

CAN SOON TRAVEL BY AUTOMOBILE

A. P. Cross States He Will Have Four Big Passenger Cars Running Between Here and Lakeview Within a Month

A. P. Cross of the Western Stage Company left yesterday morning for San Francisco. Mr. Cross came in from Lakeview and on to Klamath Falls to inspect the condition of the roads. Mr. Cross informed a representative of the Herald that he had already ordered four large passenger automobiles for service between Klamath Falls and Lakeview. The cars will be put on just as soon as the roads improve enough to make it safe to run the machines, which he expects will be within a month.

Mr. Cross states that the roads between Lakeview and here are already in very good shape with the exception of one place near Bly. He came over the regular traveled road over which the stages are now running. It is probable that as soon as the cars are put in service they will follow the Reservation road if that is found to be in better shape for the travel.

There is so much delay and dissatisfaction with the narrow gauge road to Alturas that an effort will be made to have all of the passenger travel come by way of Klamath Falls. It is the intention to make the trip between here and Lakeview in one day with the automobile. This will be a great convenience to the Lakeview people, as they can then reach Portland or San Francisco at least a day sooner than by going to Reno.

Miss Applegate Will Take Rest

Miss Evelyn Applegate is recovering from her serious illness, but will be obliged to take a rest of a few days before resuming her teaching.

Being desirous that her pupils should continue under the Mansfield method, she has been in correspondence with Mr. Mansfield, who has recommended to her another of his pupils, Mr. Emmet Pendleton. Mr. Pendleton arrived from California this evening's boat and will confer with Miss Applegate in regard to taking up and continuing her school.

Miss Applegate's work in this city along musical lines is deserving of special mention and appreciation. Her ability as a pianist is unquestioned, and she is held in high esteem as a friend and pupil by her great teacher, Hugo Mansfield.

As a teacher she has labored earnestly, indefatigably and with the greatest enthusiasm for several years in Klamath Falls, with splendid results. She has demonstrated beyond any doubt that she is an exceptional teacher, and her work under the Mansfield method has been especially fruitful and pleasing in results. Her pupils show musical taste and knowledge of the very best music, and play with a degree of understanding and a technique and tone quality really remarkable.

It is a matter of regret to pupils, friends and the general public that Miss Applegate must suspend work for a time, but she has their best wishes for a speedy return to active service greatly benefited in health by her rest.

VAILE PROMOTED.

F. W. Vaile of Portland, who is well known in this section through his many visits, has been appointed as superintendent of the new thirteenth division of the railway mail service.

Mr. Vaile has been occupying the position of assistant superintendent of the eighth railway service district. His promotion gives him charge of the railway mail service in Alaska, and in the states of Oregon, Washington, Idaho and Montana.

AT THE OPERA HOUSE.

New Tonight—The Dordly Plant; The Acrobatic Maid, a screamer, your money back if you don't laugh at this picture; and the last chance to see the great earthquake in Sicily. New songs.

For Sale at a sacrifice and on easy terms, a splendid four-room house, desirable location, close in, one block off Main Street. This is the best bargain in Klamath Falls. Call at Herald office and get particulars.

Spring vetch and seed oats at Oliver's.

KLAMATH PATIENT INJURED.

Two Inmates Escape From Asylum, Third Breaks Leg.

SALEM, Or., April 19.—In an attempt to escape from the insane asylum about midnight, Wilson O. Hall, committed from Klamath county, fell about 40 feet from a third story window and sustained a bad fracture just above his ankle. Two others who made the attempt with Wilson successfully escaped. They were E. P. Hicks, a Marion county patient, and Archibald May, an Englishman.

The three men occupied adjoining rooms. One of them during their walks, which are frequent during pleasant weather for those less afflicted, as they were, had picked up a railroad spike. With this they pried open the bars of the window. They made ropes of their bedclothes.

Wilson, who weighs nearly 200 pounds, was the first to start down the rope. The blanket parted and he fell to the ground, landing on his feet. The other two then made another and more substantial rope and made their get-away successfully. The groans of Wilson attracted attention and he was carried in by the fracture reduced at once. No trace of the two that escaped has been found.

SCOTT MAY NOT ACCEPT.

OMAHA, April 17.—The World-Herald this morning prints the following:

"When I was in Washington six weeks ago, the President told me I could be Ambassador to Mexico if I wanted it. I am a newspaper man, not a journalist; mind you, a newspaper man, and I have never held a political office in my life."

That is what Harvey W. Scott, editor of the Portland Oregonian, told the World-Herald last night just after the Overland Limited pulled into the station.

"But it has not been formally offered to me yet," added Scott, "and how can I refuse to accept the place under the conditions? I don't know just what I would do if it were offered, but I am inclined to think I would refuse."

BALLINGER WILL COME

Secretary of Interior Writes Will G. Steel That He Will Visit Crater Lake This Year.

