Film Tonight Shows
Studebaker in Making

People interested in the mecha-
nism of the automobile, and who de-
sire to see the complete details of
the manufacture of the Studebaker
automobile from start to finish, can
witness a film picture of such at
the Star theater tonight, secured by
the Dunham Motor company for a
one day showing only.

The film is instructive, and shows
the most intricate details of the
Studebaker car so plain that the
spectator can almost imagine him-
self in the factory, seeing the living
workmen perform, instead of the
" canned actors." This film is run
in connection with the regular pro-
gram of the theater.

Watchman Fires on
Burglars at Modoc
Lumber Co.'s Store

Two thieves, in an attempt to rob
the Modoc Lumber company's com-
missary, broke into the building last
night and had about \$50 worth of
goods piled outside when they were
discovered by the night watchman.
The watchman opened fire on the
men in an effort to frighten them
and it is believed one of the men
was wounded, according to the re-
port phoned to Sheriff Low this
morning by George Chastain. So far
no definite traces have been found
of the fugitives.

ARKANSAS OFFICER IS
HERE FOR WILKINS DUO

Joe A. Gley, sheriff of Benton Coun-
ty arrived last night to take charge
of the two travelers from Okla. who
are alleged to have stolen the ma-
chine which brought them here. Clar-
ence and Cecil Wilkins are the names
which the two prisoners gave Sheriff
Low at the time of their arrest.

MANY OIL LEASES

An avalanche of oil leases de-
pended on the county clerk's office
yesterday and the office force has
been busy ever since recording them.
The records show that 47 leases
were filed Monday.

THE MONDALE

As a surprise for patrons the Mon-
dale has booked tonight vaudeville
that's different. The Beeson Bros.
vaudeville and trained animal at-
traction contains a number of clever
performers, both biped and quad-
ruped. The three musical Lavetts
play everything from grand opera to
ragtime. You'll like this show. It's
different.

MIDLAND ITEMS

The entertainment and ice cream
social held at the Midland school
Friday night was enjoyed by a
crowded house. Spectators from the
surrounding districts and Klamath
Falls came to see the prince, prin-
cess and fairy in the play Cinderella.

They indeed looked real in their
pretty costumes all decorated with
silver tinsel and gold fringes.

The auditorium was tastefully
decorated with sword ferns, fox
gloves and Shasta daisies. The
flowers and ferns used in the decora-
tions were sent in from Seattle.
Misses Ida Hooper and Lillian
Knapp spent a half a day decorat-
ing.

More than eight gallons of ice
cream were sold, which more than
covered the expenses. A ribbon cake
which was baked by Mrs. J. W.
Jory was auctioned off and bought
for \$4.50. About \$30 was taken in
for the ice cream and cake. Every-
body had a nice time.

that Dr. Lyle referred to, and that
no such interpretation could be
placed upon the company's stand.
Councilman West again declared
that he was very much against put-
ting the city to a legal test, and
that it was useless expenditure of
the city money. He made a mo-
tion that the bid of the Warren
Construction company for the paving
of High street from Sixth to
Eighth, Sixth from Pine to High,
and Seventh from Pine to Wash-
ington streets be accepted.

Again a torrent of opposition
poured forth from Mr. Lyle. Coun-
cilmembers Bogardus and Vollmer,
Lyle challenging the motion on a pa-
rliamentary rule. Councilman Voll-
mer questioned the extension of
time of the contract, adding that
"my vote is final, as it was last

week, and the Warren Construction
company hasn't got a ghost of a
chance to get anywhere," basing
this last remark upon a purported
conversation with former City At-
torney Groesbeck, in which the lat-
ter is alleged to have given the in-
formation that there was no basis
for action against the city by the
construction company.

After much discussion, the mat-
ter was voted upon, and for a mo-
ment the decision was not apparent,
for Councilman McCollum did not
raise his voice high enough to en-
able the clerk to register his vote.
The mayor requested his vote,
which Councilman McCollum said
was against the contract. This was
the termination of the paving of
High street, and the matter was
dropped.

Action on the proposed seven new
paving units was laid over for con-
sideration at the next meeting.

A petition from the residents of
the Fourth and Roosevelt street
district asked that a fire hydrant
be installed. It was referred to the
fire committee and fire chief for
report at next meeting.

Permission to use fireworks on
the Fourth of July was refused.

W. C. Davenport was granted
permission to hang an electric sign
in front of his place of business
on Sixth street.

In order to facilitate the sale of
sewer bonds in the Mills addition,
the city attorney was ordered to
prepare an emergency ordinance
amending the city charter so that
city bonds would be permitted to
cover a period of 30 years instead
of the present 20-year requirement
in the ordinance at present in force.
The bonds for the sewers were
drawn for maturity in periods of
ten, twenty and thirty years, but
acceptance of these bonds by a bid-
der, the Lumberman's Trust com-
pany, would be subject to the
amendment.
