

### What Paint Do You Recommend For Asbestos Roofing?

**Answer--None!  
WHY?**

A rock doesn't need paint to make it last. Neither does Asbestos Roofing. Because Asbestos Roofing is made of rock.

The Asbestos in Asbestos Roofing is the same unchanged fibrous mineral that has endured through countless centuries of terrific heat and pressure.

Of course, it doesn't need painting. There's no use painting anything that can neither corrode nor decay.

That's why Asbestos makes roofing that is impervious to the heat, cold, rain, sleet or snow of any climate.

For over a quarter of a century, Johns-Manville have led in the development of Asbestos products. As Asbestos Roofing specialists, they are in a position to know just what roofing is best to apply—and how to apply it.

Johns-Manville Asbestos Roofings are approved by the Underwriters' Laboratories, Inc., and take base rates of insurance.

## 35 STATES WILL NAME GOVERNORS NEXT NOVEMBER

CHICAGO, May 26.—Thirty-five states will elect governors next fall at the time when the president and vice-president are chosen. Thirty-two United States senators, to take office March 4, 1921, also are to be selected.

Of the governors whose terms expire next year twenty-two are republicans and thirteen democrats; while 17 of the 32 senators are democrats and fifteen republicans.

The 35 governorships to be filled offer a wide range, both in terms and salaries. Among the state executives whose terms expire are Frank O. Lowden, of Illinois, the highest paid governor in the country; and S. R. McKelvie, of Nebraska, the poorest paid. Mr. Lowden receives \$12,000 yearly for a four year term and McKelvie \$2,500 annually for two years. Only twelve of the 35 will receive over \$5,000 a year; and five will be paid \$3,000 or less.

Governor Coolidge, of Massachusetts, whose position carries a \$10,000 salary, is the only governor in the country elected for one year. All other states have either two or four year terms.

Territorial governors are better paid than the average state executive and two of the four are appointed for indefinite terms, with the result that they remain in office as long, as a rule, as the president who named them.

Francis Burton Harrison, governor-general of the Philippines, tops the list of territorial executives with an indefinite term and a \$20,000 yearly salary. Arthur Yager, Governor of Porto Rico, receives \$10,000 and is appointed for an indefinite term. Governor Thomas Riggs, Jr., of Alaska and C. J. McCarthy, of Hawaii, each received annual salaries of \$7,000 during the four year terms.

## AVERTED 'DRY' DEMONSTRATION

LONDON, April 26. (By Mail).—Parliament was spared a demonstration by delegates to the world's convention of temperance workers recently held here only because of the London members warned the women that such action would be illegal. The proposal was made by Mrs. Lee Cowie, of New Zealand, who aroused the enthusiasm of the delegates by telling them that New Zealand women had been successful in a temperance demonstration. She said that when the New Zealand government was to busy with the war to attend to temperance legislation, the temperance workers there organized the "silent march" in Wellington which so impressed legislators that the temperance bill was passed by the House of Parliament by a small majority. She said, however, that the bill would have to be adopted by three-fifths of the House before it became a law in New Zealand.

she urged. "You don't want hatchets and hammers. If you don't get into Parliament, the very fact that you march to the House to pray may show that you are in earnest and at any rate they might give Wales her bill."

This suggestion was received with much enthusiasm, until Lady Carlisle pointed out that it would be illegal, and that the convention would have to arrange a delegation and not a demonstration to go before the House. It was decided to send the delegation.

Miss Agnes Slack, summarizing the progress of the temperance movement, said that Finland and Iceland have obtained prohibition and that in Denmark the work was nearing completion. Nothing had been heard of the temperance movement in Russia and Bulgaria for three years.

"In China," she said, "the work is overwhelming because the liquor traders from the United States and Canada are trying to make a center for the sale of their liquor there."

## PUBLIC SAFETY DIRECTOR ADDS TO BOXING CODE

PHILADELPHIA, May 26.—Philadelphia's director of public safety, James T. Cortelyou, recently announced a new code of rules to govern boxing bouts in that city which it is believed will benefit the ring sport there. Under the old rules, which had been in vogue for about nine years, all bouts were limited to six rounds duration. He claims that by lengthening the number of rounds, fighters will be less apt to "stall" and every fighter who signs up for a match will have to "weigh in" at, or under, the stipulated weight called for in his contract. The director also has asserted that the new code will be enforced to the letter and has warned all promoters, managers and boxers to that effect. Following are some of the new rules:

- Seconds shall use a fan and not a towel for fanning boxers.
- All seconds shall remain in their boxers' corner during the bout and not place themselves in a neutral corner.
- Throwing water by seconds on their man during a round shall disqualify the boxer, and one-half of the Jatter's money shall go to a hospital to be designated by the club.
- Wherever a boxer is apparently outclassed the bout must be stopped.
- No boxer shall be allowed to contest against an opponent 10 pounds heavier than himself, in the light-weight class or under.
- Weights shall be announced from the ring-side.
- Only soft bandages shall be allowed on boxers' hands.
- Only six round bouts permissible.
- The foul blow known as the "kidney punch" shall be barred.
- Smoking shall be prohibited.
- No boxer shall be permitted to wear white costume.
- Every contestant must be furnished a contract, signed by manager, boxer and promoter.
- Greasing a boxer shall not be permitted.
- All contestants in star bouts shall report to the superintendent of police 24 hours before the contest.
- In case of disappointment the public must be notified.

Gloves must be put on in the ring. Gambling in any form shall be prohibited. Any boxer, manager or handler guilty of gambling shall be barred from contests in this city for all time.

## JAPANESE LABOR INVESTIGATION ON

HONOLULU, T. H., May 17. (By Mail).—A number of prominent Japanese commercial and professional men, meeting as the Japanese Current Problems Investigating association, recently appointed a committee of three leading Japanese to investigate the affairs of the Japanese labor organization which late in January instituted the strike of workers on the sugar plantations.

Despite the announcement of the planters that, as far as they are concerned, the strike is over and the places of the Japanese who walked out have been filled, the Hawaiian Federation of Labor, formerly known as the Japanese Federation of Labor, asserts it is prepared to carry the fight for higher wages to a finish.

Originally about eight thousand Japanese and Filipinos went on strike. Most of the Filipinos have returned to work, but figures from Japanese sources indicate that about five thousand workers of that nationality still are holding out.
