The United States mint at Phila- delphia in a few days will destroy the dies from which the present one-cent pieces are made, and will sink the new dies with the bronze medal design of the head of Abraham Lin- coln, as ordered by the Treasury Department several days ago. The fa- miliar Indian head on the penny was made many years ago from a profile of Marie Cunningham, a little Phila- delphia girl, whose father was an employe of the mint. MILLS ADDITION LOTS are Advancing in Value

When blocks in Mills Addition were offered at bargain prices a number of shrewd investors bought; since that time values have increased materially.

These Lots are Bargain Buys at present prices, and there is every reason to anticipate an advance in prices. Remember these lots are FIFTY feet in width and ONE HUNDRED AND TWENTY FEET deep—more than double the area of most town lots offered to investors.
