

Odd War Prisoner Arrangements Made

THE HAGUE, Dec. 1.—(Correspondence)—Seven to eight thousand British prisoners of war from Germany shortly are to take up their quarters at The Hague, and in the neighborhood, constituting a fresh strain on the sorely tried housing accommodation of the city and its environs. A like number of German prisoners from Great Britain are to be quartered in other parts of the country, and preparations are afoot to provide for them.

Both Great Britain and Germany have sent over representatives to cooperate with the Netherlands authorities in the matter. Special hospital accommodations are being provided for the numerous invalids, as only a limited number of cases can be placed in existing civil and military hospitals. The British and Netherlands Red Cross societies are joining in this task.

A site has been offered by the city council of The Hague, in the immediate neighborhood of the British quarters, for the erection of workshops, Young Men's Christian Association

huts and the provision of football and cricket grounds. Following the example set in Switzerland, special care is to be devoted to training men for useful avocations. With a view to avoiding competition with native labor, in accordance with rules laid down by the authorities, the employment provided probably will take the form of constructing movable houses or cabins for use in Belgium after the war, and making furniture for the same purpose—work that is already occupying many Belgian interned soldiers and refugees.

To accustom the German prisoners to regular employment and give them a certain amount of confidence in the future, workshops are to be erected in the Wolfhezen camp. Raw materials are to be brought from Germany, where the finished work will be in due course exported in order to avoid competition with Netherlands workmen. According to present plans, some of the men will be put to work on the land, while students will be given facilities to continue their studies at Netherlands universities.

ANNOUNCEMENT

The Food Administration is calling upon the public to assist in the conservation of food.

Restaurants have been called upon to exclude all meats from their menus Tuesdays of each week, and the Kellers Cafe has prepared for its patrons a meatless menu, and will continue to do so every Tuesday during the period our Food Administration, requests it.

KELLERS CAFE,
M-17

GLASS OF SALTS CLEANS KIDNEYS

IF YOUR BACK HURTS OR BLADDER BOTHERS YOU, DRINK LOTS OF WATER

When your kidneys hurt and your back feels sore, don't get scared and proceed to load your stomach with a lot of drugs that excite the kidneys and irritate the entire urinary tract. Keep your kidneys clean like you keep your bowels clean, by flushing them with a mild, harmless salts which removes the body's urinous waste and stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of acid and waste, so we can readily understand the vital importance of keeping the kidneys active.

Drink lots of water—you can't drink too much; also get from any pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast each morning for a few days and your kidneys will set fine. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate clogged kidneys; also to neutralize the acids in the urine so it no longer is a source of irritation, thus ending bladder weakness.

Jad Salts is inexpensive; cannot injure; makes a delightful effervescent lithia water drink which everyone should take now and then to keep their kidneys clean and active. Try this, also keep up the water drinking, and no doubt you will wonder what became of your kidney trouble and backache.—Adv.

Start Tomorrow and Keep It Up Every Morning

Get in the habit of drinking a glass of hot water before breakfast.

We're not here long, so let's make out stay agreeable. Let us live well, eat well, digest well, work well, sleep well, and look well. What a glorious condition to attain, and yet, how very easy it is if one will only adopt the morning inside bath.

Folks who are accustomed to feel dull and heavy when they arise, splitting headache, stuffy from a cold, foul tongue, nasty breath, acid stomach, can, instead, feel as fresh as a daisy by opening the sluices in the system each morning and flushing out the whole of the internal poisonous stagnant matter.

Everyone, whether ailing, sick or well, should, each morning, before breakfast, drink a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver and bowels the previous day's indigestible waste, sour bile and poisonous toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases, waste and acidity and gives one a splendid appetite for breakfast. While you are enjoying your breakfast the water and phosphate is quietly extracting a large volume of water from the blood and getting ready for a thorough flushing of all the inside organs.

The millions of people who are bothered with constipation, bilious spells, stomach trouble; others who have sallow skin, blood disorders and sickly complexions are urged to get a quarter pound of limestone phosphate

TECHNICAL SCHOOL

FOR ALASKA PROPOSED

JUNEAU, Dec. 17.—Establishment of a technical school for Alaska natives at Metlaktila, near Ketchikan, is one of the several things William T. Lopp, chief of the United States bureau of education, is hoping for, he announced here recently. At the proposed school the natives will be taught carpentry, boat building, engineering, and the girls would be given

instructions in cooking, sewing and housekeeping.

BELIEVED RUSSIA WOULD

REPLACE Czar NICHOLAS

PETROGRAD, Dec. 17.—The letter to the former Emperor Nicholas of Russia, which led to the exiling of General Gurko, formerly commander of the Russian southwestern front, has just been published here. Its chief offense lay in the fact that General Gurko expresses the belief that Russia, after a trial of the evils of democracy, will "once more turn toward its lawful monarch and God's anointed."

To keep your face young and attractive, use Nylotis Face Powder
