TULE LAKE DISTRICT

E. L. Elliott has moved his family to Klamath Falls for the winter. Mr. Culbertson is spending a few days at Fort Klamath on business.

The threshing in this vicinity was finished the last of the week. The grain yield has proved to be excellent, considering the late planting and irrigating in many places.

H. G. Bussey of Lorella has been spending a few days in this vicinity. His son Douglas will build on his homestead here soon.

Mrs. T. N. Case of Mt. Laki is visiting her sister, Miss L. M. Hatch. C. N. Snow and David McComb visited here last week.

Many hunters are in evidence here these days. The geese are very numerous near the lake.

J. A. McComb and family moved to the Tule Lake district from Mt. Laki last Thursday. They are now living in E. L. Elliott's house, and will build on their homestead later on.

Charles Faught spent the week end hunting ducks and geese here. He camped on his homestead while here. Mr. and Mrs. Hamilton have moved to their homestead.

LORELLA LOCALS

PORTABLE LAUNDRIES USED BY RED CROSS

PARIS, Nov. 6.—The laundry problem, which has been one of the most perplexing of the minor questions with which the American Red Cross has had to deal in France, has been solved by the purchase and establishment of portable laundries. These laundries will be sent to numerous hospitals along the battle front. Upon completion of their work at one hospital they can be moved on to another.

BELGIUM CROPS ARE APPROPRIATED

THE MAGUE, Nov. 6.—According to Vry Belgie, the German administration in Belgium has decided to appropriate for German use half the entire crop of potatoes, fruit and vegetables. The other half is partly used for extra rations to workmen who are engaged in work for Germany.

REJECTED MEN TO BE RE-ENLISTED

SAN FRANCISCO, Nov. 6.—The County Council of Defense is going to re-enlist all drafted men rejected for the National Army, and who still want to serve their nation. The men will become part of a reserve force of agricultural workers, and will be able to call on both American and French difficulty.

Beehive of Sports At American Lake

CAMP LEWIS, American Lake,

Wash., Nov. 6.—This big National Army enclosure is getting to be a regular beehive of sports. Inter-regimental football teams have hooked up for a series of 132 games, a big golf tourney has been planned for Thanksgiving Day, while baseballs

are almost as thick as bullets on the west front.

The Medical corps declared it has the best football team, because of the presence of many University of Oregon stars in the line up. The field and track honors to date have been carried off by the 363d regiment, but they may prove as hard to hold as a 16-inch shell on trouble bent.

WASHINGTON STUDENTS TO STUDY CHINESE

SEATTLE, Nov. 6.—The University of Washington, located in this city, is to organize evening classes to teach

Kuan Hus, the official Pekingese language, to merchants and others having commercial relations with the Orient.

Pigeon English is said to be doomed. According to Dr. Macy M. Skinner, who will have charge of the classes, business men who desire to

establish permanent trade relations with China, will find it to their advantage to return to college and familiarize themselves with real Chinese.

Kuan Hua, say students of the language, is no more difficult to master than some modern European tongues.

Have several good 40 and 80 acre tracts in the heart of the valley. They are under irrigation, and have some alfalfa. Chilcote. 6

SEATTLE, Nov. 6.—The shipyard workers of the Northwest are dissatisfied with the federal wage board's decisions, and will meet to consider a further strike to enforce a greater wage increase.
