HAS THE CIRCULATION—PRINTS THE NEWS—REACHES THE PEOPLE

THE EXAMINER IS THE OFFICIAL PAPER OF LAKE COUNTY

VOL. XXXIV.

LAKEVIEW, LAKE COUNTY, OREGON, APRIL 24, 1913.

NO. 17

## BISHOP PADDOCK COMING FRIDAY

Will Hold Episcopal Services in the Snider Opera House

Bishop Paddock of the Episcopal Church will arrive in town about Friday of this week. On Saturday evening an informal reception will be given him by the members and friends of the Episcopal Mission, at Snider Opera House, at which a light lunch will be served. This will be for the purpose of enabling everybody to enjoy a sociable time in an informal way and to become better acquainted with the Bishop. On Sunday morning at 11 o'clock he will conduct the regular service of the Episcopal Church at the Opera House also. A baptismal and confirmation service, also one of communion, will probably be held, the hour of which will be announced at the morning service, as will any other to be held during the Bishop's stay. A cordial invitation is extended to the public to attend the reception and services.

## BURGESS APPROVED BY PRES. WILSON

Senate Withholds Confirmation Until Present Term Expires

In a Washington dispatch in the Portland Oregonian in connection with the Oregon Land Office appointments it is noted that the President failed to nominate H. F. Woodcock indorsed by the Senators for Register of the Dalles Land Office, for the reason that Mr. Woodcock is not an attorney at law, and the dispatch further states that the Administration is inclined to name none but attorneys as Registers.

Prof. Burgess who is an applicant for the office of Register of the Lakeview Land Office is not an attorney at law, but this requirement has apparently been waived inasmuch as he received a letter this week from Secretary of the Interior Lane advising him that his name had been approved by the President. His appointment, however, has not been confirmed by the Senate but the reason given for this being held up is solely because the present incumbent's term has not expired.

## PUBLICITY WORK TO BE HANDLED

Fred Shaffer Will Conduct Extensive Work on Conservative Lines

V. L. Snelling Monday came up from Fairport with Mr. Fred Shaffer who has been employed by the Fairport Town & Land Co. to give publicity to the Company's holdings at Fairport and to advertise the Goose Lake Valley in general.

Mr. Shaffer is recently of Canyon City, Colo., and is widely known for the work he did as chief publicity agent for Phillip Stewart of Colorado Springs, progressive candidate for governor at the last general election. He will make his headquarters at Fairport and will cooperate with C. N. Miller publicity agent of the N.-C.-O. Railway in the work of setting before the people of the county at large the advantages and possibilities of the lands in this section and those adjacent to the N.-C.-O. north from Reno, Nevada.

Since his arrival Mr. Shaffer has become an ardent booster for the country, not as much by vocation or profession as by his firm convictions that this territory has a very bright future in store. He was more than pleased with local conditions and was surprised to see such vast areas of productive land in a state of idleness simply waiting for man to come in and settle on them.

Such work as is to be under taken by Mr. Shaffer means untold benefit to this country. He believes the truth is good enough for Lake County and the Goose Lake Valley and intends to

## DALY ENTERTAINED AT U. S. CAPITOL

Lake County Judge Meets President and Dines With Chamberlain

A Washington news dispatch under date of April 19, says:

"One of the chief diversions of prominent citizens when they come to Washington is being introduced to the president. This is usually done by one of the senators from their state, or if the senators be too much preoccupied, then by a congressman. One day last week—Monday, to be exact—Senator Chamberlain spent half a day conveying a party of Oregonians to the White House where they were received and had their hands grasped by President Woodrow Wilson, and in future years they will be able to tell their children, if not their grand-children, how the president looked on that memorable occasion, what he said and in fact everything about it, provided they were not so embarrassed that they could remember nothing about it."

The Oregonians who enjoyed the honor of meeting the president on this particular occasion were Dr. Bernard Daly, county judge at Lakeview; Hubert Bernard and Miss Bernard of Yamhill county, and Frank S. Myers who soon is to be postmaster of Portland. Judge Daly also had the pleasure of taking lunch with Senator Chamberlain at the capitol.

