

Sixth Year—No. 1,771

KLAMATH FALLS, OREGON, FRIDAY, MAY 31, 1912

Price, Five Cents

## THE INITIAL DAY IS BIG SUCCESS

APPROXIMATELY 2,000 PEOPLE ATTEND RODEO

Every Convenience and Accommodation is Provided for the Visitors—Entertainment Opens With Galloping Parade and Quadrille, Which Will Be Shown in Moving Pictures All Over the Country.

It was shortly after the noon hour when the first spectators began to arrive at the fair grounds to witness the events of the initial day of the Elks' First Annual Rodeo. When the first number on the program, a galloping parade and mounted quadrille, was announced, the large grandstand, with a seating capacity of 1,800 was almost full, and several hundred people aside from this were on the ground. The large crowd included visitors from practically every city on the coast. The territory surrounding Klamath Falls, both in Oregon and California, is exceptionally well represented. The arrangement of the grounds is all that could be asked. The people attending the Rodeo are shown every consideration to make them comfortable, and to make the celebration one to be enjoyed by everybody.

The program of real Western sports started with the galloping parade and the band rendering appropriate music. Fifty men and women dressed in cowboy costume made a frontier picture that will be shown in every country, as Ralph Earle of Pathe's Weekly, was on the ground and took a motion picture of the parade and quadrille. The first exciting number was a relay race. This was, however, preceded by some fancy rope twisting by some of the riders of national fame, who are here to participate in the riding contests. Three strings of horses were entered in the relay. John Ellis supplied a string from Wood River Valley, representing Fort Klamath; J. Frank Adams represented Merrill with a string from the Adams ranch, and Hunsaker and Stout entered for Klamath Falls. Copeland, riding for Fort Klamath, was an easy winner in 6:52, while Klamath Falls took second place in 7:40. All of the riders experienced considerable difficulty in getting their horses saddled.

The events of the first day were well under way when the Herald received its last report from the grounds. The program as announced was being carried out in a way that gives assurance that the Rodeo will be all that was predicted. It is estimated that the attendance today approximated 2,000.

### RODEO NOTES

J. Frank Adams still holds his own among the boys and is always found where the sport is the strongest.

C. J. Ferguson is the busiest man on the track—herding the crowd out of the way of the performers.

The Elks sure know how to do things. The only thing missing is a telephone connection with the city, when this was mentioned to Hunter Savidge he immediately promised to have one on the job next year. That's a long time off, but it will help some.

Gus Schroder, the Roosevelt of the Silver Lake antlered his horns with a bunch of...

...moved his jewelry store to the Evans building. The Little Book Store will occupy the room with him, and is moving today.

## TRAIN TO CHILOQUIN AND RETURN SUNDAY

For the accommodation of visitors to the Rodeo from the northern part of the county, the Southern Pacific will run a train to Chiloquin on Sunday. The train will leave at 8 o'clock in the morning, and will return the same afternoon. Another train will be run to Chiloquin in the evening after the entertainment of the day is over.

## MISS FORREST WINS IN UPPGOLD MEDAL CONTEST

The Upp gold medal was last night awarded to Miss Helen Forrest, who gave the declamation "How the La Rue Stakes Were Lost." Second place in the contest was given Miss Henrietta Lyons. The judges were Mrs. Don J. Zumwalt, H. L. Benson and W. H. Mason. The medal was presented to Miss Forrest by Mr. P. M. Upp, who stated that the object he had in view in offering it was to encourage high school students in public speaking. All of the contestants were girls, and every number was well rendered.

Several of the teachers visited Bird Island yesterday in one of the Telford launches. Among those in the party were the Misses Anna Tuttle, Ellen Conroy, Addie Cornwall and Restora French.

## WOMAN'S GLOVED HAND IS MYSTERY

IS FOUND UNDER WRECKED BIPLANE WHICH CRASHED INTO CROWD AT SEATTLE—TWO WERE KILLED

United Press Service SEATTLE, May 31.—The police are searching for the owner of a woman's hand, gloved and binged, which was found under Aviator Clifford Turpin's wrecked Wright biplane, which scattered the crowd at the Meadows meet yesterday.

