These bonds are to be floated to provide money at this time for the government to build ships, supply food, and generally to carry on the war which exists between this country and Germany.

Investors all over the country have been waiting for the announcement pending an action by congress to take advantage of securing these investments. The First National bank has decided to take up some of these certificates and advocates that this company liberally subscribe.

These certificates are known now as "Cash Certificates" and are payable July 1. This method is being followed to give the government time to print the regular bonds for the issue. At that time investors may transfer their certificates for the bonds or cash the certificates.

The telegram received by the local bank from Governor A. Kalns, of the Federal Reserve bank of San Francisco, is as follows:

"Secretary of the treasury offers \$200,000,000 treasury certificates, payable July 1, bearing interest at three per cent. Should payment for government war bonds be called prior to that date, these certificates plus accrued interest can be used in that way. You are authorized to receive subscriptions in your district. Please wire promptly amount of such subscriptions by and through your bank on receipt of which I will wire instructions regarding payment to be made Tuesday or Wednesday."

FRENCHER SAYS CHRIST WOULDN'T "KNUCKLE DOWN"

TACOMA, April 21.—Jesus Christ wouldn't knuckle down to the Kaiser, declares the Rev. C. W. Meyer of this city. This is what the Rev. Meyer has to say about Christ's attitude on the present war.

"If Christ was the captain of an American liner and Kaiser Bill said to him, 'Don't you dare sail your boat across this line. If you do, I will kill you,' he would sail the ship across that line in defiance of Kaiser Bill, if it were the right and true thing to do. His disciples warned Him not to go to Jerusalem. They said He would lose His life if He went. He did not stay away and keep the peace. He went to Jerusalem and was crucified, although He knew before He went that He would be. Yet it was His duty and He did not shirk it, although by so doing He started the greatest conflict the world has ever known—the battle between right and wrong."
