It always relieves the lungs, aids expectoration, opens the secretions and aids nature in restoring the system to a healthy condition. Thousands have testified to its good qualities. Try it when you have a cough or cold. Apple Shipments Nearing End Total shipments of apples from the Hood River valley last week reached 2,534 cars. The Apple Growers Association, open to the receipts of which ran to 1,295 015 boxes up to last Saturday, had shipped 1,195,403 boxes. It is estimated that the total holdings left in the valley at the present time will not reach 150,000 boxes. All local shippers report a keener demand for sales, and the price on Newtown is showing a material stiffening. HEIGHTS JITNEY Fare 15c each way Leave Heights at Hart Hotel. The Apple Growers Association, open to the receipts of which ran to 1,295 015 boxes up to last Saturday, had shipped 1,195,403 boxes. 23,000,000 People Ready to Buy Your Fruit! The great markets of New York supply nearly one-quarter of the entire population of the United States with their fruits. Greater New York alone has a population of over 6,000,000, and an average of 422,000 visitors come to New York daily. Within a radius of 50 miles from New York there are 10,000,000 people, while there are 22,904,873 people within 200 miles of the City. New York not only supplies this great army of people with their fruits, but through these markets the people of the entire United States and Canada must get their supplies of certain fruits. Great quantities of fruits are also exported. New Yorkers spend an average of \$1,200,000 in restaurants for dinner every night. The people of this great city consume every day an average of 400 cars of fruits and vegetables. In one week in 1920 there were 1125 carloads of California fruits sold at auction. In addition, the auction sold cargoes of bananas, Spanish onions, Porto Rico citrus fruits, Italian lemons, Cuban fruits and Florida citrus fruits. Think what a great market this is for your fruit! And think, too, what it would mean in better prices to have an average of 1200 buyers a week bidding for your fruit, as is done when it is sold at auction! Through our auctions we can quickly dispose of your entire crop at the best market prices. And the cost of selling by this method is less than by other methods, leaving a bigger profit for you. Another thing, you can see that we return to you every cent your fruit brings by comparing the check we send you within 24 hours after sale with the prices printed in the New York Daily Fruit Reporter. No other method gives this publicity. Our large financial resources and twenty-six years' experience is your guarantee that all shipments sent to us will be handled fairly and expertly.
