Wasco county has the largest apple packing warehouse in the world and this year, according to reports from Dufur, it will be running at capacity as the crop of the Dufur Orchard Co. is nearly double that of last year.

The orchard is situated 10 miles south of The Dalles and is connected with the Great Southern by a stage line.—The Dalles Chronicle.

The proposition to bond the county for \$100,000 to pay the county's part in building the Dufur road was put squarely up to the citizens of this county Thursday afternoon by action of the Wasco county court. The measure will be voted upon at the fall election. The proposition is bound up with a clause which provides that the bonds shall be sold and the funds used only when the Highway commission is in financial position to complete the hard-surfacing of The Dalles - Dufur highway. — The Dalles Chronicle.
