

# Mexico May Aid Allies By Exchange of Grain

EL PASO, Texas, May 7.—Mexico may yet aid the allies without violating her neutrality, if a plan now under consideration is carried out. Charles N. Bassett, food administrator for this district, and Andres Garcia, Mexican consul general here, are working out a plan for the exchange of wheat and corn which will add thousands of bushels of wheat to the supply available for the allies.

Mexicans care less for wheat flour than they do for corn flour and other food products made from corn. Corn is the staple food of Mexico. Yet great tracts of fertile land in the Laguna district of Coahuila, near Torreon, have been planted to wheat because the pink boll weevil has destroyed the cotton crops which have grown on these lands in the past. As corn cannot be shipped abroad as easily as can wheat, and is not considered a staple war foodstuff, Administrator Bassett's plan is to exchange corn grown in the United States for wheat grown in Mexico. The plan is now under consideration, and if carried out, will materially aid the allies in the war.

The undeniable patriotic attitude of Mr. Campbell was clearly emphasized before his fellow citizens at this gathering. He had apparently been greatly misunderstood, and his fearless method of denying some of the reports about the rest of those in question, and his desire to protect them against what he believed unfair treatment, had given rise to unjust suspicions.

It is the evident purpose of the Home Defense League to weed out some of those who are receiving the protection of the United States government at this critical time, and either doing nothing for it or working directly against it.

## REMARKABLE WAR FILM IS COMING SOON

SENSATIONAL FEATURE FILM WHICH HAS STIRRED THE CITIZENS IN ALL LARGE CITIES TO FIGHTING PITCH, BOOKED HERE

What is declared to be the most sensational war picture since the outbreak of the European struggle is to appear here in the near future, in the widely advertised "Beast of Berlin," recently booked by J. V. Houston.

Such a merciless exposure of the Jewish customs and practices of this Jackal of Europe has been released for the screen, that the German sympathizers have more than once stolen the films in Chicago and other cities, and Manager Houston was compelled to give affidavit that he would keep the rolls in burglar proof vaults while they were in his custody.

That this film has roused Americans by hundreds of thousands as perhaps nothing else could have done, is apparent to those who have read the play ads and criticisms in the outside papers. The picture will be shown at the Klamath Agency and Merrill.

**When He Gets that Pouch of Real GRAVELY Chewing Plug You Sent Him**

A man's first impulse is to share a good thing. Real Gravelly Plug has been spread all over America simply by the Gravelly user offering a small chew to his friends. Tobacco like that is worth sending. It means something when it gets there.

Give any man a chew of Real Gravelly Plug, and he will tell you that's the kind to send. Send the best!

Ordinary plug is false economy. It costs less per week to chew Real Gravelly, because a small chew of it lasts a long while.

If you smoke a pipe, chew Gravelly with your knife and add a little to your smoking tobacco. It will give flavor—improve your smoke.

**SEND YOUR FRIEND IN THE U. S. SERVICE A POUCH OF GRAVELLY**

Dealers all around here carry it in 10c. pouches. A 2c. stamp will put it into his hands in any Training Camp or part of the U. S. A. Even "over there" a 2c. stamp will take it to him. Your dealer will supply envelope and give you official directions how to address it.
