Mr. Foster is the agent, and his wife, portraying the character of a "Bowsy Liz," keeps up a rapid fire of comedy that is good to hear. CLAIMS MADE THAT TEN PROMINENT NEW YORKERS HAVE FURNISHED INFORMATION TO INDENT TAKEAWAY LEADERS

**United Press Service**  
NEW YORK, Aug. 25.—When the judiciary committee, which is to consider the Sulzer impeachment, convened, Lynn J. Arnold of Albany declared that ten prominent New Yorkers had furnished him evidence that they thought sufficient to indict Boss Murphy, Frawley and Levy of conspiracy, bribery and a "Swedish frame-up." He demanded that the committee summon Murphy, Frawley, Levy and others to testify. The committee refused to hear Arnold.

"The grand jury will get most of the facts within the week, and indictments are sure to follow. Governor Sulzer will offer to go before the grand jury. District Attorney Whitman is familiar with the facts. It has been demonstrated to him that Murphy has acted to block prosecution, when Sulzer started his fight against the plunderers of the State. Frawley and Levy will be indicted before the end of the week."

### THAW EXPECTED TO BE DEPORTED

JEROME IS ON THE GROUND TO REPRESENT NEW YORK—TEHR ENRAGING ON UNDESIRABILITY OF THAW TO BE HELD

**By JOHN E. NEVIN**  
(Staff Correspondent)  
**SHERBROOK, Aug. 25.**—The probabilities are that Thaw's deportation will occur either Thursday or Friday. His liberation is scheduled to take place at Norton Mills, Vt. The authorities there are ready to arrest him in compliance with Acting Governor Glynn's requisition, pending a fight on extradition. A physical clash is possible.

Thaw's plans are as follows: He will appear in court Wednesday, and will undoubtedly be freed. Arrest by commission officials will follow immediately. He will then be taken before the immigration court Thursday. If the government makes a satisfactory showing of his undesirability, he will not resist deportation to the nearest point. If the case is weak, he will appeal to the minister of interior. In the event of a fresh defeat he will further appeal, going finally to the privy council of England.

**United Press Service**  
**SHERBROOK, Aug. 25.**—William K. Jerome arrived here this afternoon to assume charge of the Thaw case for New York. Thaw is very much disturbed at the outlook.

**All on Account of a Rider**  
Women who are studying politics will be interested to know about the "rider" to a bill, in the concrete example now afforded at Washington, for they say it was a "rider" that brought about a state of affairs that no one ever intended. A man and his wife may go into a beer garden and the man may order a glass of beer for himself, but he cannot order one for his wife unless he also orders a meal for her. And if she is under 21 he cannot even order the beer with a meal. It is just possible that no man in Washington may even want to do these things, but the point is that the "rider" to the new bill would not let him if he should want to.

The Housekeepers Alliance of Washington, realizing that boys generally do as their mothers bid them, has adopted a code for the education of their boys and girls. Dancing parties are not to be given on school days, and will end at or before 14 o'clock. Dancing is to cease when it becomes immodest. Girls are to dress simply and modestly, and boys to be taught that it is a discourtesy to smoke during an entertainment given for them. Boys are to be taught to end a social call at half past ten, and Sunday engagements are not to be encouraged. The last item of the code reads: "That we do not have less confidence in our children, but more in ourselves as mothers with authority."
