We could make clothes

What's the point?

expressly for you here at home, but a local tailor shop today is impractical and unprofitable.

It has no labor market from which to secure desirable cutters and tailors--

It cannot afford to install a modern plant designed to reduce cost of production--

It doesn't do sufficient business to enable it to buy woolsens direct from the mills--

It cannot keep abreast of metropolitan styles and workmanship.

Therefore, we send our orders for fine made-to-measure clothes to Ed. V. Price & Co., of Chicago.

We can take your measure the same way we would if running shops here, and furnish you your clothes, made as you want them, at 50% less than we could make them locally. Won't you call today?
