

# Big Timber Sales Made By Government

PORTLAND, May 27.—Two sales aggregating 15,000,000 board feet of government timber have been made recently by District Forester Geo. H. Cull of Portland. The sale of 11,000,000 feet of Western yellow pine at \$2.85 per 1,000, and 1,300,000 feet of Douglas fir and other species at 60 cents per 1,000 was made to the Wasco Lumber company of The Dalles, Ore. The timber stands on the Tama-rack Creek drainage basin, Oregon National forest. It probably will be milled at the company's mill on the tract.

The second sale, consisting of 2,000,000 board feet of living and dead Douglas fir and 900,000 feet of living and dead Western red cedar and other species on the north fork of the Nook-sack River, Washington National forest, was awarded to Chester McKen-zie of Glacier, Wash., at \$2.30 per 1,000 board feet for all species.

# Showers Last Week Helped State Crops

PORTLAND, May 27.—Light to moderately heavy showers fell in all districts, except in the extreme north-eastern and central eastern counties during the past week, according to the weekly summary of crop and weather conditions in Oregon, issued by the weather bureau here. In portions where rain did not fall it is still needed.

## "JOAN THE WOMAN"

"Joan" Comes to Star Theater

The Star theater feels justly proud in being the presenter of this, the most magnificent, the really perfect picture, that has been produced in cinematography, one that comes to us at a time when the topic of patriotism is uppermost in the mind of every one.

The amount spent in producing this

Geradine Farrar in 'Joan the Woman' play was tremendous, the time consumed in its filming longer than perhaps any other picture, the number of real film stars who participated greater than in any other production that has ever been shown, the settings more elaborate, etc., etc.—but not in these things lies the worth of this picture.

For You and I, and All America Rather is it in the direct and deep-rooted appeal that this message of patriotism contains, produced in a manner that above the clap-trap, the fanfare and the waving of flags and firing of guns by the most artistic director in the business, Cecil DeMille, and featuring the one woman who is thereby placed at the pinnacle of film-dom stars, Geradine Farrar.

Here we have the bravest woman in history coming down to our own age, demanding that we listen to her in the mighty invocation for the freedom of civilization.

This Stands With President Wilson's Address

This play has been compared with the now famous address of President Wilson, made to the senate and house on April 24; both are a direct appeal to every living patriot to gird himself and step forth in defense of humanity. He, in a most scholarly way, DeMille in a tense and spectacular manner.

Even to the Trenches of Today Nor did she stop there, for today, right at the front in Europe, there is no greater stimulation to patriotic endeavor among the men than the presence among them of that fighting spirit suggested by Joan of Arc. She is their patron saint, their mascot, their guardian angel, or call her what you will.

Some of the most remarkable effects have been worked into this play by the Leaky Company, carrying forward as D. W. Griffith put it, many years ahead of anything that has ever been done in picture before.

Star theater, Wednesday and Thursday, May 29th and 30th.

## At the Theaters

A modern St. Cecilia is the type of woman played by Gladys Brockwell in her newest big photoplay for Wm. Fox, "A Branded Soul." This picture, full of action and artistry from one end to the other, comes to the Orpheus today. Mexico is shown in this production. The intimate life of the great republic to the South forms a picturesque background to a series of incidents which approach their great climax in the burning of an oil field and the destruction of a fortune.

## DRINK HOT WATER IF YOU DESIRE A ROSY COMPLEXION

Says we can't help but look better and feel better after an inside bath.

To look one's best and feel one's best is to enjoy an inside bath each morning to flush from the system the previous day's waste, sour fermentations and poisonous toxins before it is absorbed into the blood. Just as coal, when it burns, leaves behind a certain amount of incandescent material in the form of ashes, so food and drink taken each day leaves in the alimentary organs a certain amount of indigestible material, which if not eliminated, form toxins and poisons which are then sucked into the blood through the very ducts which are intended to suck in only nourishment to sustain the body.

If you want to see the glow of healthy bloom in your cheeks, to see your skin get clearer and clearer, you are told to drink every morning upon arising, a glass of hot water with a teaspoonful of limestone phosphate in it, which is a harmless means of washing the waste material and toxins from the stomach, liver, kidneys and bowels, thus cleansing, sweetening and purifying the entire alimentary tract, before putting more food into the stomach.

Men and women with sallow skins, liver spots, pimples or pallid complexion, also those who wake up with a coated tongue, bad taste, nasty breath, others who are bothered with headaches, bilious spells, acid stomach or constipation should begin this phosphate hot water drinking, and are assured of very pronounced results in one or two weeks.

A quarter pound of limestone phosphate costs very little at the drug store but is sufficient to demonstrate that just as soap and hot water cleanses, purifies and freshens the skin on the outside, so hot water and limestone phosphate act on the inside organs. We must always consider that internal sanitation is vastly more important than outside cleanliness, because the skin pores do not absorb impurities into the blood, while the bowels pores do.—Adv.

## "WHEN YOUR KIDNEYS FEEL LIKE LUMPS OF LEAD"

When you wake up with backache and dull misery in the kidney region it generally means that you have been eating too much meat, says a well known authority. Meat forms uric acid, which overworks the kidneys in their effort to filter it from the blood, and they become sort of paralyzed and loggy. When your kidneys get sluggish and clog you must relieve them, like you relieve your bowels; removing all the body's urinous waste, else you have backache, sick headache, dizzy spells; your stomach sour, tongue is coated, and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment, channels of sea get sore, water solids and you are obliged to seek relief two or three times during the night.

Either consult a good, reliable physician at once or get from your pharmacist about four ounces of Jad Salts; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys, also to neutralize acids in the urine so it no longer irritates, thus ending bladder weakness.

Jad Salts is a life saver for regular meat eaters. It is inexpensive, cannot injure, and makes a delightful effervescent lithia-water drink.—Adv.