MEDFORD, April 19.—A letter from Will G. Steel regarding the prospective visit of Secretaries Ballinger and Wilson to Medford and Crater Lake reads as follows:

"I have just received letters from Secretaries Ballinger and Wilson and hope the people of Medford are right after them.

"Mr. Ballinger says: 'The itinerary of my contemplated western trip has not been considered yet, but I shall be glad to visit Crater Lake park with a view of obtaining a more intimate knowledge of existing conditions, if it is possible to do so.'"

"Mr. Wilson says: 'I cannot, at this time, say whether or not I shall be able to do so. I would enjoy it, but I may be prevented by force of circumstances which I cannot now foresee.'"

"I think we will certainly get Mr. Ballinger, but I fear Mr. Wilson does not comprehend how vitally the agricultural department, through its forestry bureau, will be affected by the comprehensive road plans now being projected. If no invitation has been sent to Mr. Wilson, I think it ought to be attended to at once, and in the invitation special attention should be paid to the far-reaching effect for the road's agitation."

For Sale or Trade—160 acres of good land, about one-half good timber, only six miles from Klamath Falls. The most of this land is level and sub-irrigated; splendid soil. Will sell very cheap, or take part payment in desirable residence lots, or give time on part of the purchase price. This is a real bargain for quick sale. E. T. Shortz, box 293, Klamath Falls, Oregon.

THE AUDITORIUM.

The Alaska-Yukon-Pacific Exposition at Seattle, occupying 250 acres of the campus of the University of Washington, will result in benefits for Washington's seat of learning that the University could not have hoped to secure in many years, had not the great fair of 1909 been planned. So the exposition that will exploit Alaska, Hawaii and the Philippines and emphasize the importance of the growing trade with the Orient will leave, after its gates have closed, a large number of permanent structures to constantly remind the people of the Northwest of the Alaska-Yukon-Pacific Exposition and the place it will occupy in the history of the Pacific as the medium through which one-half of the world was brought in such close touch with the other and a tremendous impetus to commercial intercourse given.

Seven buildings on the exposition grounds will be left for use of the University and the auditorium, one of the finest of this group, cost the state of Washington more than \$300,000. While the exposition is in progress this building will be used for conventions, congresses and conferences, and its hundreds of seats were in place and the building turned over to the exposition management three months before the opening date of the fair.

SOUTHERN PACIFIC WILL CO-OPERATE

Low Rate Excursions Will Be Run From San Francisco and Portland For the Railroad Day Celebration

T. A. K. Fassett, Southern Pacific agent, returned last evening from San Francisco. While in the city, Mr. Fassett took up the matter with the passenger department of an excursion to Klamath Falls during the railroad celebration. The officers were very much interested in the matter and offered to do everything in their power to co-operate with the people here to make their celebration a success.

They recommend that it would be best to run two special excursion trains, one from San Francisco and one from Portland. These could cover all the intermediate points along the line. They could both be arranged so as to arrive here the same day, and they believed that it could be arranged to hold the Pullmans here so that the visitors would be given the greater part of two days to see the country.

In regard to rates, Mr. Fassett states that he was informed that it probably would be made \$15 for round trip from San Francisco and \$17.50 from Portland. This was figured on an estimated mileage, as the office will not be supplied with the definite distance until the service has been inaugurated. No one knows officially yet just when the road will be completed and when the trains will be running.

WANT ALL THE FRUIT BUSINESS

The following letter was received from the Ashland Fruit and Produce Association, and from the tone of the letter, this company must have the impression that our City Council is easy, as the request is made for what would be a franchise which would give them a monopoly on the fruit business in the city, and all for \$50. The letter is addressed to the Recorder and is as follows:

"Ashland, Or., March 30, 1909.

"Dear Sir:—We understand your city will charge a license fee of \$50 per season for the privilege to sell berries, fruits and vegetables from wagons.

"We expect to load a number of wagons from our house for Klamath Falls.

Falls all through the season, and do not object to paying you this license of \$50 for the sale of our fruits and vegetables in your city, providing you will protect us against others who do not handle our goods.

"We would have our packages so marked with a rubber stamp (sending you an impression of the same) which would show you who were our haulers.

"We do not mean to say we would pay \$50 for each man who loads at our house, but a gross amount of \$50 for the privilege of having our fruits sold in your city.

"We would be pleased to hear from you in regard to this matter, and if satisfactory, we will arrange accordingly."

SUBURBAN NEWS.

Mr. and Mrs. James Dixon visited Mr. and Mrs. Everett Kirkendall last Sunday.

Walter Turner and Miss Ethel Miller and George Trammel and Miss Etta Turner spent Easter in the hills cooking eggs.

The Turner ball team will play the Klamath Falls team in the near future. The boys are wild over baseball again.

Frank Irish visited Jim Dixon on Easter.

Dave Wade spent Easter at the Falls.

Mrs. Kline and Miss Addie Linn visited Mr. and Mrs. E. W. Linn last Sunday.

Oak Boggs is working for Mr. Brooks.

Mrs. Simpson is cooking for E. school by cleaning house and planting rose bushes and snow balls. When we finished work we celebrated with an egg hunt.

