Half Billion Chopped From Revenue Bill

WASHINGTON, Nov. 25.—Reductions today were elimination of the luxury schedule proposed in the house bill, levying 20 per cent on costly articles of clothing and other merchandise, and estimated to raise \$184,795,000; elimination of the house tax of 2 cents a gallon gasoline, estimated to yield \$40,000,000; reduction from 10 to 5 per cent, or about \$200,000,000, in revenue in rates on many articles classed as semi-luxuries, and a reduction of about one-half in the house rates on

tobacco, a cut of about \$54,000,000 in revenue. The committee has deferred decision on the plan, suggested by Secretary McAdoo, and specifically presented by Chairman Simmons, for incorporating in the measure specific rates for 1920 taxation, by which the total revenue yield would be limited to \$4,000,000,000. Republican members still vigorously oppose legislation for 1920, and the committee decided to pass that question temporarily.

HUNS LACKED HORSES TO SAVE BIG GUNS

WITH THE AMERICAN FORCES IN FRANCE.—The Germans were so short of horses during the latter part of the great Allied offensive this fall that when the Americans drove them back in the Meuse sector the German troops sometimes were compelled to abandon their lighter cannon. Generally the Germans tried to remove their heavy guns and get away the smaller ones later if they could. Occasionally the Americans found German guns in perfect conditions with great stores of ammunition nearby.

Some of these guns were turned upon the Germans. Others which were too badly damaged to be used are being sent back to the United States for exhibition purposes.

Meet Private Miss Sawyer, Devil Dog of Marines

MISS RAY C. SAWYER.

Ray C. Sawyer, who has won the hearts of all doughboys, gobs and devil dogs in the United States and abroad, by sending them music to cheer in their weary moments, has herself become a devil dog. She has enlisted in the Marines. She admits they want her into the trenches with the men who won Chateau Thierry, so she is going to work with the Mobilization Bureau in New York City.

FREE TRADE IN SOUTH AMERICA NOW DISCUSSED

BUENOS AIRES.—(Correspondent Associated Press)—Argentina has taken the lead in an effort to persuade the South American republics to tear down their tariff walls and open themselves to free trade among themselves, arguing that such action would make them commercially independent of other countries in Europe and North America. This step has been taken in spite of the fact that until now the Argentine's principal source of revenue has been its customs house.

To show its sincerity the Argentine government has introduced a bill in congress providing for the opening of diplomatic negotiations with all the neighboring countries for the adoption of treaties providing for the free exchange of the products of each country concerned.

If the desire of Argentina is to remove the fiscal barriers which in the past have estranged the nations of South America and restricted commerce between them, making them dependent on overseas nations.

A year's trial of free trade with Peru has led Argentina to seek similar arrangements with the other republics. The Peruvian legation in Buenos Aires and the Argentine consulate in Lima have acted as commercial agents for their respective countries, with the result that today there is a regular trade of wheat, flour and cereals to Peru in exchange for cotton, rice and sugar from Peru. It is expected that Chile will be the next republic to ratify a free trade treaty.

Asks Aid for Starving Thousands in Palestine

Relief work on a vastly greater basis than at present is necessary to save the starving thousands in the Holy Land, is the message sent to Red Cross Headquarters by Dr. John H. Finley, Red Cross Commissioner for Palestine. His recommendation that two additional hospital units be sent as soon as possible has been approved by General Allenby, whose forces drove the Turks from the district now so sorely in need of aid.

RESERVATION HEAD BUYING LIVESTOCK

Superintendent J. H. Norris of the Klamath Indian reservation was a week end visitor in Klamath Falls. He is busy buying cattle and horses for the Indians out of the recent congressional appropriation for this purpose. Bids were recently opened for different kinds of stock by the Indian department, but the prices were considered too high by Superintendent Norris, who is now buying by private sale. Purchases have been made from J. Frank Adams and other prominent county stockmen.

NOTICE

All questionnaires must be returned to the sheriff's office at Klamath Falls not later than December 9th according to a statement today by Sheriff George Humphrey.

REACTION OF DANCING MAY FOLLOW WAR

LONDON.—(Correspondent Associated Press)—Dancing, virtually interdicted by the war, has been resumed in a limited way. Two hundred eager applicants for tickets to the first dance were unable to obtain admission.

These "rationed" inter-Allied dances, designed especially for the edification and delight of young officers on leave in London, are smiled upon by the military authorities, a number of whom were present at the first. There were a hundred hostesses, many prominent in English society, including Lady Randolph Churchill.

American army and navy officers almost out-numbered British and French. One steps and two steps, which some Londoners refer to as "American stutter dances," alternated with the more sedate waltzes. Two women police were there as chaperones, but they had little to do.

Lady Randolph Churchill told a reporter that introductions, made by the official hostesses, were to be a feature of the dances. Single tickets are not to be sold to women or girls. "Can it be," one commenter asked, "that this sudden resuscitation of dancing under the patronage of the authorities is a forerunner of the reaction that will follow the strain and anxiety of the war, and all the land with laughter?"

BRIGHT LIGHT MEANS BRISK BUSINESS

The dingy store can never hope to do more than a "dinky" business.

Proper lighting is as essential to the success of the modern retail store as the stock of merchandise on its shelves.

The Well-Lighted Store Gets the Business

Everybody wants to trade in the well-lighted shop—where they may readily see just what they are getting and where an air of bright prosperity prevails.

Take an accounting of your store lighting today. Ask yourself if it is good as it could be. Ask yourself if modern Electric Lighting fixtures wouldn't remove some of the present shadows and put you on a new and certain road to business success.

They have done this for others—they will do it for you.

Telephone 54 now. We will appreciate an opportunity to serve you.
