FARMERS FORM CLUB AT ALGOMA

ALGOMA FARMERS' PROTECTIVE CLUB ORGANIZED AND JOHN HAGELSTEIN CHOSEN PRESIDENT SATURDAY

(Klamath County Special Service) ALGOMA, March 20.—The farmers of the Algoma district met at the Algoma school house Saturday afternoon and formed the Algoma Farmers' protective Club, which has for its purpose the extermination of squirrels, rabbits and gophers. County Agriculturist Glaisyer came out Monday and gave them some instructions on the mixing and use of the poison.

The following officers were elected: John Hagelstein Jr., president; Wm. Uhrman, vice president; H. R. Stevens, secretary and treasurer; John Hagelstein Jr., poison mixer.

Much snow in Woods ALGOMA, March 20.—D. C. Smith, caretaker of the Algoma logging camp, reports three and a half feet of snow in the woods. Unless there is a radical change in the weather soon, early spring work will be impossible.

Two Slightly Injured ALGOMA, March 20.—Two minor accidents occurred at the Algoma box factory last week. Thursday afternoon John Uhrin, while engaged in oiling the machinery, slipped and in trying to save himself caught his hand in the conveyor chain. The middle finger was badly mashed, and it will be some time before he is again able to resume his duties. Saturday, while trying to scrape some pitch off the twin band saw, M. L. Frost caught his hand in a cog wheel, and had the end of the first finger cut off.

Motorists Need Snow Plow ALGOMA, March 20.—Matt Egan, superintendent of the Algoma Lumber company, accompanied by Mrs. Egan and J. T. Bennett, made a business trip to Klamath Falls Thursday, returning Friday morning. Mr. Egan says that the snow around Pelican City is quite deep, and motorists attempting to travel over that road should be equipped with a rotary snow plow.

ALGOMA, March 20.—Mr. Christman has returned from his vacation. He reports a very pleasant three weeks spent at his home in Pasadena. Manager Applegate of the Algoma company's store here, was in Klamath Falls Saturday on a business trip for the company.

E. J. Grant, manager of the Algoma Lumber company, is expected within a short time from California for the season's run.

Bills under name of "City Market," which have been received from a collection agency by some of our friends, were not sent at our instance, but are due, if at all, to Stills & Hamilton for purchases made prior to August 14, 1916, and with which we have nothing to do. DRINK HOT WATER BEFORE BREAKFAST EVERY MORNING Hopes every man and woman here will adopt this splendid health habit. Says a glass of hot water with a teaspoonful of limestone phosphate in it washes poisons from system, and makes one feel clean, sweet and fresh. Why is man and woman, half the time, feeling nervous, despondent, worried; some days head-achy, dull and unstrung; some days really incapacitated by illness. If we all would practice the drinking of phosphated hot water before breakfast, what a gratifying change would take place. Instead of thousands of half-sick, anaemic-looking souls with pasty, muddy complexions we should see crowds of happy, healthy, rosy-cheeked people everywhere. The reason is that the human system does not rid itself each day of all the waste it accumulates under our present mode of living. For every ounce of food and drink taken into the system nearly an ounce of waste material must be carried out, else it ferments and forms ptomaine-like poisons in the bowels which are absorbed into the blood. Just as necessary as it is to clean the ashes from the furnace each day, before the fire will burn bright and hot, so we must each morning clear the inside organs of the previous day's accumulation of indigestible waste and body toxins. Men and women, whether sick or well, are advised to drink each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it, as a harmless means of washing out of the stomach, liver, kidneys and bowels the indigestible material, waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. Millions of people who had their turn at constipation, bilious attacks, acid stomach, sick headaches, rheumatism, lumbago, nervous days and sleepless nights have become real cranks about the morning-inside bath. A quarter pound of limestone phosphate will not cost much at the drug store, but is sufficient to demonstrate to anyone its cleansing sweetening and freshening effect upon the system.
