liver active, and the blood pure, and you escape disease. When you're debilitated, weight below the standard, the "Discovery" builds up the body.

### True Efficiency.

Efficiency is a matter of the head as well as the hands. It can never be a purely mechanical virtue, for true efficiency has its origin in careful thought. The man who forms the habit of using his brain is never in danger of becoming a mere machine.

### To Have a Clear Sweet Skin.

Touch pimples, redness, roughness or itching, if any, with Cuticura Ointment, then bathe with Cuticura Soap and hot water. Rinse, dry gently and dust on a little Cuticura Talcum to leave a fascinating fragrance on skin. Everywhere 25c each.--Adv.

### Lock Into This.

If things don't come your way, perhaps it's because you are not in the right place.--Boston Transcript.

A cup of Garfield Tea before retiring will next day relieve your system gently and thoroughly of all impurities.--Adv.

### Spaces Between Words.

The custom of separating words by a blank space in writing was not employed until the Tenth century.

If not already acquainted, get to know Garfield Tea, the advance agent of Abounding Health.--Adv.

Reading maketh a full man; conference a ready man; and writing an exact man.--Bacon.