The dead man has been identified as George Quimby, an engineer of Seattle. His face was sliced off by the propeller. Raymond Chauman, aged 15, is dying, with his skull fractured. Turpin's face was crushed.

No trace has been found of the photographer, to avoid whom Turpin crashed into the crowd.

Cut flowers, 14 Main St. Phone 285

## GRADUATES WILL GET DIPLOMAS

ANNUAL COMMENCEMENT EXERCISES WILL BE HELD THIS EVENING AT THE HIGH SCHOOL AUDITORIUM

The annual commencement of the graduates of the Klamath County High School will be held this evening at 8:30 in the high school auditorium, which has been appropriately decorated for the occasion. There are twelve graduates this year who will receive their diplomas tonight as follows: Miss Octavia Arnett, Ord Arnold, Miss Pearl Bolvin, Fred B. Dunbar, Roy Fouch, Miss Vera Houston, Miss Majorie McClure, Miss Elsie Orem, Miss Florence Short, Miss Lillian Van Riper, Miss ... Van Riper and William ... Professor Herbert ... English History department, University of Oregon.

...will be covered by Miss Marjorie McClure, president of the class, and Miss Florence Short will deliver the valedictory. Following is the program: March ... Selected Trio—(a) Meditation—Bach-Gundod (b) Minuette from E-Flat Symphony ... Mozart Miss Elsie Applegate, violin Mr. Ivan Daniels, 'cello. Miss Evelyn Applegate, piano. Salutatory ... Marjorie McClure Vocal solo—(a) Flower, Rain ... Schneider (b) To a Messenger ... LaForge Mrs. Don J. Zumwalt Address ... Prof. Herbert C. Howe Piano solo ... Fantasia by Mozart Mr. Geo. Wirts Valedictory ... Florence Short Presentation of Diplomas—Judge W. S. Worden. Benediction.

...gathering in ... annual ... Oregon ... with the ... Pelley's new ... street. Mr. George Walton, the local manager of the power company, while recently in San Francisco upon his return from Los Angeles, obtained the promise of the General Electric company to assist him in making an instructive and thorough demonstration of the possibilities of electricity for relieving the housewife of unnecessary toil, besides making the home more cheerful. Approximately \$200 worth of heating and cooking devices arrived yesterday by express from San Francisco, and the electrical fraternity have joined hands with Mr. Walton to make Klamath Falls' first electric show an interesting one. The appearance everywhere of the little red and gold "GE" stickers was a clever announcement.

## ROOKERY SCENE IS WONDERFUL

PICTURE MAN GETS GOOD PICTURES OF BIRDS

Pathe Bros. Camera Man Surprised That He Should Be First Man to Get Feature Picture of Birds Nesting at Rookery—Describes It as the Most Interesting Sight He Has Ever Seen

"It is one of the most wonderful things I have ever seen. I am surprised that I am the first man to come here to take a feature picture of the droves of large birds nesting on Bird Island," said Ralph Earle, special camera man for Pathe Bros., after he had visited the rookeries in the Lower Klamath Lake. He came here to take pictures for the Pathe Weekly at the Rodeo, and yesterday was taken to Bird Island by John V. Houston, the local theater magnate. He took over 400 feet of pictures of pelicans, cormorants and herrons.

The young birds are not yet hatched, but large colonies of the old birds were taken surrounding the innumerable nests built on the tule islands. These pictures will be shown in Klamath Falls along with the pictures to be taken of the Rodeo at an entertainment to be given at a future date by the Elks' lodge of this city.

In speaking further of his trip, Mr. Earle said:

"I have traveled over much of the world, but never have I seen a more interesting sight than Bird Island. It is simply wonderful to see so many large birds all in one colony. Two old pelicans posed for me while I took pictures of them less than fifteen feet away. They were so tame that we had to scare them up in order to get pictures of them on the wing. I am going to come back here later in the season when the young birds are about half grown. I am sure the pictures will be considered among the best ever exhibited.

"It was my intention to go to Crater Lake Park to take a motion picture of the lake and Anna Creek canyon. On account of the snow the trip cannot now be made, and upon investigation I have also found that one must have a special permit from the secretary of the interior to take motion pictures in the park. It is my intention to come back here later in the year to make this trip."