## YOUNGER SET HOLD PLEASANT PARTY

Many Friends of Miss Emma Arzner Give Her Surprise

A very pleasant surprise party was held Tuesday evening at the home of Mr. and Mrs. Dan Brennan in this city in honor of Miss Emma Arzner. The party was in charge of the Misses Mildred Struck and Modena Isenhart. The evening was spent in card playing and dancing and a most enjoyable time was had until 12 o'clock when the guests departed for their respective homes. Light refreshments, consisting of many kinds of cake and lemonade were served by Mrs. John Arzner, Mrs. D. T. Brennan and Mrs. Joe Arzner.

Those present were: Marie McComb, Gwendolyn Corbett, Mabel Snelling, Gladys Chandler, Annie Batefelder, Katherine O'Neill, Mary Herford, Lucile Bailey, Alice Curtis, Bessie Burgess, Mildred Struck, Modena Isenhart, Dorothy Bieber, Lala Holder, Laura Snyder, Mabel Rice, Emma Arzner, Essie Duke; Messrs Charles Combs, Leigh Monson, Kelson Gunther, Bert Snyder, Melvin Erickson, Ralph Barnes, Raymond Dunbar, Walter and Chester Dykeman, James Burgess, Roland Hertling, Richard Orem, William Arzner, O. C. Gibbs, W. J. Archer, Ernest and Carl Fetsch, and Andrew Konnerth.

## WILL HOLD EXAMS IN AGRICULTURE

Instructions Governing Examinations in Practical Work, May 8 and 9

To the teachers and Pupils of Lake County:

In accordance with instructions from the Superintendent of Public Instruction, I hereby announce the following plan to govern the Eighth grade examination in agriculture at the examination May 8 and 9:

1. Twelve questions will be submitted from which the pupils may choose ten.

2. If the pupil has a garden or has done any creditable work in agriculture, the teacher may give 30 per cent for such work. In this case the pupil need answer only seven questions out of the twelve submitted.

3. If a pupil fails in this subject, the county superintendent may add no more than 25 per cent for a creditable exhibit at a county, district or state fair.

Chas. E. Oliver, County School Superintendent.

## WOOL TARIFF ASSURED

DR. DALY CONFERS WITH MANY SENATORS IN WASHINGTON

The Doctor Received Encouragement From Numerous Senators That They Would Strongly Contend for Reasonable Tariff on Wool Product

Dr. B. Daly and Mrs. T. V. Hall who were called east on account of an accident recently befalling Dr. Hall in Connsville, Pa., returned home Tuesday evening. They came back by way of San Francisco where Dr. Hall was left in a hospital to receive treatment for his fractured ankle.

While east Dr. Daly spent three days in Washington, D. C. where he met and conferred with Senators Chamberlain and Lane of Oregon as well as numerous other Senators and Congressmen from various states throughout the Union. Dr. Daly also had the honor and distinction of personally meeting President Wilson, whom he found to be a man very easy to approach.

The doctor made a personal appeal to our Senators in behalf of the wool tariff question and brings back the assurance that in his belief a reasonable tariff will be maintained on this product.

"Aside from the Oregon senators I met and talked with Senator Walsh of Montana, Senators Newman and Pittman of Nevada, Senator Pomeroy, of Ohio, as well as a number of other Senators and Congressmen from other States," said Dr. Daly, "and I find it to be the consensus of opinion among all these men that they will not permit wool to go on the free list."

"They will surely vote this down in the Senate," continued Dr. Daly, "as the gentlemen with whom I met consider free trade contrary to the principles of the party platform upon which the

present administration was elected." The doctor says tariff revision is favored but he has full confidence in our Senators and Congressmen and believes they will conscientiously labor for the progress of their home states and the welfare of their constituents.

The wool industry is so important in the Western states and Middlewest, he says, that free wool will meet with so much opposition that it will never carry. He states that a similar condition on the sugar question exists throughout the South and it is believed that the Congressional game will be so played as to maintain a reasonable tariff on the wool and sugar commodities.

Washington news dispatch under date of April 22, says by a strict party vote, the senate finance committee decided finally today that no public hearings would be granted on the tariff bill when it reaches the senate. Interested persons will be given a full opportunity, however, to file briefs or statements with the committee, bearing on any of the tariff schedules.

