Ackley Bros. still have most of their logs piled up in the timber. There was so little snow this Winter that it was impossible to bring them out on sleighs, so that it will be necessary to haul them out during the Summer. Large piles of logs ready for the mill can be seen all through the timber below Dorris.

Merrill. A natural tracercenter.

Odd Fellows Banquet

The 89th anniversary of the Odd Fellows was celebrated at the A. O. U. W. hall Saturday by the members of that order and Rebekahs. The attendance was large and everything had been arranged in detail for the enjoyment of the evening. The banquet was elaborate and was a credit to those who had it in charge and to the order. The evening was spent in dancing, in games and in conversation.

Off for the Timber

F. M. Rolfe and E. R. Post have gone to Baker City from where they will go into the timber in quest of claims. The lands they will cruise will be restored to entry the first of July, but will open for settlement thirty days prior to that time. A vast area of land now included in the Blue Mountain reserve is being restored to settlement, and it is in this belt they expect to find claims for themselves and their friends.

Burning Tules

The tules on the west side of the lake just below the Moore Bros. mill are on fire this evening. At first the fire caused some alarm as it was feared that the large mill was in flames. There is no harm done in burning the tules except that at this time of the year ducks and geese are nesting and it destroys the eggs and the young birds.

There are various places between this city and Dorris where a little work on the roads would help out a great deal. These places are both in Klamath and Siskiyou counties. Most of the travel in and out of this county is already going by way of Dorris and it would be a big help to the freighters and the transportation companies if the roads were kept in first class condition.

Mr. and Mrs. W. S. Worden left for San Francisco Sunday, going to Dorris in the automobile and taking the construction train at that place. Mrs. Worden was the first woman to board a train leaving Dorris. Mr. Worden will remain at San Francisco for a few days attending to business connected with the S. P. Co. Mrs. Worden will go on to Los Angeles to visit with A. H. Saltger and family for a month. Donald will leave here next week to remain in the city for the incoming of the fleet.

The heavy machinery for the Moore Bros. power plant will arrive in the city today. The heavy pieces are loaded on three logging wagons and each outfit is hauled by four horses. R. E. Hunsaker has the contract for bringing in the machinery to this city.

Merrill Valley the heart of Klamath.

The skating rink on the corner of Klamath Avenue and Sixth street is open every afternoon from 3 to 5 and every evening from 6 to 8 for children, from 8 to 10 for the general public and for dancing from 10 to 12. J. L. Johnson, Proprietor.

The Service

you obtain from your clothing is two-fold. There is style service and the service defined by the durability of the garments. The one is a matter of taste and the other a matter of quality.

The patrons of this store have learned that we safeguard them on both kinds of service, and in addition to this we endeavor to give them at all times the very best personal service possible. Your good will and patronage are our existence, and we shall endeavor to merit them—now and always.

The moment we have a dissatisfied customer we expect to close our store, unless it is a man who thinks so little of his money that will purchase something that does not please him and neglect to tell us about it. If you buy anything in this store and it disappoints you in any way, shape or manner, come and tell us about it; we are here to make it right.
