If one-cent postage is adopted will the people write twice as many letters?

Another 1910 record broken, this time 'tis Dr. Cook, as a come back if he can.

Whenever May Yobe hasn't anything else to do she announces that she is going to get married.

Between the "Salome" dancers and the daily riots the eastern people are having a strenuous time of it.

Things appear to be pursuing their peaceful course in South America. A revolution is underway in Honduras.

English parliament members who have married American women might combine and then have a working majority.

An Adirondack hunter shot seven times at a man and missed him at every shot. Evidently the shooter thought the target a deer.

Rev. Billy Sunday is in Iowa preaching "Hell Fire." This is a poor time of the year to try and scare people when the ground is covered with snow.

The Emperor of Germany has ordered the men in his navy to do away with drinking intoxicating liquors, and that he will also issue the same orders to the army.

In Lincoln, Nebraska, thieves swiped a man's fortune out of his basement furnace. He should have no sympathy until it is learned whether they took his supply of coal.

A Michigan lady who has been having matrimonial troubles to some extent says that she married once on a bet and the next time for spite. She seems to have lost both times.

The cost of living seems to be a great deal cheaper in England than in America. For when Churchill went to make a speech a Manchester, egg and other edibles were thrown at him.

Jem Mace, at one time champion pugilist of the world and worth \$1,000,000, died a pauper a few days ago in England. Evidently they never learn how to become a "tightwad."

Hon. Bob Fitzsimmons refers to Hon. John L. Sullivan as an old woman. How time has changed. There was a time when such a remark would have caused an up-heave in this country.

If the statesmen at Washington are not able to revise the tariff upward, they should revise it downward, or sideways, or diagonally; anything to be done with it and give the country a chance.

It cost the Republican party of Pennsylvania \$102,624 to elect their candidates at the recent election. Evidently there are a good many people who believe that the state may yet become doubtful.

The Boise, Idaho, laundrymen have raised their prices. This might be a hardship if it were not for the fact that most of the men of that town who patronize the laundries wear celluloid collars and cuffs.

The statement is made that not one per cent of the people now-a-days believe in hell and it doesn't go with us.—Ex.

Neither does it go with us as long as two-thirds of the people are trying all the time to raise it.

The financial condition of Oregon is excellent. There are no debts, bonded or otherwise, and the treasurer reports \$424,913 on hand.—Observer.

Just wait until the legislature gets through with the above pot.

Just imagine, if you please, the disadvantage of living in Butte, Montana, as a social center for ladies. There isn't a first class dressmaker in the town. But probably the men who have to foot the bills are delighted over the fact.

"There is no reason why this country should not have a parcels post system," says a contemporary. Mistake, guinea friend. There are four powerful and substantial Express reasons: The "American," the "United States," the "Adams" and the "Wells Fargo."

An eastern judge has come to the front with a decision that a woman may take as much time as she pleases in trying on shoes in a shoe store, and that if she afterwards purchases a pair she subsequently finds that they pinch her feet, she has a right to return them and get her money back. Hood River shoe dealers need not worry or lose any sleep over the decision, as bad as it looks for them on its face. Most of the women seem to take a delight in wearing shoes that pinch their feet.

Excellently Carnegie's donation of ten million dollars toward establishing worldwide peace is arousing the fighting instinct of the great nations. The Portland Spectator in commenting on the situation very pertinently remarks, as follows: "The moment it became known that Andrew Carnegie had given \$10,000,000 to a commission to promote the peace of the world, General Leonard Wood asked for \$20,000,000 more for the army, Japan began the construction of new warships, Germany looked over dreadnaught plans, Great Britain counted her warships again, and President Taft said he needed \$19,000,000 to fortify the Panama Canal. All this in the name of Peace on Earth."

A Real Birthday Surprise.

New Year's Day, while Mrs. A. P. Slade was engaged in a conversation over the telephone, previously arranged by her husband with one of her neighbors, a party of eighteen of their friends entered their lovely new home on the East Side, completely surprising her on her birthday. After congratulations and greetings had been exchanged they all sat down to a bountiful birthday dinner, which Mrs. Slade herself had partly prepared, thinking she was helping Mrs. Dethman surprise her husband, whose birthday falls upon the same day. Before leaving the guests presented Mrs. Slade with a beautiful rocking chair as a token of their regard. Mr. and Mrs. Slade are royal entertainers and the day will long be remembered as a happy one by the guests who were so fortunate. Mrs. Slade and Mrs. C. Dethman and son Fred, Mr. and Mrs. R. W. Johnson, Mr. and Mrs. H. M. Vannier, and son Frank, Mr. and Mrs. U. A. Newman, Mr. and Mrs. H. P. Scoles and daughter, Zoe, Wans Lage, and Mr. and Mrs. J. O. Mark.—Contributed.

Change in Firm.

L. H. Huggins has sold his interest in the grocery firm of Wood & Huggins to J. M. Wood, his partner, who will continue the business. Mr. Huggins has not determined just what he will do in Hood River, but his interests at "The Dalles" will occupy more of his time and he made the change largely on that account.

The Men's league, of the Heights, will hold its regular monthly meeting in the rooms at the Baptist Church on Thursday evening. All men welcome.

