**A LITTLE BIT LATE**

WE HAVE been waiting patiently to see what scheme Mayor Sanderson would concoct this year in an attempt to fool the people into again electing him to the office of mayor. We knew he would show his hand sooner or later, and we have not miscalculated. However, it is evident that he realizes that each year it is getting more difficult to fool enough of the people, and that one more election is all that he can possibly hope for, so he has provided in his new charter for the election of the mayor for a term of two years. Undoubtedly if he can be elected in May for two years more it will be all that will be necessary for his purpose.

Last year he was elected on the promise that if the people voted in favor of municipal ownership of a water system he would carry out their wishes. The people voted for municipal ownership, and a year has almost passed and another election is before us. Now Mr. Sanderson has a report filed that a piping system can be laid from one of the springs to the north at a cost of \$125,000, and we presume in his gumshoe campaign this spring that he will tell the voters that he has all the plans arranged for the building of a municipal plant for the city. This will be his excuse for asking the people to pass a new charter raising the limit of bonded and other indebtedness to \$500,000. The people of this city have had several years of Mayor Sanderson, and they are going to be influenced by the acts of the mayor, and not by any promises made just before election.

The council has at a number of different times attempted to secure a reduction of rates for lighting the city but their purpose has every time been thwarted by the mayor. Now the promise is held out to the people that this matter is to be adjusted and that the city and the Light and Water company are just about to get together on a more equitable rate. It is odd how all these matters for the good of the city give promise of such favorable settlement just before an election, and then are forgotten until another election approaches. The fact remains that absolutely nothing has been done to straighten out the financial condition of the city during the entire past year or any of the years since Mayor Sanderson has been in office. The people can expect no relief from the impending bankruptcy of the city from Mayor Sanderson, and all the new charters he can devise will but add another and stronger chain to their bondage.

**WOMEN ARRANGE FOR THE DRAKE LECTURES**

LIBRARY CLUB MEMBERS COME TOGETHER—ORGANIZATION'S EQUIPMENT GETS SOME MATERIAL ADDITIONS

There was a special meeting of the Woman's Library Club yesterday to arrange for the lectures of Mrs. Dr. Ida Drake, who will be heard here commencing Sunday next.

On Monday afternoon Mrs. Drake will lecture solely to the mothers, and a good attendance is expected.

The club varied its usual business meeting last Friday by giving a tea for the purpose of enjoying the club room which has recently been fitted up with new furniture and some very attractive dishes. It is hoped that these new improvements will add materially in securing the patronage of those who may be desirous of holding functions of different nature there.

The club is rejoicing in an unexpected streak of good luck from the fact that in addition to the new chairs, tables and dishes it received a donation from the Stephens-Hunter company. The club wishes to convey a vote of thanks to the donors. The members express themselves as being very grateful for the support which has been tendered the club by different persons, and will appreciate anything in the way of help.

The steamer Mazama, which for the past year has been plying the waters of Upper Klamath Lake, is being overhauled and a new hull constructed on it.

**STREET GRADES WILL BE SETTLED**

**EMERGENCY ORDINANCE PUSHED THROUGH BY CITY DADS FOR FIXING LEVELS ON SIXTH, OAK AND KLAMATH**

Local people who have been experiencing a lack of health and safety and felt a mysterious relief at 10:15 minutes past 5 o'clock last night, may have the remedy explained now. The alleviation of their ills was due to the action of the city council, for at the minute above indicated the municipal engineers adopted an ordinance establishing the grades of certain streets, under the emergency clause. The emergency clause reads in substance: "Whereas the health and safety of the people of this city is being retarded until the passage of this act." So, in order to build up the constitutions and run down systems of the people, likewise rescue them from a condition of danger, Menace, Hazard & Co., the emergency clause which shoots the proposition through their reading and makes it binding, was favorably acted on.

The ordinance is for establishing the grade of Sixth street from the west line of Commercial street to the south limit of the city; Oak avenue from the west line of Commercial street to the west line of Spring street; Klamath avenue from the west line of Twelfth street to the west line of Spring street. The measure is preparatory to the improvement of Sixth street out to the city limits and of the other streets to the Southern Pacific tracks.

There is considerable pressure being brought to bear by the people of Mills addition to get more and better highways to the city, and the improvement follows the line leading to the accomplishment of their desire.

Claude Davis and family arrived last night from Grants Pass where Mr. Davis has been connected with the Southern Oregon Supply company. They expect to be guests of Sheriff William B. Barnes for the present.
