

Spring Medicine

There is no other season when good medicine is so much needed as in the Spring.

The blood is impure, weak and impoverished—a condition indicated by pimples and other eruptions on the face and body, by deficient vitality, loss of appetite, lack of strength, and want of animation.

Hood's Sarsaparilla and Pills

Make the blood pure, vigorous and rich, create appetite, give vitality, strength and animation, and cure all eruptions. Have the whole family begin to take them today.

"Hood's Sarsaparilla has been used in our family for some time, and always with good results. Last spring I was all run down and got a bottle of it, and as usual received great benefit." Miss BEULAH BOYCE, Stowe, Vt.

Hood's Sarsaparilla promises to cure and keeps the promise.

SANTO DOMINGO.

Little Island's Complications with the United States.

The action of the insurgents of Santo Domingo in deliberately firing on the American flag, killing R. G. Johnston, a naval engineer, wounding Charles Doctor, bugler, and otherwise committing warlike acts against the government of the United States has succeeded in raising an interesting international complication. It will be remembered by those who have kept track of the affair that Johnston was shot while on a launch on its way from the shore to the United States auxiliary cruiser Yankee. The small American flag in the stern of the boat was ridiculed. Doctor was wounded in a subsequent engagement of the Columbian with some of the insurgent forces. About a week after the killing of Johnston, it will also be recalled, a merchant steamer named the New

that resulted in making General Jiminez president. In 1902 occurred another revolution, which was successful in forcing Jiminez to resign, on which the vice president, Vasquez, was installed, to be succeeded in 1903 by General Morales, against whom the present revolution is directed. In Santo Domingo the president is elected for four years, unless sooner "revolted" out of office.

The people are of mixed Spanish, negro and Indian blood. The government is modeled on that of the American republic and so far as form is concerned is said to be quite ideal.

Santo Domingo is one of the most beautiful of the West India islands. It lies between Cuba and Porto Rico. In Samana Bay it possesses one of the finest natural harbors in the world. It was this port which President Grant was especially anxious to secure as a coaling station. The oldest settlement made in the new world was on this island. Columbus himself having founded it. Here the great discoverer was buried and here for a number of years was the capital of the Spanish possessions to the new world.

At the end of the eighteenth century Spain ceded the eastern half of the island to France, which held the western half. Soon after the entire country under Toussaint L'Onverture gained its independence. In 1844 came the rebellion of the eastern portion of the island, resulting in the formation of the present Dominican Republic.

FAMOUS BLAZES IN LONDON.

British Houses of Parliament Were Burned on Oct. 16, 1834.

Oct. 16 is a day to be associated with fire in the minds of Londoners, for on that date, in 1834, the houses of parliament were burned down, and on the same day, in 1733, Berkeley house was destroyed by fire, says the London Chronicle. Berkeley house stood on the site of the present Devonshire house and Evelyn does not seem to have thought much of it. "The staircase is of cedar," he writes. "The furniture is princely; the kitchen and stables are ill-placed and the corridors worse. * * * The porches are in imitation of a house described by Fellicio, but it happens to be the worst in his books." The fire was caused, according to the Daily Journal of the day after, "by the workmen leaving a glue pot among shavings, which boiled over while they were at breakfast and

ENTRANCE TO HARBOR OF SAN DOMINGO CITY.

York discharged her cargo at the port of Santa Domingo under what was thought to be an agreement of the contending forces. She was fired on by the insurgents, however, and the United States cruiser Newark retaliated by shelling the town of Pajaro, in which the rebels were encamped, afterward landing a force of marines and driving out the insurgent troops. All of this naturally led to further complications. Though the rebel forces have been very thoroughly beaten in subsequent engagements with the troops of President Morales, the island is yet in a very unsettled condition, and there is a considerable party, in which the commercial element predominates, that is favorable to annexation to the United

A VALUABLE PREPARATION,
WRITES DR. KEMBALL.

RACHAEL KEMBALL, M.D.

Most of the Ailments Peculiar to the Female Sex are Due to Catarrh of the Pelvic Organs.

Rachael J. Kemball, M.D., 334 Virginia St., Buffalo, N.Y., is a graduate of the University of Buffalo, class 1884, and has been in the practice of medicine in that city since then. She writes as follows:

"My conviction, supported by experience, is that Peruna is a valuable preparation for all catarrhal affections. I have taken one bottle of Peruna myself and just feel fine. I shall continue to take it." — Rachael J. Kemball, M.D.

Peruna has cured thousands of cases of female weakness. As a rule, however, before Peruna is resorted to several other remedies have been tried in vain. A great many of the patients have taken local treatment, submitted themselves to surgical operations, and taken all sorts of doctor's stuff, without any result.

The reason of so many failures is the fact that diseases peculiar to the female

Female Trouble sex are not commonly recognized as being caused by catarrh.

These organs are lined by mucous membranes. Any mucous membrane is subject to catarrh.

Catarrh of one organ is exactly the same as catarrh of any other organ. What will cure catarrh of the head will also cure catarrh of the pelvic organs. Peruna cures these cases simply because it cures the catarrh.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, President of the Hartman Sanitarium, Columbus, Ohio.