Harry Pointer is hauling grain from the Ankeny ranch.

James Dixon visited Mrs. Lum Short Thursday.

Mrs. Kline visited Mrs. H. L. Boggs Thursday.

There is soon to be a cheese factory established on the Carroll ranch.

Those who attended the Institute Saturday at Lone Pine schoolhouse from this district were: Mrs. Lloyd, Mr. Brooks, Miss Brooks and Miss Garrison.

The Miles children have been indisposed with "pink eye."

Scott Barnes is hauling hay from the Ankeny ranch.

Frank McCornack has taken his cattle to his own ranch. Mr. Brooks has had a new phone installed in his house.

CALF CASE WILL BE TRIED WEDNESDAY

Forty Six Witnesses Have Already Been Summoned—Will Mean Enormous Expense to Klamath County

Darroch, Louie Silas, Dr. Lloyd, Morgan Smith, Eddin Den-Is, Mr. and Mrs. Brooks, Mrs. Dixon, Dr. and Mrs. H. Lowe, Mr. and Mrs. Koontz, O. Short, Tom Martin, Tom Thompson, Mr. and Mrs. Homer Roberts, Jim McAllister.

NEWS FROM DAIRY.

Mrs. Vierra's baby has been sick with the grippe.

Hunter Crane has returned to Yonka Valley from California, where he has been working. He is now at Henry Stochler's place in Yonka.

Nothing increases our respect for a man more than his promptness in paying bills that he owes us.

DESCHUTES IRRIGATION PROJECT ABANDONED

WASHINGTON, April 17.—The Reclamation Service announces the abandonment of the Deschutes Irrigation project and that the lands will be restored to entry under the homestead and desert land acts. The action is based on reports from the engineers of the Reclamation Service.

WOULD TAX BILL BOARDS.

WASHINGTON, April 19.—Displays will be the subject of a Federal tax if the bill recently introduced by Senator Heyburn becomes a law. It is provided that the tax of two cents per superficial square foot shall be levied upon every posted display advertisement of any article advertised to enter into interstate commerce.

The determination of the tax is to be based on the total number of square feet contained in the surface of the thing on which the advertisement appears.

H. A. Van Ansdell came in yesterday from Lakeview and left this morning for Eugene. Mr. Van Ansdell was in the undertaking business in Lakeview, but as the town has another undertaker, he decided that it was too healthy a place for two.

Gus C. Moser, the Grand Chancellor of the Oregon Domain of Knights of Pythias, arrived in the city on the boat this evening and will pay the local lodge an official visit this evening. Elaborate preparations have been made for the occasion, and a large delegation from Dorris will be in attendance at the meeting tonight.

The famous calf case of the state vs. J. J. Arant will come up for trial on Wednesday before Judge Noland. This case was tried last year before Judge Donson and resulted in a hung jury. Judge Noland was one of the attorneys for the prosecution at the time. The case has been postponed during the present term with the expectation of securing another Judge, but this has been found impossible, and as the parties are anxious to have the case disposed of this term, the attorneys for the defense have agreed to try the case before Judge Noland.

There have been already 46 witnesses summoned to testify in the case. The defense will have 31 and the prosecution 15, and many will have to come from other parts of the state and from California. Attorneys Irwin and Smith will prosecute the case, while C. C. Brower and Judge Drake will appear for the defense.

WAREHOUSE AT MEDEORD

Swift & Company Will Establish Distributing Point For Meat For Southern Oregon Points.

MEDFORD, April 19.—Within three weeks work will start upon the construction of a warehouse between the Page and Studebaker buildings near the depot, which will be occupied by the Union Meat Company, of Swift & Company. Medford is to be made the distributing point for southern Oregon.

A warehouse is first to be constructed. Later to this will be added a large cold storage plant. The company has leased from the railroad company a block of land 100 by 120 feet in size.

Mr. Johnson, a representative of the company, has arrived in Medford and completed all the preliminary actual work upon the warehouse will soon be undertaken.

Swift & Company have recently made great improvements in the plant near Portland on the peninsula. They are now beginning to reach out for business, and chose Medford as the logical distributing point for southern Oregon field. It is but another indication of Medford's right to first place commercially among the southern Oregon cities.

When your sewing machine "gives up," Muller can fix it. Phone 354, 35.

Clothes to Exact Measurements.

YOU cannot possibly secure clothes that are just right unless you have them made to your exact measurements. No two individuals are built exactly the same. It takes good tailors to make good clothes, that being the principle on which the great organization of

Strauss Brothers'
National Tailoring Service

is based. Recruiting the best designing and tailoring talent from every part of the United States and giving them the most modern working facilities enables Strauss Brothers through our agency to bring right home to you the opportunity of securing the highest standard clothes made to your order at prices easily within your reach.

You'll be quickly convinced of this by calling at our store to see the semi-life size fashion plates and the great assortment of five hundred high grade Spring and Summer fabrics.
