Vannet-Sproat
 The wedding of Miss Edith M. Sproat and Edward A. Vannet, young Side orchardist, was solemnized on Wednesday of last week at the home of the bride's parents, Mr. and Mrs. C. H. Sproat, in the Van Horn district. The wedding was witnessed only by close friends and members of the immediate families. Rev. W. H. Boddy, pastor of Riverside Community church, officiated. Mr. and Mrs. Vannet left immediately on a honeymoon trip to coast points.
 The bride is a graduate of the Hood River high school, Oregon Agricultural College and the Los Angeles Normal school. Mr. Vannet is an overseas war veteran.

Murray-Hart
 First news of the wedding of their daughter, Miss Ada Hart, and Allen Murray, of Moro, was received in a letter from the bride last week by City Marshal and Mrs. William Hart. The wedding occurred at Vancouver, Wash., December 3. The bride is engaged as a teacher at Hillsboro. She formerly taught at Moro and in the Hood River schools. She is a graduate of the Hood River high school and the Oregon Normal School at Monmouth.

 The wedding of Miss Margaret Berry, youngest daughter of Mr. and Mrs. A. H. Berry, and Neil Nunamaker, son of Mr. and Mrs. J. R. Nunamaker, was solemnized Friday afternoon at the West Side orchard home of the family. Rev. W. H. Boddy, pastor of Riverside Community church, officiated. Mrs. Nunamaker left immediately for southern points on a honeymoon tour.
 The bride is one of Hood River's most popular young women. She is a graduate of the Hood River high school and was a student of the University of Oregon. River Steamers On Schedule
 The steamers Iralda and J. N. Neal continue to do a heavy freight and passenger business on the run between Portland and The Dalles. While severely cold weather has prevailed here and on up-river points, no floating ice has yet appeared in the river, and Agent C. G. Carter states that the steamers will make their regular schedules. Preparations have been made to keep Cascade Locks constantly open.
 The Teal on each of its tri-weekly trips down the river carries the limit of automobiles, principally of motorists from eastern Oregon, Washington and Idaho points. Many of the motorists are tourists en route to California for the winter. So heavy is the demand for automobile space that local men have been waiting for 10 days without being able to secure transportation.