Mr. Earle was accompanied on his trip to Bird Island by C. S. Duden of Portland, who assisted him in taking the pictures, by J. V. Houston and Harry Telford. Duden succeeded in getting a snap shot of Earle and his motion picture camera when he was submerged in the swamp to his waist. The pictures being taken by Mr. Earle will prove one of the most far-reaching advertisements ever given the Klamath country.

C. A. Lenz is in the city from his ranch in the north end of the county. He says stock of all kinds is doing well in that section, and that feed is exceptionally good.

## FIRST ELECTRICAL SHOW FOR KLAMATH FALLS

United Press Service WASHINGTON, D. C., May 31.—Secretary Knox has instructed Consul Letcher of Chihuahua to notify General Orozco that if he withdraws protection to Americans he will personally see the police to America. This program is regarded as meaning Orozco will be considered a rebel from American justice if the rebels harm any Americans. It is feared the Americans in Northern Mexico are endangered if Orozco relaxes his discipline. The cabinet today discussed the situation.

Lee Denton, who conducts a big general merchandise store at Fort Klamath, is in the city to attend to business matters and take in the Rodeo.

W. O. Huson returned last night from San Francisco, where he had been on business connected with the Long Lake mill.

Temple theater, Matinee daily, 2:30 p. m. Evening, first performance, 7:15, continuous.

## BUSINESS HOUSES ARE DECORATED FOR RODEO

Almost every business house in the city is appropriately decorated in honor of the Elks' first annual Rodeo. Everywhere the purple and the white is in evidence. In many instances the special display windows are quite elaborate, and give the city a decidedly metropolitan appearance. The business men of the city have entered into the spirit, and are giving the Elks every possible assistance in making the first annual rodeo a grand success.

Senator Abner Weed is in the city to take in the Elks' Rodeo and incidentally to attend to a few business matters.

## FURNISHED THE MONEY FOR BRIBE

FRANKLIN SWEARS ON STAND THAT DARROW GAVE HIM FOUR THOUSAND DOLLARS TO BRIBE LOCKWOOD

United Press Service LOS ANGELES, May 31.—While Job Harriman and Clarence Darrow sat beside each other in the court room, Detective Franklin swore that Darrow gave him \$4,000 to bribe Lockwood.

He said that Harriman came to Darrow's office, and they went into an adjoining room. Darrow came out and gave Franklin the money—one \$1,000 and six \$500 bills.

Attorney Earl Rogers made a sensation by declaring that Franklin had learned the story prepared for him by the prosecution, and that his testimony was merely a recitation.

"The testimony of the witness," said Rogers, "sounds like a recitation on Friday afternoon in the 'Old Red School House.' It is plain to every one that he is reciting a story. He used words unnatural to him, and it sounds just like he learned something the district attorney had written out for him. Every man and woman in the court room knows the witness was reciting."

District Attorney Fredericks, flushed with anger, arose and objected. Rogers said: "I don't accuse Captain Fredericks. He was out the state when it was done."

Darrow and Harriman sat unmoved. The court then adjourned.

## ULTIMATION TO OROZCO BY KNOX

SECRETARY INSTRUCTS CONSUL TO NOTIFY REBEL LEADER THAT HE WILL PAY PRICE IF AMERICANS ARE HARMED

United Press Service WASHINGTON, D. C., May 31.—Secretary Knox has instructed Consul Letcher of Chihuahua to notify General Orozco that if he withdraws protection to Americans he will personally see the police to America. This program is regarded as meaning Orozco will be considered a rebel from American justice if the rebels harm any Americans. It is feared the Americans in Northern Mexico are endangered if Orozco relaxes his discipline. The cabinet today discussed the situation.

Lee Denton, who conducts a big general merchandise store at Fort Klamath, is in the city to attend to business matters and take in the Rodeo.

W. O. Huson returned last night from San Francisco, where he had been on business connected with the Long Lake mill.

Temple theater, Matinee daily, 2:30 p. m. Evening, first performance, 7:15, continuous.

