## WHAT'S THE REASON?

Many Klamath Falls People in Poor Health Without Knowing the Cause

There are scores of people who drag out a miserable existence without realizing the cause of their suffering. Day after day they are racked with backache and headache; suffer from nervousness, dizziness, weakness, languor and depression. Likely the kidneys have fallen behind in their work of filtering the blood, and that is the root of the trouble. Look to your kidneys, assist them in their work—give them the help they need. You can use no better remedy than Doan's Kidney Pills.

Below is grateful testimony from a sufferer in this locality.  
Mrs. M. L. Merrill, 219 South street, Redding, Calif., says: "For some time I had severe pains in the small of my back and hips, and was so lame that I could hardly get out of bed without assistance. My kidneys were weak, and I was caused much annoyance by irregular passages of the kidney secretions. I finally began using Doan's Kidney Pills, and I was soon free from kidney trouble. Doan's Kidney Pills have my highest endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

"I have been somewhat costive, but Doan's Regulets gave just the results desired. They act mildly and regulate the bowels perfectly."—George B. Krause, 306 Walnut av., Altoona, Pa.

## MAY HELP BUILD PUBLIC HIGHWAY

POSTOFFICE APPROPRIATION BILL CARRIES PROVISION TO SPEND LARGE SUMS IN ROAD CONSTRUCTION

WASHINGTON, D. C., June 26.—In the good roads provision of the postoffice appropriation bill, the senate committee on postoffices and post-roads has struck a snag. Several sessions of the committee have been devoted to a discussion of the trouble.

At one sitting nineteen members of the house were present and gave their views on the measure. Mr. Hawley of Oregon was one of these who expressed their views. He made the point that in case the rural roads were not maintained in good condition the government would not have to pay for the use of them. He said:

"The government has appropriated hundreds of millions of dollars for the improvement of rivers and harbors in order that the goods assembled at these water points could be distributed to other water points. Congress has appropriated through the donations of public lands millions of dollars in the construction of railroads that goods assembled at local points in the country along railway lines can be distributed. The government has never contributed anything to enable them at water points or the rail points. It did make an appropriation many years ago for the construction of military roads, but I think none of them are now in operation as government enterprises.

"This bill proposes to take the next step, to go into the country districts and enable the people to make conditions on their farms more favorable to the people remaining on those farms, and to enable them to get a greater return out of their products by carrying them with the least possible charge to the nearest assembling points where they can be shipped by water or rail to market.

"Before the committee on agriculture the statement was made by the department that in a certain crop of potatoes, averaging about 6,000,000, the distribution charge was \$7,000,000. The farmers and producers and producers received \$6,000,000 for those potatoes and the consumer paid \$13,000,000 for them."

Mr. Shackelford of Missouri said that the house considered the good roads provision a good one, and that it should not cost, the first year, more than \$5,000,000 or \$6,000,000, but he admitted that the sum would increase very rapidly until it reached \$17,000,000 or \$18,000,000. There are, he said, 1,200,000 miles of road, and the pay for a well graded, well dragged road of earth would be \$15 per mile annually. For roads that are macadamized, or built in a better manner, the annual rental would be \$25 per mile. It is not supposed that the government will have to pay for the use of many miles of this type of road. Inspectors who report on mail routes could also, it was urged, report on the classes into which the roads traversed should be put.

There is still so much opposition to the bill, on the ground that the annual rental proposed would not be sufficient to accomplish the purpose of the bill, that the recommendation of the senate committee is much in doubt.

## AMERICAN TEAM FEELING BLUE

RHEUMATISM ATTACKS THREE MEMBERS, AND BALANCE OF TEAM FEAR FOR RESULTS IF THEY DO NOT IMPROVE

United Press Service

ANTWERP, June 26.—The American Olympic team, just arrived here on the steamer Finland, is much downcast over the inexplicable attack of rheumatism and sprains from which Melvin W. Shepherd, distance runner; Michael J. Ryan, marathoner, and James Thorp, hurdler and high jumper, are suffering.

Unless improvement is shown in their condition, it is doubtful if the trio will be able to take part in the contests. This would be a severe blow to America's hopes, as Sheppard was considered a sure winner in the 800 and 1,500 meter events, while Thorp and Ryan were considered certain point winners. The team has spent two days training here, and leave today for Stockholm.

## BROOMCORN CROP IS SUCCESS NEAR ASHLAND

ASHLAND, June 26.—After experimenting for several years, J. G. Miller has become convinced that broom-

corn will do well in this locality, and has twenty acres growing this year. He reports that it is making a very satisfactory growth, and is confident of a good crop. Mr. Miller is a practical broom maker, and expects to establish the industry here and work up his crop.

## KENO KEYNOTES

The Big Basin Lumber company has begun operations in the timber they recently purchased from Thomas McCormick. It Breitenstein and others have the contract to haul the logs to the river. The traction engine is now in Keno, and the horses and wagon will be here this week. It Breitenstein has the contract to feed the men and fall the timber. The company expects to work about twenty-five men.

At present there is no blacksmith in Keno. The present outlook is good for a blacksmith, since there is two logging outfits now in operation, with about twenty-five head of horses to be shod and other repair work to be done, besides the work for the farmers. There is a good building that can be rented for \$3 per month to work in.

Thos. McCormick has bought a new automobile, and he is riding about in it to beat the band.

Some of the ranchers have begun haying. The fine rains we have had in the last few days assures a good crop.

## THE FIRST NATIONAL BANK

Capital \$100,000

## A Clean Scalp And Healthy Hair

Many of your friends have found that a luxuriant growth of hair—soft and glossy—and a scalp free from dandruff, will result from the use of

**NYAL'S HIRAUTONE**

This is the procedure—Wash the hair with warm water and a pure soap—rinse thoroughly—rub the scalp with a stiff brush—apply Hirautione—rub it in well and dry the hair before combing. Please understand that Hirautione is not merely a hair wash—it is a tonic—a food.

While it thoroughly cleanses, it also prevents bacterial action—nourishes and stimulates the roots of the hair—removes all dandruff—prevents its return—and preserves the natural beauty and color of the hair. Nyal's Hirautione should be on your dressing table. It sells at 50 cents and \$1.00 the bottle.

**UNDERWOOD'S**

## IT WILL BE A LUCKY DAY

For you when you commence to bank with us on this bank instead of in custody. Many a leak in your cash will be stopped by a saving made in the bank charges. Why not start a savings plan and enjoy the benefits?