The decision is expected materially to shorten the time consumed in getting the tariff bill before the senate consideration. Tariff debate will open in the house at 11 o'clock and in the hope that general debate can be limited to five days, Democratic Leader Underwood will attempt to hold the house to 12 hours of continuous work daily. Another week of consideration under the rule permitting amendments, will send the bill to the senate soon after May 5th, it is believed.

## OREGON WOOL IS FINDING MARKET

Much Wool Has Been Sold at Arlington at a Good Price

Nearly all the wool that has been shorn at Arlington has been sold, says the Oregonian. About 150,000 pounds have changed hands this week, growers and buyers readily agreeing as to terms. The prices ranged from 14 to 17 cents, which is practically the same as was paid for these wools last year. Shearing is general in the vicinity of Pendleton, Pilot Rock and Echo, but no sales have been reported yet from those districts.

With regard to Valley wools buyers are disposed to take a bearish view. At the opening of the season they were ready to pay 18 to 20 cents and some of them secured considerable quantities at these prices on speculation, but they have not been able since to turn the wools, even at the prices they paid.

Several of the large buyers have put out limits of 14 cents on coarse and 16 cents on medium grades of Valley.

"With the prospect of free wool, Valley wool cannot help being lower in price," stated one of the dealers, "as it will come into direct competition with Argentine wool. Such wools as are produced in the Valley can be landed in Boston on the basis of 20 to 21 cents. These foreign wools, all things considered, are worth from 4 to 5 cents more than our domestic wools, as there is a difference in shrinkage in their favor of from 10 to 20 per cent."

Utah is the only other Western state in which the buyers are showing activity. About 1,000,000 pounds have been sold there, according to advices received recently. Fine clips have been secured for Eastern account in Utah, at 13 to 15 cents. The source cost of these in Boston is estimated to be 45

## LIGHT TO MANAGE HOTEL LAKEVIEW

Light & Harrow Partnership Dissolved After 13 Years in Business

F. P. Light and George D. Harrow last week dissolved partnership in the Hotel Lakeview and hereafter Mr. Light will have sole management of that resort. Messrs. Light & Harrow have conducted the Hotel Lakeview since erection in 1900. Several interior changes and improvements have recently been made in the hotel which will be an advantage for the new management in maintaining an up-to-date hostelry. Mr. Light is widely known for his congenial and affable nature and that he will conduct a business worthy in every way of the public's patronage goes without saying.

Mr. Harrow is as yet undecided what he will do but after a short time will probably make a trip with his family to Humboldt County, Cal., where Mrs. Harrow's people live.

Medium clips have been bought at 17 to 18 1-2 cents and will probably cost, clean and laid down in the East, about 50 cents. Manufacturers have bought some wool in Nevada at 15 to 20 cents. Dealers have operated there at 14 to 14 1-2 cents, the estimated cost clean and landed being figured at 32 to 53 cents. The Utah and Nevada wools are heavier than those of last year.

Severe damage is said to have been done in the wool section of Ohio by the recent storms and flood, but definite information is unavailable. The calamity has been too much for wool buyers and they have done practically nothing. Michigan also has suffered and shearing has been delayed, though the damage to property there is comparatively light. Very little shearing has been done in either of these states.

## IMMIGRATION TO BE ENCOURAGED

State Commission Desires Broad Cooperation for Securing Homeseekers

Portland, Ore., April 22 (Special)—In order to get the widest possible benefit from the legislation recently passed to attract settlers to this state, the State Immigration Commission is inviting suggestions as to the best method of enticing new citizens from abroad. By resolution, this effort is to be directed to securing desirable immigrants from the agricultural districts of Northern Europe. The Commission plans to hold a series of conferences to which representatives of German and Scandinavian colonies in Oregon, clergymen, editors, commercial club officials, etc., will be invited and a general scheme to be followed will be outlined.

No definite program has yet been adopted, but it is probable that the first of the hearings will be about May 15 and will be given up to the representatives of German speaking races. Later conferences will take up Swedish, Norwegian, Finnish and Danish immigration. By this means not only can successful methods be used in attracting colonists from among foreign speaking people, but on the arrival of the immigrants here they can be welcomed and given assistance in getting started on Oregon soil.

