sheer force.

this

His friends all over the country put up such a fight to save him that the president of the United States, at the Swedish minister's request, granted him a vain reprieve in September. While circumstantial evidence convicted Hillstrom of the murders, his own attempt to defend himself in court and his refustl to tell where he was on the night of the crime helped tq send him to his doom. Hillstrom's plea was that he was in a married woman's company, and he consistently adhered to the declaration that he would rather die than ruin her good name. This story was not credited by the authorities.

Hillstrom appeared shortly after the murders with a bullet wound in his shoulder. Blood spots showed that the Morrisons wounded their assailant. The man with whom Hillstrom lived disappeared after the murder. The missing man was believed to have been Hillstrom's ac

procedure scheduled for today

complice, witnesses at the trial testifying that two men of their general appearance were seen loltering near the Morrison grocery.

Fourteen men besides Hillstrom have died at the hands of a Utah fir- hassador, with Red Cross medals of pean war was instantly seized upon free imports comprised 71.6 per cent ing squad, according to law. Only the first and second class. This is the as a pretext for saddling the country of the total imports for September. SAGE TFA TURNS
