

Women Replacing Men in English Government

United Press Service
LONDON, July 10.—Whitehall, Great Britain's official governmental nerve center, is soon to be ruled by women, it was announced today.

With conscription enacted, steps are being taken to clear all government departments of young men eligible for military service. Women are being trained to take their places.

In exceptional cases a few governmental offices will retain their indispensable males, but the latter will remain principally to train the women. Hundreds of men who have backed

behind their official jobs for twenty months already have been given their ten days' grace to arrange business and domestic affairs.

An official census for April elicited that 1,022 single military eligibles were employed in the admiralty alone; 1,032 in the board of trade; 633 in the war office; 465 in the ministry of munitions; 145 in the board of education; 2,302 customs; 1,780 inland revenue, and hundreds more in other departments, in addition to the postoffice, where single and married eligibles numbered 31,000.

Managers Plan Desperate Fight to Make the House Republican

Representative William B. McKinley of Illinois, manager of the Taft campaign, has now entered upon a desperate fight as chairman of the executive committee of the republican congressional committee to take the next house of representatives, members of which will be elected this fall, from the democrats. He will be helped by Representative Simeon D. Foss of Ohio, in charge of the publicity campaign, Representative Halvor Steenerson of Minnesota, as chairman of the sub committee on organization, and Representative John C. Everman of Illinois as secretary.

UNIVERSITY PLANS MILITARY DRILL

ALL UNDERCLASSEMEN MUST BEGIN DRILL NEXT FALL, AS REQUIREMENT FOR GRADUATION FROM INSTITUTION

UNIVERSITY OF OREGON, Eugene, July 10.—From three to five companies of underclassmen will begin military drill on the campus of the University of Oregon in September. If peace prevails, a United States army officer will be on hand to act as commandant; if a foreign war demands for its service every officer, President P. L. Campbell says he will find some other way of putting the plans into execution.

Drill will be compulsory for all underclassmen. They will not be allowed to graduate without it. It will take three hours a week of the student's time, but if the faculty approves, President Campbell suggests that this be allowed to count toward the present requirement in physical training. If this arrangement is established there will be no additional demand made upon the students' time beyond what is required at present.

Adjutant General P. C. Harris, United States army, is the representative of the army with whom Dr. Campbell is consulting in regard to the plans for the new department. It is not certain yet what courses in tactics or other military subjects will be offered in addition to the drill, but the regents have authorized the creation of a full department, and the army officer assigned to this post will rank as a member of the faculty. The United States will furnish the arms and equipment. Students will supply their own uniforms.

It is not certain yet, according to Dr. Campbell, just what will be the relation of the present advanced classes in the university to the military requirement. It may be most convenient to apply the new regulation only to the sophomores and freshmen of next year, while on the other hand there is at least a possibility that the rule might be interpreted to include drill as a prerequisite for graduation for all. The former interpretation is declared the more probable.

ASHLAND BOY TAKES POSITION AT REGAL

PARTY ENJOYS SUNDAY AT EAGLE RIDGE INN

Yesterday was enjoyably spent on Upper Klamath Lake and at Eagle Ridge tavern by several Klamath Falls people, headed by Mrs. Elbert B. Hall and Mrs. E. R. Reames. The lake was as smooth as glass and the air wonderfully clear. The trip was made in J. B. Griffith's launch White Pelican.

DR. TUFTS WILL DELIVER TWO ADDRESSES IN KLAMATH FALLS NEXT SUNDAY ON SUNDAY CLOSING LAW FOR OREGON

Dr. G. L. Tufts of Portland, state superintendent of the Weekly Rest Day League of Oregon, will spend next Sunday in this city. He will speak at a union meeting at the Grace Methodist church at 11 o'clock and address a union mass meeting of churches and citizens at 8 o'clock in the Presbyterian church.

The general subject of discussion will be, "Shall the Sunday Rest Law of Oregon Be Repealed at the November Election?"

Dr. Tufts is an expert on Sunday legislation. Business men and employers of labor will be especially interested.

BRITISH HOARD AMERICAN BACON

LIVERPOOL POST CHARGES THIS IS DUE ONLY TO BOOST PRICES. SUPPLY AMPLE IF RELEASED TO PUBLIC

United Press Service.
LONDON, July 10.—American bacon is being hoarded in England to inflate the price to the consuming public, it is charged today by the Liverpool Post.

The paper says that if the stocks of bacon at present in storage in Liverpool were offered for sale in normal quantities, the retail price would drop to between 16 and 18 cents a pound.

Good bacon now costs the average citizen 22 cents a pound.

Huge quantities are being shipped to Liverpool, the story states, and "they are being kept out of the market for no other reason than to send up the price. There are in Liverpool and Bootle nearby about a dozen large cold storage, and practically all of these have as much bacon—chiefly American—as they can find room for."

"Probably as much as 75 per cent of the storage accommodation is monopolized by bacon. A reliable estimate of the number of 700-pound boxes stored in Liverpool just now places the total at between 80,000 and 90,000, over 64,000,000 pounds, valued at more than \$12,000,000 wholesale."

MORE HORSES ARE SHIPPED OUTSIDE

STOCK IS FROM SILVER LAKE COUNTRY AND LANGELL VALLEY—TILLSON AND HUNSAKER ARE SHIPPERS

Six carloads of horses and one car of mules are to be shipped from Klamath county tomorrow. L. M. Tillson of Denver has bought four carloads from the Silver Lake section and R. E. Hunsaker has two carloads of Langell Valley horses. Both of these shipments will be made from Klamath Falls.

Louis Gerber is sending a carload of fine mules from the Midland loading yards to the E. Clemens Horse company. The mules go to Chandler, Cal.

BOVANEA BRIDGE

July 4th was observed by a good picnic at the dam about four miles down the river. About thirty Bovanena people were joined by a good number from Shasta View. All report a splendid time.

Rev. J. Thos. Cowley of Merrill preached at Bovanena last Sunday evening, and gave a splendid sermon on the privileges and duty of citizenship.

A fishing party composed of Professor Ray G. Burke, Professor F. W. Reggs, Professor F. W. Olney of Merrill, Rev. J. Thos. Cowley and Rev. S. W. Hall and E. Daniels left Bovanena on Wednesday, returning on Friday evening. All report a good time.

Ranchers are cutting the fall rye for hay. Other crops sown this spring are looking splendid.

F. Bold has installed a gasoline station at his new hardware store in the hotel building.

F. W. Broadword has been visiting friends at Ashland the last week. He also took in the Round-Up at Ashland.

Look and Feel Clean, Sweet and Fresh Every Day

Drink a glass of real hot water before breakfast to wash out poisons.

Life is not merely to live, but to live well, eat well, digest well, work well, sleep well, look well. What a glorious condition to attain, and yet how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, nasal tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the situation of the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of Limestone phosphate in it to wash from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and Limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble, rheumatism; others who have sallow skins, blood disorders and sticky complexions are urged to get a quarter pound of Limestone phosphate from the drug store, which will cost very little, but is sufficient to make anyone a pronounced crank on the subject of internal sanitation.—Ad.
