BIG CATTLE RUN, BUT PRICES FIRM

LIGHT HOG LIQUIDATION. RUN OF SHEEP WAS EXTREMELY MODERATE AT THE PORTLAND UNION STOCKYARDS

(Herald Special Service) PORTLAND, Ore., Aug. 10.—A big run of cattle was received the last week. About eighty-five cars were marketed, but prices held well. Prime light steers were \$7.50; top cows, \$6 and \$6.25; bulls, \$4 to \$4.75, according to weight; light veal calves, \$8.25.

Hog liquidation was light for the seven day period. Prices fluctuated considerably, as every hog market in the country has been subject to advances and declines. The Portland market closed with a strong "come back" tendency and beef light swine brought 9c.

There were moderate receipts of sheep and lambs. Prime wethers were \$4.50 to \$4.75; prime ewes, \$3.25 to \$4; medium ewes, \$3.25 to \$3.75; spring lambs, \$5.50 to \$6.00.

BABIES DISPLAYED IN GLASS HOUSES

United Press Service DES MOINES, Iowa, Aug. 10.—Sitting comfortably in amphitheater seats, state fair visitors this year will be able to gaze down upon a little glass house and watch the examination of babies in the baby health contest.

Three years ago, when the first contest was held, the examinations were conducted in a tiny room in the state college building, and spectators had to content themselves with peering through the cracks.

The babies this year will first be

Formosa Likewise Has the Warlike Attitude

United Press Service SAN FRANCISCO, Aug. 10.—Japan is having desperate troubles in its attempts to pacify Formosa, according to arrivals here from the Far East.

At the time the mikado acquired the island, great hopes were entertained, because of the fertility and natural resources of the country, of making it support a considerable portion of the home country's surplus

taken into a booth, where they will be carefully examined by a skilled physician for traces of measles, mumps, chickenpox or other contagious diseases. If such traces are found, the child will not be permitted to enter the contest. If all is well, the child will be taken to a large reception room to await his regular turn to go before two clerks, who will take down his history.

Next comes the psychology room, the undressing room and next the general examination room, where the baby is considered for "fine points" much the same way in which thoroughbred dogs are gone over at a bench show. This last takes place in the glass house around which the amphitheater seats are constructed.

ADY HOME FROM WORKING

(Continued from Page 1)

for example, who have made three payments and still owe \$21 per acre will owe 42 cents per acre on December 1st. Under the ten year system, they would owe \$3 per acre—and in many cases some would owe for two or three years back at this rate."

There are two kinds of insurance. Chilcote writes the kind that pays. 625 Main.

population. It might be doing this already, say those who have been there recently, were it not for the intractability of the natives. After years of efforts to conquer them with small bodies of troops, many of which were cut to pieces in the remote interior, it is stated that an extensive campaign has been launched in the hope of more speedily ending the constant warfare between the natives and the Japanese authorities.

THE COST OF A YEAR IN COLLEGE

Two hundred and twenty-four dollars is given as the average cost of a year in the Oregon Agricultural College. This sum is apportioned among the various items of a student's budget, as follows: Registration fee, \$5; student fee, \$5; laboratory fees and deposits, \$18; textbooks and supplies, \$26; board for eight months, \$120; room rent for nine months, \$30; and personal outlay, \$20. In addition to the above are the expenses for military suits and gymnasium suits for the men and physical culture suits for the women. The cost of the former is about \$15, and of the latter about \$5. With good care these suits will wear for more than one year. The items need not be considered by men and women who enter the vocational courses. Many regular students make their way wholly or in part by securing employment outside of school hours. Employment bureaus under the management of the college are maintained to assist students in finding work.

Would Make Dairymaids of the Women Prisoners

United Press Service COLUMBUS, O., Aug. 10.—Ohio is planning to turn its women prisoners into dairymaids.

This is the plan announced by the state board of administration in connection with the new reformatory for women near Marysville. It is expected that the new buildings there will be ready for occupancy before the first of next year. The reformatory is said to be one of the most modern institutions of its kind for women in the world.

Board of administration members

plan to send a herd of cattle to Marysville as soon as the prisoners are transferred to that place. The women will be given a chance to work in the dairy.

They will also be assigned to light farm work on the theory that it will be beneficial to them. Only the women who have passed certain physical tests will be given this kind of work to do.

Portlanders Visit

One of the auto parties visiting this city Sunday was composed of S. E. Smith and family, and Mr. and Mrs.

S. H. Cole, of Portland. This party came in by the Barlow trail, visiting Crater Lake and Pelican Bay Lodge. They left this morning for Ashland, and will return home through the Rogue River and Willamette valleys.

Would Quiet Title

J. W. Siemens today filed a suit in the circuit court against the unknown heirs of Charles F. Nichols et al. This is to quiet title to lot 1 and part of lot 2, block 62 of Nichols addition.

Returns Home

Mrs. Ruby Caldwell and little daughter, Mildred, have returned to their home in the East after a visit with Mrs. Caldwell's parents, Mr. and Mrs. W. H. Hawkins.

The meeting of the W. C. T. U. at the Baptist church tomorrow afternoon will be the last before Mrs. Mitchner is here, so a good attendance is desired in order to arrange all plans for her reception, meeting, etc. The session starts at 2:30 p. m.
