

# 10% greater power

The energy of a storage battery is generated by the action of the solution on the "paste" of the plates.

By a special formula a superior "paste" of greater energy value and cohesive qualities has been compounded for Columbia plates.

Standard size Columbia Storage Batteries easily generate 10% greater power and likewise give 10% more service. The type for Dodge cars costs only \$38.00, exchange price. The size which fits 80% of all cars costs only \$24.65, exchange price.

(All prices f. o. b. San Francisco, Calif.)

Rd. 1, Box 136, tel. 42 Odell Hood River, Ore.

## JURY IN MORTON CASE AWARDS \$1750

Out six hours and a half, a jury in the case of J. W. Morton et al suing the A. D. Kern Construction Co. and the National Surety Co. for damages alleged to have resulted from construction of the Highway around Ruthton hill, last Thursday night awarded Mr. Morton \$1,750. The damages claimed originally amounted to \$14,000, Mr. Morton alleging that rocks had been deposited by blasting over an extensive acreage and a water system had been injured. The claims were finally cut down to \$8,800, other items having been ruled out of the case because of a condemnation suit filed by the State Highway Commission for acquiring an approximate eight acres of the land to be used as a dumping ground.

Two women, Mrs. E. E. Lage and Mrs. Besse Henry, were members of the jury.

## INDICATIONS POINT TO MANY VISITORS

Returns on letters of invitation forwarded by the Commercial Club to members of the International Apple Shippers Association, who had been their annual convention at Seattle in July, to visit mid-Columbia fruit sections while on the Pacific coast, indicate that hundreds of the fruit market men will be here before or after the Puget Sound session. Secretary Crew has received replies all the way from New York City to Los Angeles and from Detroit to New Orleans. In responding to the club invitation the Jennings Fruit Co., of Rosnoke, Va., wrote:

"Please forward to us some more of your publicity booklets, in order that we may distribute them among our friends and acquaintances who are planning the western trip. We want to go to Hood River ourselves and we wish to have as much company as possible."

N. E. Meyers, of a Wichita, Kas., fruit firm, declares that he will certainly pay the mid-Columbia district another call while out this summer. He says he learned of the beauties and wonders of the Columbia River Highway while motoring through last year. White, Bro. & Crum, of Yakima, congratulate the local club and fruit men in their initiative in plans for entertaining the many visitors expected. They state that the growers and shippers of the Yakima valley are going to set a swift pace in giving the convention delegates a taste of Northwestern hospitality.

## WOMAN'S CLUB NEWS

At the annual meeting of the Woman's Club Wednesday of last week, Mrs. J. E. Ferguson was elected president. Mrs. Ferguson was the only nominee for the office and her election was unanimous. Other officers chosen for the ensuing year included: First vice-president, Miss May Davidson; second vice-president, Mrs. F. A. Olsted; corresponding secretary, Mrs. H. G. Ball; recording secretary, Mrs. E. O. Blanchard, and treasurer, Mrs. W. H. Chipping.

Mrs. Ferguson, who has been prominent in Woman's Club work here for the past 12 years and who was formerly president of the Astoria Woman's Club, is also an active Sunday school worker. She was president of the local County Sunday School Association for many years, and before coming here headed the Clatsop association.

## Incidents of Circuit Court

Judge Wilson, during progress of the Morton case last week, sought to have a night session. He asked if any members of the jury could not be present. Mrs. E. E. Lage stated that she was in charge of a program to be given in the Sunflower class of the Pine Grove church, and that her presence at the function was necessitated, as she had made no arrangements for a substitute.

Judge Wilson deferred the night session, saying: "We'll have a session tomorrow night, so please do not make any more dates."

An amusing moment was created when M. L. Van Why, who stated that he was a former Hollander, was on the witness stand testifying about rock thrown on the Morton place by blasts. He described by the statement that the rocks ranged in size from small stones to the size of a beer glass. Attorneys asked him to explain how a beer glass would compare with the size of a tumbler.

## Speeder Arrested

Traffic Officer Murray last Friday arrested Carl Boyer, of Oregon City, on a charge of driving 25 miles an hour on dangerous Columbia River Highway curves. Boyer, it was said, was driving 35 miles on the straightaways. He also was unable to show a driver's permit. He was released on his own recognizance.

