CONGRESS PREPARES FOR LONG GRIND

(Continued from page 1)

finance American export trade. Both bills are now in conference.

Many Debates Pending

Besides the treaty of Versailles, several other treaties are pending, and promise to evoke long Senate debate. Three treaties, one guaranteeing assistance to France in event of German aggression, that establishing Poland and defining the Rhine frontier and the long-pending \$25,000,000 Colombian pact, are pending before the Foreign Relations committee.

The peace treaty with Austria also is expected to be ready for transmission by the President soon. The committee also has before it the resolution of Republican Leader Lodge proposing that Congress, by concurrent resolution, declare the war with Germany ended. This will be fought vigorously by the administration. Early action on the French

treaty is not planned by the committee majority, but the Polish treaty, the leaders say, will be passed.

Among other important international matters pending or in prospect are the House bill to repeal the Canadian reciprocity treaty and commercial conventions and trade extension arrangements with the allies, the enemy countries and other nations.

On the legislative calendar are many measures already passed by Senate or House. They include bills establishing a federal budget system, providing a permanent shipping policy, regulating cold storage of food products, and providing for development of water power.

Fiscal legislation promises to have a prominent place in the work of Congress. General tariff revision and modification of the international revenue laws are planned before the political campaign. Repeal of many war taxes will be proposed and anti-dumping bills to protect American manufacturers are pending.

Permanent army reorganization policies, incorporating the moot question of universal training, soon are to be brought out by the Senate and House military committees, while the committees must pass on a new building program and on bills increasing the navy's personnel and its pay.

Will Curb Disloyalty

Prominent among the other measures to be taken up are those dealing with radical aliens and anarchists and the high cost of living. Leaders also plan to give attention to means of averting industrial strikes by federal mediation or other methods. The Lane-Mondell bill embodying Secretary Lane's plan of farms for soldiers and sailors also is up for passage and Congress will attempt revision of several standing laws and repeal of the espionage and other war measures.

Numerous investigations also are planned. Senate inquiries into Mexican affairs and the coal, wheat and sugar situations will continue while the House will carry on its investigations of war department activities.

New investigations proposed by the Senate includes that into the print paper situation and into the charges by Senator Watson of Indiana that socialists and radicals are in the employ of the Federal Trade commission. The Senate Privileges and Elections committee plans to take up the contest filed by Henry Ford against the election of Senator Newberry, Republican, of Michigan.

Senate Democrats are to hold a conference this week to elect a leader to succeed the late Senator Martin of Virginia, with the contest apparently narrowed to Senator Hitchcock, Democrat, of Nebraska, administration leader in the peace treaty fight, and Senator Underwood of Alabama, for Democratic leader in the House.

Conferences of the Republicans and the steering committees of both parties also are planned soon to fill committee vacancies.
