KLAMATH MAN IS BUYING CATTLE

J. W. MCCOY REPORTS SUCCESS IN HIS MISSION IN WISCONSIN. WILL RETURN WITH THREE CARLOADS OF COWS

of the commissioner responsible, the graft question is solved, he said. The mayor minced nothing, evaded nothing, and made it very plain that, so far as he is concerned, he believes that he has solved the problem of how a city should be run.

"You ask me how I regard the New York police force today as a whole, for efficiency and effectiveness?" began the mayor. "The best in the world, and I say that advisedly. It is not generally known that compared with other cities our police force here is very small. We have a population of 5,000,000, and only 10,000 policemen. What do you think of that? Our full complement compared with the other large cities would be 15,000. But deficient in numbers as the force is, it does excellent work. It is capable of any work put up to it. Every one who comes here to the city sees what excellent outward order and decency is preserved. It is also a fact that our secret service force does the very best kind of work. It is very seldom baffled. It is, in a large sense, the secret service force of the whole country. We, in fact, do work for the whole country.

"We recently had two cases here which will illustrate what I mean. One was the robbery of a bank messenger by the so-called taxicab robbers. The police had very little to go by, and yet they arrested them all. One, I think, they found in Memphis, one in some other Western city and one in Cuba, or on the way to or from Cuba. By the way, when a criminal gets outside of the city they are able to catch him sooner than if he went into some hole here in the city and kept still.

"The more recent case is the murder of Rosenthal, the gambler. Those who did that deed also came in an automobile to the place of the murder, and got away in the same way. It was all done in a moment, and off they went. Conflicting numbers of taxicabs were given by citizen on-lookers. With very little to go by the detective force of the city within a few hours had the cab brought to the station house and in a short time several arrests of those concerned were made. It took some weeks to make the two final arrests. Those two young murderers went into a house in

According to letters just received from J. W. McCoy, he has purchased a carload of fine Holstein cattle for distribution in Klamath county, and is now looking for more stock in Ohio. Mr. McCoy's letter, which was written from Jefferson, Wis., said he was leaving immediately for the Northern part of the Buckeye state, which is one of the best dairying sections of the Middle West.

Mr. McCoy expects to leave for Klamath Falls by December 24th, with three carloads of blooded cattle, thereby taking advantage of the special freight rate granted by the Southern Pacific. The cattle being purchased by Mr. McCoy are to be purchased by Klamath county farmers, who realize the necessity of starting their dairy herds with good stock. A large percentage of the cattle will go to the Bohemian colony at Malheur.

OLD TIME REMEDY DARKENS THE HAIR

GIVES COLOR, LUSTRE TO FADED AND GRAY HAIR—DANDRUFF QUICKLY REMOVED

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home, which was troublesome and not always satisfactory. Nowadays almost any up-to-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laboratories.

An ideal preparation of this sort is Wyeth's Sage and Sulphur Hair Remedy, in which Sage and Sulphur are combined with other valuable remedies for scalp troubles and thin, weak hair that is losing its color or coming out. After using this remedy for a few days, you will notice the color gradually coming back, your scalp will feel better, the dandruff will soon be gone, and in less than a month's time there will be a wonderful difference in your hair.

Don't neglect your hair if it is full of dandruff, losing its color or coming out. Get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and see what a few days' treatment will do for you. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented.

GAYNOR TELLS OF CRAFT

(Continued from Page 1)

his conviction is still undecided by the highest court.

The mayor insisted that three things contributed to graft—the enforcement of the liquor regulation, anti-gambling and anti-prostitution laws. But taking the enforcement of these out of the hands of the general run of police, and making a squad under the immediate direction

of the commissioner responsible, the graft question is solved, he said. The mayor minced nothing, evaded nothing, and made it very plain that, so far as he is concerned, he believes that he has solved the problem of how a city should be run.

HOME BUYER NEVER STUNG

The other day a man saw a beautifully illustrated catalog from an Eastern establishment. He noted that a certain article for which he had need was quoted at a low figure. Forthwith he hid himself to the postoffice, bought a money order and sent it to the Eastern establishment.

In the course of time he was notified that there was some freight for him at the depot. He went to get it, but was surprised when he was told how much was due the railroad company. He paid, however, and took his purchase home. He was again surprised. He found that the picture in the catalog did not truthfully represent what he had purchased. It was an inferior article that he had received. He then commenced to figure up the cost. He found that he could have bought a better article at home for less money, and would not have had to wait almost a month to get it.

Not only is it wise to buy at home, but it is wiser to buy whenever possible home made goods. For instance, a local man has just started the manufacture of oyster cocktails. Isn't it better to buy cocktails which you know are cleanly made than it is to buy something that may and probably are made by a dirty Chinaman, or a thieving Jap?

There should be no hesitation upon the part of a Klamath Falls resident. Home-made goods should have the first and the last consideration.

Yes, it is made right at home