## "STOPS LAXATIVES—HEALTH REGAINED BY INTERNAL BATHS"

Mr. A. Czarnicki, 657 Montgomery St., San Francisco, Cal., writes Tyrrell's Hygienic Inst. of New York as follows:

"I must admit that the use of the 'J. B. L. Cascade' has cured chronic constipation from which I suffered. Since May 12th, 1913, have never even tasted any kind of patent medicine or purgative. My health is excellent in every respect."

Over half a million bright, keen, intelligent Americans have found that internal bathing is more essential to their health than external baths.

Have found that used occasionally at night they feel like different people the next morning. No more of that bilious, tired, nervous feeling, but having by nature's own cleanser—antiseptic warm water—removed all the poisonous waste from the lower intestine, they awake thoroughly refreshed by normal sleep, with all their functions acting properly, clear-headed, happy, confident, eager and capable for the duties of the day. Kresse Drug Co. will gladly explain to you the simple operation of the "J. B. L. Cascade," why it is so certain in its results, and will give you free of cost, an interesting little book containing the results of the experiences of Dr. Chas. A. Tyrrell of New York, who was a specialist on intestinal complaints for 25 years in that city. Why not cut this out as a reminder to get this book as soon as possible. Remember, please, it is free.

## CLARK WRITES BLOOM FESTIVAL POEM

Writing to friends from Red Bluff, where he and his family had stopped while on the way to southern California, where they will reside, L. E. Clark said:

"We had a wintry trip down on the way through Oregon. We struck a severe hail storm near Salem the day they were celebrating the blossom festival. We found two inches of snow on Smith hill and six in the Siskiyou. The weather down here now is fine."

Mr. Clark, who has leased his East Side holdings, will make his home in Long Beach. He has ever been one of the most ardent of Hood River boosters, and the following blossom day poem was forwarded to The Glacier:

Your very name, suggests the fame you've won both far and near, For scenery grand, and orchard lands, And fruits that have no peer.

We crown you queen of blossom day, With garlands in your hair; In gorgeous robes of jeweled green, You're lovely, young, and fair.

To all whom it may concern: Anybody holding an account against Mrs. Ann E. Hays will address her daughter Mrs. W. J. Pritchard, Administrator, Sherwood, Ore. Box 113. jly27

Before you buy an automobile you should see the new Studebaker at the Cameron Motor Co. ml1f

## RANCH BARGAIN OFFER

Fine garden, one black horse eight years old, weighs about 1,400 pounds, sound and true, one single harness and light spring wagon, one good cow, Jersey and Guernsey bred, one new plow and one-horse harrow, 3 dozen White Leghorn chickens and 20 rabbits. One fine brood sow, plenty of tools to run the place with, one Home Comfort range, cost \$100, tables, chairs, etc. Everything to run the place with. Will give immediate possession. Two acres of land ready for strawberries, lots of blackberries, close to a good school and store, good neighborhood. Look at this before you buy. Our terms, \$1200 cash, suitable terms on balance. Sager & Turpitz, Route 3, Box 85, Hood River, Oregon, or care of the Hood River Cigar Factory, Hood River, Ore. ml1f

## BIG POWER in EVERY DROP!

"Red Crown" meets the automotive engineer's demand for a motor fuel that will vaporize rapidly and uniformly in the carburetor, and explode completely in the cylinder. Every drop is 100% power.

Fill your tank with "Red Crown" and nothing else, and you won't have to bother with carburetor adjustments. You'll get prompt starting, better mileage, and a sweeter-running motor.

Fill at the Red Crown sign—at Service Stations, at garages, or other dealers.

## For County Assessor

To the Republican voters of Hood River County:

In seeking your support as nominee for county assessor, it behooves me to acquaint you with some of my life story with its relation to a residence in Hood River county.

I have lived for twenty years in the Upper Valley. Have always stood for the best in schools and roads. I was one of the organizers of the Upper Valley Federal Farm Loan Association. Have passed on applications for practically all the loans now outstanding. They aggregate \$65,000.

My knowledge of conditions render me fully competent for the office.

E. C. MILLER