## JAPS RESENTING CALIFORNIA BILL

Secretary Bryan Asks For More Leniency In Proposed Law

The situation brought about between Japan and the United States by the California alien land holding bill is becoming increasingly serious. A mass meeting was recently held in Tokio, composed for the most part of irresponsible people, demanded the most extreme measures of retaliation by Japan. During the gathering the singing of war songs aroused the feelings of many of the lower classes who were present. Dispatches were sent urging President Wilson to intervene in behalf of the Japs.

Secretary of State Bryan telegraphed to Governor Johnson of California urging that the word "ineligible to citizenship" be not included in any land laws passed by the legislature. Probably as a result of this and through an agreement reached by leaders of the majority party, a drastic law directed solely against Japanese and Chinese will be substituted for the former Thompson-Birdsall measure, and probably will pass. If not, floor leaders declare, an end will have come to the anti-alien land legislation at this session.

## MAY REFERENDUM CO. ATTORNEY BILL

Claimed That a Joker Has Been Discovered In New Measure

In regard to the possibility of the referendum being invoked on the County Attorney bill passed at the last session of the legislature, the Portland Telegram gives the following:

The recent discovery of a joker in House Bill No. 448, which creates the office of County Attorney in each county of the state not heretofore having a resident Attorney, has brought about a threat to invoke the referendum on the bill. The law provides that the Governor shall appoint the incumbents for the new offices and that they shall hold office until the election in 1916. This places the Governor's men in office for practically a four-year term, in spite of the fact that the next general election will be in 1914. The statute also permits the Governor to fill vacancies in all other counties, his appointees to hold office, as in the other cases, until 1916. The statement is made that a petition will be prepared

## HURRY UP WITH YOUR AUTO TAGS

Prosecutions For Violations Will be Made After May 1

Owners of automobiles should get their license tags from the Secretary of the State at once. After May 1st prosecutions for violations of this law will be in order and if your car is not adorned with the silver colored tag do not be surprised if Sheriff Snider gets you. The penalty as prescribed by law for not buying these tags is a fine not to exceed \$50, which amount would purchase many licenses in the future.

Lake County will hereafter, by a law enacted by the last session of legislature, be directly benefitted by the automobile license fund as all money over the amount required to conduct that department will be returned to the county and turned into the road fund. With the number of automobiles in the county Lake will probably realize from \$200 to \$400 from that source this year.

## TAX COLLECTIONS REACH BIG FIGURE

Sheriff Snider Turns Over Nearly \$80,000 to County Treasurer

Sheriff and Tax Collector W. B. Snider this week turned over \$76,339.78, that has been collected for 1912 taxes up to March 31 this year, to County Treasurer F. O. Ahlstrom. The total tax roll for 1912 was \$97,722.35, which leaves a balance of only \$7,392.57 to be collected, and considerable of this amount is included in the last half of taxes that do not fall due until October 6, 1913. Never before in the history of the county have the tax collections been prosecuted as this year, which fact is attributed to the early mailing of tax notices last Fall and an efficient force to handle the collections and issue receipts in the local office.

## POSSIBILITIES OF A FRUIT CENTER

Horticulture Inspector Expresses Faith In The Goose Lake Valley

Fairport, Calif., (Special Correspondence to Examiner.)

County Horticultural Inspector O. C. McManus, who was formerly regarded as one of the foremost men in his line in the Wenatchee fruit section, was in Fairport this week and states that 40,000 trees have been inspected by him thus far this spring. It is his opinion that the number will reach 80,000 before shipments are discontinued. After looking over the section here Mr. McManus said:

"The Fairport and Lakeview sections will prove remarkably remunerative as fruit producing sections as soon as we can prevail upon the people to prune, spray and thin as they should. Then we must pack and prepare the product to meet the competition of other sections."

"It is my opinion that we are the country for the May and June apple supply, so far as the Pacific Coast is concerned. The apples grown in humid sections will not hold up as they will here."

Report has it that Washington firms are looking over the territory here with a view to the establishment of a big nursery to supply California territory with the more hardy stock grown in the higher altitudes.

and filed before July 1, when the time for filing such proceedings will expire.

The counties effected are: Lake, Harney, Grant, Wallowa, Morrow, Gilliam, Sherman, Crook, Hood River, Curry, Coos, Josephine, Lincoln, Tillamook, Yamhill, Marion, Polk, Clackamas, Clatsop, and Benton. Each of these at present is served by an official elected for the judicial circuit, but residing in some other county, of the circuit.
