### PRUNING SCHOOL TO BE HELD SOON

By Gordon G. Brown

December 5-8 inclusive, a pruning school will be conducted in the Hood River valley. The purpose for which this course is offered is to familiarize the grower with the fundamental underlying this practice. It is not hoped to turn out expert pruners from amateur stock in two or three days' training, but it is reasonable to expect that anyone taking this course will become proficient in handling the problems as they arise in the average orchard.

Two district schools will be conducted, one at Parkdale during Monday and Tuesday, December 5 and 6 inclusive. The remaining two days will be spent in the Lower Valley with the city of Hood River as headquarters.

A one-half day indoor session will be held in the McIsaac hall during the morning of December 5. The remainder of the time in that section will be spent in the orchard. The indoor session in the Lower Valley, will be held in Library hall of Hood River, in the morning of December 7. The remaining one and one-half days will likewise be spent in the East Side and West Side orchards.

The writer especially desires to impress upon those who contemplate taking this course, the importance of attending the indoor sessions. There all preliminary discussion of fundamentals will be carried on and will not be repeated in the field. This is important. Be there and make the most of this opportunity. Field work will be a practical application of pruning. The work will be immediately in charge of Clayton L. Long, extension specialist of the Oregon Agricultural College, assisted by members of the local Experiment Station staff.

This is the second pruning school to be held locally. In 1917 a very successful school was held and attended by a large number of growers. This year the enrollment will undoubtedly be large. Any one is eligible for this course and no charges will be made. Watch the date and be on hand.

### UPPER VALLEY SPUD CROP IS SHORT

The Upper Valley potato crop will not be affected by the heavy snowfall that covers the district, according to J. F. Thompson, who was here Saturday, other than that the weather conditions, if they linger, will prevent movement of the crop.

"Practically all of the district's potatoes were dug," says Mr. Thompson, "but not more than 10 per cent had been sold and shipped. Growers have stored their potatoes in pits. The Upper Valley potato yield was very disappointing this year. We expected 100 cars. We will not get over 60. The quality, however, is very high, and all growers are expecting top prices for their tubers."

### Snow Insurance Would Be Popular

It is likely that some enterprising insurance company will devise a new form of policy to insure reimbursement for damage from collapse due to weight of snow. Those who have observed the feeling of citizens here the past few days declare that such a scheme, if really materialized, would be launched at a psychological moment. Indeed, Monday citizens were calling on insurance agents asking if property could be so insured.

Present insurance policies on residences and business property do not carry such indemnity. Citizens not strenuously inclined faced the task of shoveling snowselves reluctantly, yet in many instances where flat roofs had begun to creak with the weight of snow, there seemed no alternative. Men were paid \$1 an hour for shoveling snow, and no extra hands were available.

# All At Once!

Plans are now being made to collect funds in Hood River County sometime in the next three weeks for a COMMUNITY CHEST so that the work at home of providing funds for the

will be simplified. The same committee will handle in one drive, if that's the word, what would otherwise take several. In other words what would take seven committees of seven men each seven days seven times a year, will now take seven men seven days, or seventy men one day.

The organization is now in the process of making, and this announcement will be followed by others of more detail.

#### Own Your Own Home in Hood River

Everyone who has been around acknowledges that homes are being offered at lower prices in Hood River than in any other good town in the Northwest.

\$1200 down and very small monthly payments for a good six-room house and six lots on Cassel avenue. Total price much less than worth of the house alone.

Six room house and barn on the Heights on corner lot for \$1000. \$400 down and balance on easy payments.

Dandy bay in nine-room house in very good residence part of town. The place is in excellent condition and can be bought for \$2500, half cash. A real bargain.

The Vanderbilt residence on Columbia. One of the nicest homes in town. Price reasonable.

Very comfortable home on the Heights with half block of ground. In a shady of fruit, plenty of green space, and chicken runs. Paved all over what the land alone should bring.

Let us show you some of these.

### WOMAN'S CLUB NEWS

Members of the Underwood and White Salmon Women's clubs were guests last week at a luncheon reception tendered at the Columbia Gorge hotel by the Hood River Women's club. No recent woman's club affair has had such a large attendance. More than 200 were present. Mrs. C. H. Jenkins was in charge of arrangements for the pleasant reception. The tables were decorated by a committee headed by Mrs. E. H. Hartwig.

The chief speaker of the session was Henry M. Grant, executive secretary of the Oregon Social Hygiene Society. Mrs. William Munroe, president of the local club, and Mrs. Verner, head of the White Salmon club, gave talks.

#### Bells Return Early From South

"We wish we had lingered a while longer in the south," declare Mr. and Mrs. C. A. Bell, who returned last week on the eve of the big snow-storm from California. "We might have lingered for a while in the sunshine and have avoided this touch of sudden winter."

Mr. and Mrs. Bell toured as far south as Sacramento, where they called on Wilmer Sieg, general manager of the California Fruit Distributors, and wife, Mr. Sieg, formerly sales manager of the Apple-Growers Association, still has a warm spot in his heart for Hood River, according to Mr. and Mrs. Bell.

"You will come across acre after acre of asparagus, as your train leaves here," Mr. Sieg told us, "says Mrs. Bell. "But," he declared, "you will find nothing in California to equal the fine asparagus that is grown on John Roberg's Twentieth Century Truck Farm."

#### Young Folks' Party Pleasant

One of the prettiest social events of recent years was the party given last Friday night at the Oriental Cafe by Helen and Lewis, daughter and son of Mr. and Mrs. Harvey Jones of the Belmont orchard district. About 100 boy and girl friends were guests of Mr. and Mrs. Jones. The big ball room was beautifully decorated with Thanksgiving emblems. The young folk engaged in dancing.

#### Good Health

If you would enjoy good health, keep your bowels regular. No one can reasonably hope to feel well, when constipated. When needed, take Chamberlain's Tablets. They are mild and gentle.

### HELPFUL HINTS

Let us make some suggestions in behalf of the housewives of Valley homes.

During these days of leisure, when compared with the rush of harvest days just ahead, plan some domestic improvements that will lift the burden from your wife, Mr. Orchardist. Let us install a Fairbanks-Morse engine to put running water in your house and kitchen.

How handy would electric lights be, thus eliminating the drudgery of cleaning lamps. We have an electric system that is just the thing for you.
