**NEW CAPTAIN FOR
THE DEGREE TEAM**

**REBEKAH CHOSE DRILL LEADER
TO PERFECT INITIATORY CER-
EMONIES FOR TEAM'S COMING
TRIP TO MEDFORD**

Miss Lorinda Sauber has been cho-
sen as captain of the degree team by
Prosperity Rebekah Lodge, and will
enter upon her duties in that capacity
at once. She wishes all members of
the order to meet at the I. O. O. F.
hall on Thursday night to start in
earnest on the work of perfecting the
maneuvers of the initiatory ceremony.
Miss Sauber has exceptional ability
in this line of endeavor, and it is a
certainty that under her competent
direction the work of the team will be
as near perfection as it is possible for
such an exhibition to be.

The ladies of the lodge are entering
heartily into the matter, and when
they present the work before the
Grand Assembly at Medford they will
reflect great credit upon Klamath
Falls and add a very convincing argu-
ment to be used by the boosters in
their campaign for the meeting of
the Grand Lodge of the Order at
Klamath Falls in 1915.

If it's worth having, it's worth in-
suring. See Chilcote, 622 Main St.

Goes to Lakeview

Mr. and Mrs. J. F. Kimball left
this morning for Lakeview, where
they expect to remain for about a
month. While absent Mr. Kimball
will attend to leasing the Weyer-
hauser company's lands in Lake and
Modoc counties for grazing for the
coming year. Most of the timber
lands of the company are used for
grazing sheep, which tends to keep
down the underbrush and assists in
preventing fires.

CHAMPION SWIMMER

The new champion 220-yard and
500-yard swimmer, Perry McGilivray
of Chicago, is ready for the national
championship contests at the New
York Athletic Club. He is at this
time the most widely discussed swim-
mer in the country, having taken
from the great Daniels several of his
records.

McGilivray believes he can beat
the best Eastern swimmers at 500
yards, and has undertaken the task.
Those who have watched him in the
Illinois Athletic Club, of which he is a
member, believe he is now at his best.

I absolutely guarantee all my work
to give entire satisfaction.

**Railroad Work Will be
Rushed in This Vicinity**

**Man Well Informed on Conditions
Sees Bright Future for Klamath
Country. Tells of the Plans**

Railroad construction in Eastern
Oregon will be carried on actively in
a short time. This is the confident
belief of a man intimately associated
with the heads of the Western rail-
roads. In a letter written to a friend
in this city he thus commented on the
railroad situation

"In regard to railroad construc-
tion in the vicinity of Klamath Falls,
information comes from every hand
that as soon as the unmerging of the
railroads is completed there will be
considerable activity in railroad lines,
and I am quite well satisfied in my
own mind that the Klamath-Natron
cutoff will be completed before long.
In fact, they are moving large quanti-
ties of material at the other end, pre-

liminary to rushing this as rapidly as
possible.

"In talking with Mr. Hood recent-
ly, although he made no positive
statements, he gave me to understand
that this work is going to progress
very rapidly; moreover, in this con-
nection, the line is going through the
Siuslaw and to Coos Bay, they have
recently secured right of way for
thirty or forty miles more. This has
been hung up for some time. They
now seem to be getting active in the
right of way matter, and all prelimi-
nary work preparatory to striking
while the iron is hot.

"I have just received information
through reliable sources that the Vale
line will be completed to Crescent in
1914. That surely means that we
will have an outlet east."

**MILLS DO NOT
WANT TO SELL**

**WITH RAILROAD TIES SELLING
AT \$12 PER THOUSAND, RAIL-
ROAD COMPANIES HAVE TROU-
BLE GETTING SUPPLY**

PORTLAND, March 26.—Railroad
ties at \$12 a thousand, and the mills
not eager at all to sell, is the report
made by the purchasing agent of one
of the transcontinental railways who
has been canvassing the local market.
He entered the market here for
1,000,000 ties for his line, and was
much surprised to encounter the stiff
prices asked, which indicates the stiff
tone of the lumber market.

The purchasing agent first went to
Grays Harbor, where it was under-
stood the mills were not rushed. The
very best he could do there was \$13
a thousand. He came back and tried
to get a bid from the Lewis River Tie
Association, and found that the mills
of this concern were booked for a year
ahead, and would not figure on any-
thing at all sooner. He next skirted
around all the big mills of Portland
and along the Columbia, but could
not get a rise. None of the big plants
which are very busy now with orders
for the railroad and cargo trade,
wanted to consider a tie order under
any condition. Then the railroad offi-
cer had to go back to Grays Harbor
and place his order for \$12, and found
that no one was any too eager to con-
sider the tie business.

Only a year ago the tie market was
dull. But two or three years ago the
mills along the Columbia were glad
to get business at from \$8 to \$9 a
thousand. It was during much of
this time that the railroads were buy-
ing little, thinking there would be
further improvements in the market,
and that financial conditions would
warrant heavier maintenance work
later. Now that all the railroads are
believed to face the necessity of plac-
ing heavy orders, they find the North-
west mills loaded to the guards with
business, while prices have made a
substantial climb.

The big mills during the four or
five years of dull lumber business
were eager to get a tie order as a side
issue. That time has passed, since
all are working at capacity on general
lumber orders.