Baptist church, Sunday, January 8, Sunday school, 9:30 a. m.; morning worship, 11 a. m.; sermon subject, "Boundless Resources." Evening service, 7:30; question for consideration, "What Contributes Good Conversation?" At the evening service solos will be rendered by Miss Regnel and Dr. Fink, of Buffalo. A cordial invitation is extended.

The Dalles Win at Basketball.

The Monday night basketball game between the Dalles and the Hood River teams resulted in a close score of 15 to 14 in favor of the Dalles. The local team, despite the fact that they had practiced together only once put up as good a game in every way as their opponents. The game was lost because of fouls. Line up: Hood River—Chilts, Morse, Huntington, Kressner, Hopkins, Skinner, Galbraith, I. G. Weaver, Bell, Osgood.

Old Soldier Breaks Collarbone.

Philip Spangler, who is about eighty years of age and a Civil War veteran, while walking near his home in the east end of the city last Friday afternoon, fell and broke his collar bone in two places. On account of his extreme old age it was at first feared that the injury would prove serious. However, after having the bone set, Mr. Spangler is now resting easily, and it is thought he will speedily recover.

Teachers Will Entertain.

The teachers of the city schools will give a reception to the patrons of the schools this evening at the Commercial Club rooms. Elaborate preparations have been made and it is expected that the reception will be both instructive and entertaining.

"I want a man or woman who is a 'Live Wire' to take the exclusive agency for Hood River county to sell 'Res-Dil', 'Res-Dil' is the wonderful new self-shining waterproof shoe dressing. The only dressing ever put on the market that will give a brilliant polish and at the same time have a preservative effect on the leather. Every bottle you sell will sell another. You can make big money."

Mrs. E. J. Young was taken to Portland last week and successfully passed through an operation at a hospital at that place. She is doing as well as could be expected. Her daughter, Mrs. A. J. Derby, will go to Portland the latter part of the week to remain with her mother for a time.

An interesting and instructive course of four lectures beginning Tuesday evening will be given next week by Mrs. Jean Morris Ellis, the eminent phrenologist, of Portland. All of the lectures except the last will be free. Those who have heard Mrs. Ellis, speak in the highest terms of the educational value of her lectures.

"What of the New Year?" will be the subject of Minister T. S. Hand-saker's discourse at the First Christian church next Sunday morning. In the evening the theme will be "The Young Man With a Backbone." The male quartette will sing, Christian Endeavor at 6:45.

GLACIER SLIDES

The summer birds are now wintering in the millinery stores.

There are entirely too many Hood River boys smoking crooked stem pipes.

There is every reason to believe that the present football season will close before the next one opens.

One Hood River man has been forbidden to tip his hat to the hired girl. His wife gave him the order.

Have you noticed it, the old family house fly has quit putting punctuation marks on the white ceiling.

This kind of weather doesn't make one think he lives within seven miles of the devil's place of abode.

This never fails. When a family keeps four or five dogs, they will also be a fiddle and seven children.

When you see a Hood River young lady looking into the display window of a furniture store, it's a sign.

If this kind of weather keeps up its lick, what's the matter of advertising Hood River as a summer resort?

A lady clerk in Hood River keeps a powder box, looking glass, comb, chamois skin and a tooth brush in her pocketbook. The other night she forgot her paraphernalia and the janitor found it and used the face powder, thinking it was rough on rats.

There is talk of abolishing the treating habit in the drug stores. A prominent citizen went up to a soda fountain last evening and invited a friend who was standing near to take a drink with him. "I've just had one, but I'll take a lead pencil," he said.

Saturday night while rubbering at a store window, a Hood River girl is tipped and fell on the walk breaking a bottle of face cream that he was carrying in her stocking, receiving several ugly cuts. We suggest that women do like the men, have hip pockets in their clothes.

It is claimed that a Hood River business or professional man wrote to his wife who was away from home on a visit the following: "I take my typewriter on my lap to let you know that I am not inauspicious and you had better stay two or three months and have your visit out." It is also stated that the wife returned the next day after receiving the epistle.

Wife Deserter Captured.

Lloyd Andros, who was arrested in Portland, was brought here last Monday by Sheriff L. E. Morse to face a complaint of wife desertion. Immediately on arriving here Andros raised the necessary bail, \$100, by telephoning to Gresham and was released. His trial which was set for Wednesday morning was postponed to Friday.

The defendant and his wife moved to Gresham the earlier part of last spring. On account of financial difficulties Andros soon persuaded his wife to go to relatives in Toledo. Since then he has failed to furnish any support for her and her two children. Mrs. Andros removed to this place in July or August and has been sick a great part of the time since her arrival.

Clearing Land Near Husum.

Messrs. Adams and Fox, in the employ of Lipman, Wolf & Co., of Portland, have let the contract to W. Marlin of Portland to clear the forty acres of choice land they recently bought of R. Adams near Husum. Clearing will commence next week and be completed about May 1st. Spitsburg and Newlands are to be set out. Messrs. Fox and Adams are also considering the purchase of forty acres more, which they will clear next fall and put into orchard. Their present holdings are in section 23, two miles west of Husum.—White Salmon Enterprise.

Harold Hershner and Floyd Arnold spent New Year's in Portland.