## WORK ON WELL IS PROGRESSING

CONFIDENT OF SECURING SUPPLY OF GOOD WATER

Drilling Stopped for Few Days, Owing to Accident, But Has Resumed—Well is Now Down to a Depth of Sixty Feet, and Bottom of Spring is Not in Sight—Analysis Shows Pure Water

Owing to an accident work has been shut down for a few days on the well boring outfit of the California-Oregon Power company. A small boulder dropped into the well, and necessitated putting in casing sooner than was expected. To put in the casing and still retain the same size well it was necessary to send for a larger drill. This has now arrived, and it is expected that by Monday the work will be resumed.

Geo. J. Walton, local manager of the company, says that the well is now down about sixty feet, and that the bottom of the spring is not in sight. The water comes up from the bottom of the well. The company has had samples taken from the water coming from the well, and the analysis showed it pure and fit for drinking purposes. Mr. Walton believes that by going down about 300 feet a good and sufficient supply of pure water will be procured. The casing of the well will shut out all surface water which has heretofore been responsible for the existing impurities.

The water company is determined to give the city an ample supply of pure water. The machine is prepared to go down 2,500 feet, and if it is found necessary, Mr. Walton states that they will go to this depth in an attempt to get artesian water. The drilling progressed nicely until the accident occurred, and compelled the closing down of work for a few days.

### False Fire Alarm

An alarm of fire was sounded about 5 o'clock this morning. The report had it that the West End Grocery was on fire. Fire Chief Wakefield and the department were prompt to respond to the call, but nowhere could the fire be found. Quillitch & Abbott, proprietors of the West End Grocery, say that they did not send in an alarm.

O. P. King was in the city today from his ranch near Stukel bridge. Mr. King located in this valley last year. He is well pleased with the crop prospects. He says Klamath is proving even better than he expected.

W. W. Lewis and family are in the city from their valley home to take in the Elks' Rodeo.

Temple theater, Matinee daily, 2:30 p. m. Evening, first performance, 7:15, continuous.

J. W. McCoy returned yesterday from a few days' visit to Wood River Valley.

## WILL SOON OPEN A NEW MOVING PICTURE HOUSE

Offenbacher & Clem are proprietors of a new moving picture theater which will be opened to the public by the middle of June in the new Offenbacher building on Main street, near Sixth. The front is now being put in the room, and the theater will be opened just as soon as the necessary equipment can be installed. The place will be known as the Majestic. Mr. Clem is recently from the East, where he was for a number of years connected with motion picture houses.

J. L. Beckley and family are in the city from Fort Klamath to take in the Rodeo. Mr. Beckley formerly operated a general merchandise store at the Fort, but is now the owner of a fine stock ranch.

Mr. and Mrs. Tom Garrett arrived in town last night from their home in Langell Valley. They will remain several days, helping to make the Rodeo a success and transacting other business.

## LOCAL THEATRE TO SHOW SPECIAL FEATURE PICTURES

The Sparks theater has secured for tomorrow a special feature film showing Wild West scenes on the Diamond "S" ranch. The film is right in line with the Rodeo, and what will make it of special interest is that two of the artists who took part in the performance when the picture was made on the ground will participate in the local events. The picture will be shown at the Sparks both in the afternoon and evening. The management of the theater was put to considerable expense to get this film, and the price of admission has been increased from 10 to 15 cents.

Captain J. P. Lee has returned from a trip through the upper country. He says the farmers are all feeling jubilant over the splendid prospects for big hay and grain crops.

## PROPERTY IN CUBA MENACED

DESTRUCTION OF PROPERTY OF IRON COMPANY BY REBELS IS EXPECTED TO CAUSE ACTION FOR INTERVENTION

United Press Service WASHINGTON, D. C., May 31.—The rebels have destroyed the property of the Spanish American Iron company at Daiquiri. Conditions are considered serious, and it is expected this action will cause renewed preparations for intervention. The government is expected to send marines everywhere in Cuba. American property is menaced, and possibly a battleship fleet, with 3,000 marines aboard, will go to Guantanamo.

The Library Club will serve ice cream tomorrow afternoon and evening at the club rooms. The proceeds will be applied to the fund for buying new books. Everybody is invited.

## DR. HARRY LANE HERE ON VISIT

THE EX-MAYOR OF PORTLAND IS AMAZED AT THE GREAT SHOWING MADE BY KLAMATH FALLS IN PAST FIVE YEARS

Dr. Harry Lane arrived in the city from Portland last night to take in the Elks' Rodeo, and also to round up all of the votes in this section of the state. He says that he realizes that he must have republican votes as well as democratic to become United States senator, and in making his round-up he is not going to discriminate in any sense whatever.

