

FOR SEEING AT A DISTANCE
As well as for reading and other purposes, there is nothing so convenient as a pair of our double lens glasses. They are practically two pairs in one. If you have been using two pairs of glasses for distance and close seeing, and getting them mixed, as many do, get a pair of our double lenses and save both your time and your temper.

For your boy at this bank. It will take only \$1.00 to do it, and it may be the making of him. When he sees how much deposited in the bank makes more money in the shape of interest he will be very apt to save where he now spends—often foolishly. You can do no better service for your boy than to teach him the habit of saving.

A LITTLE "CAMPAIGN" OF Want Advertising in the Herald WILL SELL YOUR USEFUL "SECOND-HAND" THINGS TO PEOPLE WHO NEED THEM

There's a notion, pertaining to most articles of use, that as soon as they become "second-hand" they, in some mysterious way, lose at least one-half of their market value. And one hour's use makes most things, such as vehicles, machinery, articles of clothing, etc.—"second hand."
A campaign of classified advertising will sell your little-used or your much-used things to people who NEED THEM—and who will pay a FAIR price.
