

ODELL

A message was received by Karstetter Bros. one day last week which stated that Sam Karstetter was very ill and could not live. This was followed by another message bearing the news that he passed away Thursday, January 5, in California where he had gone less than two weeks before. He had spent several winters in California for the benefit of his health and had come for that reason this winter. At this writing no details are at hand regarding his illness further than those above stated. He was a young man who won friends and his passing in early life is regretted. He is survived by his parents, Mr. and Mrs. L. M. Karstetter and by five brothers and three sisters. To these relatives we would extend sincere sympathy.

Born—To Mr. and Mrs. O. S. Cushman Tuesday, January 3, a son, Mrs. Cushman is with her mother, Mrs. L. Deveye at Boring, Ore. Mr. Cushman went down Monday for a visit with his family.

Almont Ferguson has been quite ill as a result of a blow from an auto tire.

W. N. and G. A. Weber received a message last Friday announcing the death of their mother, Mrs. B. T. Weber, at the home of a daughter at Lodi, Calif. She died January 6 in her 74th year, and is survived by two sons and three daughters. Her husband was a Methodist minister. She came to Hood River from Ohio 15 years ago and for the past five years has been living with her children. G. A. Weber left Saturday for California to attend the funeral and to bring the body to Hood River for interment. Funeral services will be held Friday afternoon in the Methodist church in Hood River in charge of C. C. Anderson, Rev. Gleiser, of Odell, and Rev. Beck, of Portland, will officiate. Rev. Beck took the charge in Michigan which Mrs. Weber's husband's death left without a pastor and he has been a long time friend of the family.

Mrs. Fletcher, chairman of reception and entertainment committees, who will arrange for the comfort, pleasure and convenience of those who will be Odell's guests February 6, 7 and 8, has appointed the following committees: Entertainment, Mrs. J. E. Ferguson; dinner, Mrs. G. A. Weber, Mrs. Burt Hoffman, Mrs. W. L. Shearson; decorations, Mrs. W. P. Kemp, Mrs. F. J. Howard, Mrs. A. H. Weinheimer. The complete program will be ready for announcement next Sunday and within the week following speakers' names will be announced. On the evening of February 6 a reception will be held in the church. All day sessions will be held February 7 and 8.

Services next Sunday at usual hours.

WHITE SALMON

Wm. Lindell, of the Snowden district, is hauling his apples to the White Salmon depot in a sled. Snowing is fine and hauling is far better than it was before the snow storm of November, when muddy roads were almost impassible.

Good old moonshine, at least some say it was, was flowing down one of the alps of "Stiff" flowing down Wednesday morning, but nobody got a drink. Local authorities were confiscating the six gallons of moonshine secured in the raid on the Roberts still. Several witnesses use the "stiff" flowing down the gutter and yet nobody made a break to save any of the moonshine, as Judge Grayson and Deputy Sheriff Downs took no chances and had an "eagle eye" on all of those "unlucky" witnesses.

The best picture yet seen of the big November snow storm was shown here Tuesday by Lem and B. H. Yarnell, of the lower Major creek district. The photo showed a tunnel cut thru a snow bank eighteen to twenty feet deep which had been shoveled out by Lem Yarnell and some of his neighbors so that they could go to stores for grocery supplies. At first they had had to walk to the stores and carry supplies on their backs and going was hard over the slides and snow and ice. The tunnel and cut made through the big drift enabled them to take the horses to get to nearby stores. It took five men nearly two weeks to make the cut thru the deep drift. Mr. L. Yarnell reports 17 or 18 head of cattle owned by himself and his neighbors missing, somewhere in the hills, since the November storm.

Henry Hickey, well known civil war veteran, passed away at the home of his daughter, Mrs. Dora Zimmerman, in the Pleasant View district, on December 11. He had been in ill health for some time. Henry Hickey was born in Elizabeth, Illinois, on September 7, 1846. He answered the call of his country, serving as a private in company G., 15th regiment Illinois Infantry, during the Civil War. He was united in marriage to Miss Mary Anne Hamblin at Sidney, Fremont county, Iowa, on October 3, 1869. She preceded him two years ago. Hickey leaves to mourn his loss, two sons and six daughters, also one sister of St. Johns, Wash., who was here at the time of his death, besides a number of other relatives in the east. The remains were buried in the family plot in the local Odd Fellows cemetery. C. C. Anderson, of Hood River, conducted the funeral.

After spending the holidays with his parents, Mr. and Mrs. T. T. Hinshaw, who has supervision of federal and state road work in the state of Nevada, left last week for Sacramento to meet state officials who are witnessing a demonstration of the effects of hard loaded trucks on various types of hard surfaced pavements near that city. Forty heavy trucks are constantly being run over a section of road made up of a variety of pavements, and the experiments are being closely watched by state officials.

The remains of Harold Blackman, Mr. Hinshaw will go on to his headquarters at Reno. The state of Nevada is taking every advantage of the federal aid and Mr. Hinshaw is connected with that branch of the work, working under Nevada State Highway Engineer, Geo. W. Bordon, who formerly was County Engineer of Klickitat county.

"An industrial plant can usually find another site for its factory if the location is not satisfactory, moving its plant and machinery," the Chicago American says in a recent article on public utilities.

Not so with the public utility companies. Their property is partly underground and partly on poles and in thousands of different locations, and they must stay where they are. This means that a definite national policy which would make them lose money, and at the same time protect the public against too high rates, would really help to keep the rates at a minimum, because investors would then feel more free to purchase their securities and the money could probably be obtained at a smaller rate of interest.

Definite Policy Needed

Members of Oleta Assembly, United Artisans, participated in a banquet Monday night at the Oriental cafe, following the initiation of a large class. Officers and cadets of The Dalles Artisans were guests of honor at the banquet, having come here to conduct initiatory work at the initiation.

The United Artisans is a home product, as it was organized in this state 27 years ago. It has a large membership in Oregon and owns its own office building on Broadway and Oak streets in Portland. It has \$200,000 of insurance in force and has paid to Oregon a business tax of \$3,000,000.

The meeting Monday night included the Perfect Artisan Degree and banquet followed by dancing. Ford's orchestra furnished the music.

The speakers of the evening were J. H. Kober, who welcomed The Dalles, Mosier and Pine Grove on behalf of Hood River Assembly, Messrs. Fitzgerald and McClain, of The Dalles, Geo. Chamberlain, of Mosier, and E. E. Lott, of Pine Grove, who acted as H. S. Hudson, of Portland, Supreme Master Artisan, followed with a short talk.

Mr. and Mrs. F. L. Alden, who have been active for the past month organizing the lodge, are still in the city and the class above mentioned resulted from their work.

CHINOOK RESULTS IN HIGHWAY AVALANCHES

A chinook wind prevailing here Monday resulted in a continuous avalanche of rocks on the Highway between here and Mosier and several motorists had narrow escapes. Several cars were caught by falling stones. Harold Blackman, driver of a Standard Oil truck, saw a huge boulder hurtling down the canyon. Applying his brakes he stopped just as the rock smashed into a fender. H. H. Neilson, highway worker, while entering his noonday lunch between the twin tunnels, was struck on the head by a rock. While the injury was not serious, it was necessary to call a physician to sew up a bad scalp wound. Every city street became a river, so fast did the snow melt, gutter drifts clogging drains and storm sewers.

JOHN SHERIDAN SAYS

Oranges are high because of California storms. Now is the time to start apples. As soon as the California orange grower can start picking and shipping, oranges will drop in price. Until then is the grand opportunity to sell apples. Better be an early seller, while the demand is on, than sorry at a later date.

We handle your stock on commission and give you your money in a hurry.