In speaking of Klamath Falls Dr. Lane said:

"Your people on the ground do not fully realize the splendid showing your city has made in recent years. I was here with my family five years ago on a camping trip. I tried this morning to locate the place where we pitched camp, but found the city had grown away from me. You have one of the most wide-awake places in the state. The people here seem alive, and I predict that in five years more your city will stretch from hill to hill and from lake to lake. I saw Portland when it had only 3,500 people. If anyone had predicted at that time that it would make a city he would have been committed to the state insane asylum. Klamath Falls has an abundance of resources, and must make a city."

Dr. Lane will be here for several days. He is receiving a cordial reception at the hands of the people of this portion of the state.

J. J. Furber has succeeded L. Alva Lewis as federal game warden for the Lower Lake and Clear Lake preserves. He has been a state deputy warden for the past year. He will hereafter be employed by both the government and the state. This will give him authority to make arrests both in Oregon and California.

## WILL HAVE CLASS OF ABOUT FIFTY

CLOSED SEASON FOR GLOOM BERGINS TONIGHT

Special Delegation of Moo Hoos From San Francisco Arrives This Afternoon and Concatenation Will Be Held Tonight—It Will Be One of the Largest Classes Initiated on the Coast

Herbert J. Savidge, who is on the committee to receive applications for membership in the Moo Hoos, reports that he believes that the concatenation to be held tonight in Klamath Falls will be the largest in point of new members of any held recently on the Pacific Coast. Seattle had a class of forty at the concatenation held in that city, and Mr. Savidge states that this number is already assured, and he feels confident that the number will be close to fifty.

Fred S. Palmer, Vicegerent Snark of the Central District of California, will arrive with the delegation from San Francisco this afternoon. A stop will be made at the Rodeo grounds before coming to the city. The concatenation will be held tonight in the Odd Fellows' temple.

To the Order of Moo Hoos, the Black Cat of America's secret society too, is to be credited the furnishing up for every day use the verb "to concatenate." When you see a man with a badge showing a little black cat upon a ground of white enamel, he is a member of the Concatenated Order of Moo Hoos. Also he is a lumberman or connected with the lumber industry in some direct way.

If you see two Moo Hoos together it is a sign that the closed season of gloom has begun. If you chance to encounter a hundred or more of them in the front rows of a theater during one of their national concatenations, it will be wise to have a pair of earmuffs or a Maxim silencer in your pocket, for every individual Moo Hoos will be armed with his favorite weapon of applause, two pine shingles of ample detonating surface and whittled to fit the hands.

The genesis of the Concatenated Order of Moo Hoos is due to a concatenation of events. It was necessary first that the Arkansas Yellow Pine Association should select Little Rock for its annual meeting some twenty years ago. It was further necessary that the train bearing the delegates away after the meeting should run off the track. It was of prime necessity that among those delegates should be Bolling Arthur Johnson, and the final link in the concatenation was that the whole crowd should be dumped out at Gurden, Ark., where, as all the world knows, there is positively nothing to do but to watch the trains go by.

As the wreck had interfered with this municipal pastime of Gurden, and as one of the links in the catena was Bolling Arthur Johnson, who never stood around for a whole day in the town of Gurden, or any other town, for that matter, without doing something, the organization of the Concatenated Order of Moo Hoos followed. The names of the officers were taken from Carroll's "The Hunting of the Snark." Bolling Arthur Johnson therefore became the First Snark of the Universe. Inasmuch as the black cat, like all other cats, is reputed to have nine lives, it followed in logical concatenation that the order must have nine superior officers. These are:

Snark of the Universe. Senior Moo Hoos. Junior Moo Hoos. Bojum.

(Continued on Page 4)

## PULLMAN COACH FOR KLAMATH FALLS LINE

General Passenger Agent Chas. E. Foe is authority for the statement that within a few weeks the Southern Pacific will add a standard sleeper to the Klamath Falls afternoon train. According to advices received the service will be established either on June 24 or 25th.
