

Succeeds Flynn As Head of Federal Secret Service

W. H. MORAN

WILLIAM J. FLYNN

W. H. Moran, deputy director of the secret service of the United States government under the secretary of the treasury, has become chief of the bureau since the resignation of Chief

William J. Flynn. It was expected Mr. Flynn would become police commissioner of New York City, but Judge John F. Hyland, the new mayor, did not appoint him.

Malheur Project Gets Turned Down

WASHINGTON, D. C., Jan. 15.—There is no money in the reclamation fund to construct new projects and the general policy is not to begin new units when costs of construction have gone up 40 per cent beyond the former standard. This is the substance of the answer returned by Secretary Lane to the Oregon delegation which asked him to recommend an appropriation for the Malheur project.

Chamberlain and McNary, Congressmen Sinnott, Will R. King, chief counsel for the reclamation service, Judge Dalton, Biggs and C. W. Millette of Ontario. The Malheur plan has assumed practically the same shape as during the last session, with slight prospect that congress can be induced to make an appropriation and little hope that money can be secured from reclamation funds. Secretary Lane promised to give the subject further consideration, and return an answer in a few days.

Alsace Residents Not Partial to Germany

PETROGRAD, Dec. 18.—(Correspondence of the Associated Presses). The Alsace-Lorraine situation from a native's point of view is laid before the Russian public in an article published here by the Alsace delegate, George Veil. "I myself am a walking example of our people's attitude," he says. "I am a social democrat, and therefore in principle am opposed to war. Before the war I was one of the many Alsace-Lorraine politicians who were content to limit our national program to an autonomy within the boundaries of the German empire. From this it must not be gathered that we had forgotten that in 1871 our right as a nation to self-definition had been violated by Bismarck. No, we were willing to limit our demands for the sake of peace; that was all. We knew that we could be reunited to France only at the price of war, and we wished to avoid that."

In history, we are Germans. This, however, is untrue, or only partly true. "Admitted that the great part of our population is a mixture of German and Celtic races, as is also the case of a good part of the population of north and west France; admitted, also, that a considerable part of the population speaks in the Alsacian dialect, which is a branch of the German language. Nevertheless, our history has removed us far from the German root and made us French. "During the sixteenth and seventeenth centuries we were utterly separated from Germany, and took no part in the formation of the new Germany which was forming under the banner of Prussia. The new Germany became a stranger to us, while France drew nearer and nearer to us. "The great French revolution finally decided our national character. The entire population of Alsace-Lorraine was caught in the revolutionary movement. The Marsellaise was written in Strasbourg, and sung for the first time by Rouge-Lille at the house of the mayor of Strasbourg."

HAVE ROSY CHEEKS AND FEEL FRESH AS A DAISY—TRY THIS!

Says glass of hot water with phosphate before breakfast washes out poisons!

To see the tinge of healthy bloom in your face, to see your skin get clearer and clearer, to wake up without a headache, backache, coated tongue or a nasty breath, in fact, to feel your best, day in and day out, just try inside bathing every morning for one week. Before breakfast each day, drink a glass of real hot water with a teaspoonful of limestone phosphate in it. It is a harmless means of washing from the stomach, liver, kidneys and bowels the previous day's indigestible waste, sour bile and toxins; thus cleansing, sweetening and purifying the entire alimentary canal before putting more food into the stomach. The action of hot water and limestone phosphate on an empty stomach is wonderfully invigorating. It cleans out all the sour fermentations, gases and acidity and gives one a splendid appetite for breakfast.

A quarter pound of limestone phosphate will cost very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, sweetens and freshens the skin, so hot water and limestone phosphate act on the blood and internal organs. Those who are subject to constipation, bilious attacks, acid stomach, rheumatic twinges, also those whose skin is sallow and complexion pallid, are assured that one week of inside bathing will have them both looking and feeling better in every way.—Ad.

TURN HAIR DARK WITH SAGE TEA

IF MIXED WITH SULPHUR IT DARKENS SO NATURALLY NOBODY CAN TELL.

The old-time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grand-mother's recipe, and folks are again using it to keep their hair a good, even color, which is quite sensible, as we are living in an age when a youthful appearance is of the greatest advantage. Nowadays, though, we don't have the troublesome task of gathering the sage and the mummy mint at home. All drug stores sell the ready-to-use product, improved by the addition of other ingredients, called "Wyeth's Sage and Sulphur Compound" for about 10 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and

draw this through your hair, taking one small strand at a time; by morning the gray hair disappears, but what delights the ladies with Wyeth's Sage and Sulphur Compound, is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.—Adv

IF BACK HURTS BEGIN ON SALTS

FLUSH YOUR KIDNEYS OCCASIONALLY IF YOU EAT MEAT REGULARLY

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Most forms uric acid which clogs the kidney pores so they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage, or attended by a sensation of stinging, get about four ounces of Jad Salts from any reliable pharmacy and take a table spoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder disorders. Jad Salts is inexpensive, and cannot injure; makes a delightful effervescent lithia water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.—Adv.
