Can't be done!

Try to make some baking powder yourself. Buy
the cream of tartar and soda, mix them in the right
proportions.

Then imagine that you are the manufacturer, and
have to make a profit, and besides, sell it to the grocer
at such a price that he can make a profit too.

Ask your grocer to sell you his best cream of tar-
tar, see what it costs, and see if you can make pure
good baking powder for 25 or 30 cents a pound.

It can't be done.

Schilling's Best—at your grocer's—is the best of
the right-price baking powders.

COUNTY ITEMS.

GATHERED BY OUR CORRESPONDENTS
A Brief Glimpse at Last Weeks
Happenings

Woods

(FROM THE OCEAN WAVES)

Duck shooting has been quite good
for the past ten days.

Messrs Will Raleigh and Fred Church-
man, returned to their homes Tuesday.
While here they killed about 150 ducks
and geese.

Mr. A. C. Southmayd, who has been
running a store on the other side of the
river, about half a mile down the river
has moved to Woods for the winter.

During the storm of Wednesday night,
the roof of Peter Jaack's barn was blown
off, Wm. Glick's was entirely destroyed,
while Rome Dunn's suffered to some
extent.

The county road, running toward Sand
Lake, about a half mile from Woods,
where it crosses at the mouth of the lake,
has caved in. Unless it is repaired, the
next heavy rain we have will take out
the dam over which the road runs, and
then it will require a great deal of labor
to repair it. The bents, together with
the lumber, which holds the dam, has
recently given away and fallen in. A
portion of the road is caved in and should
be repaired immediately.

There has been some talk of having a
winter school at this place. Several
families have moved here to spend the
winter and express their desire to have a
school. It will be necessary to raise the
funds by subscription as all the regular
school funds have been expended. If
there is a desire to have a school, let some
one interested, start around and see what
can be raised. A school is needed bad
enough, but it will no doubt be rather
hard to secure enough funds with which
to carry it on. However, let us make an
effort.

There is some talk of having that part
of the old road, which connects with the
State road at the mouth of Three rivers,
converted to a county road.

Nehalem

(From the Nehalem Times)

A German Lutheran congregation was
organized Sunday, by Rev. Roolmer.

Edw. G. E. Wist was a passenger out
on the Harrison. He goes to Astoria on
business connected with his cannery.

A social dance was given in McClain's
hall Saturday evening. It was gotten up
on short notice but a goodly number
were present for all that.

Born, Wednesday, November 17th to
the wife of Mr. D. H. Vedder, of this
city a 10½ pound daughter. Mother and
child are doing well.

Mr. and Mrs. L. T. Pierce have broken
up house keeping on the Nehalem and
will move to Portland. Mrs. Pierce
went out on the Harrison and Mr. Pierce
expects to follow in a short time.

J. T. Johnson, of Clatskanie, is visit-
ing here with his son G. B. Johnson.
He came down the coast from Astoria
during the heavy storm last week and is
not anxious to take a similar trip.

The steamer Harrison arrived in from
Astoria Monday via Tillamook bay at
which place she had been bar bonded dur-
ing the heavy storm. She brought a full
cargo of goods for different parties. She
sailed Tuesday for Gardiner where she
will take on a load of salmon from
Elmore's cannery.

Billy Russell returned Friday from
Astoria where he has been undergoing
treatment for a cancer on his lower lip.
He did not have it cut out as he expected
to, but had it drawn out with plasters,
the operation requiring three weeks
time. The doctors are confident that
all the roots were taken out and that he
will have no further trouble from it.

Sand Lake

And the Lord said, 'let there be rain,
and there was rain,' with now and then
a sprinkle of wind with it.

Jeff. Harris has been commanded to
appear at his claim on Salmon river with-
out delay.

Fred Borrow our efficient mail carrier
had to bring the mail through on foot
this week on account of the fallen tim-
ber. Fred is always on time however.

H. Farmer, a guest of W. C. King, has
succeeded in capturing a large black

bear, he was an old one and consequent-
ly very cunning. On two occasions he
sprung the trap and threw it to one side
and then ate the bait at his leisure but
Mr. Farmer is old too, and especially at
that business and his cunningness was
too much for Bruin, and Bruin got his foot
in it. Mr. Farmer says he will treat his
friends to some dried bear meat.

Oretown

C. G. Cutting has gone to Dallas on
business.

Charles Harvey, the oldest son of Perry
Harvey, is visiting his old home at this
place.

A social party was held at the home of
Mr. John Redburg last Friday night.
Everyone present enjoyed the evening.

A number of persons from this vicinity
attended the Thanksgiving dance at
Woods and reported a good time.

Fred Scherzinger made a business trip
to Tillamook last week.

Mr. Atterbury rafted a large raft of
lumber, which he found on North Beach,
onto his tide-land, recently.

The Oretown Sunday-school generally
has a good attendance.

Mr. Hoopes, the youngest son of Caleb
Hooper, was married at his home in
Rocky Point, Clackamas county a short
time ago.

Bay City

Marcy Dollarhide has been spending a
few days with Bay City friends.

Mrs. Albert Gienger was a passenger
in on last trip of Elmore.

Mr. Petty's brother and family, from
Eastern Oregon, arrived Saturday.

Ernest Gienger has gone to Portland
for a short visit.

Ben. Higginbotham took out another
drove of cattle to Astoria, last week.

The Thanksgiving ball was well
attended. Over fifty numbers were sold.

Mr. and Mrs. J. S. Elliott were pass-
engers out on the Harrison last week.
They will visit their daughters while
gone.

Messrs G. O. Nolan and Lyman Lamb
spent Wednesday night in our city, much
against their will, owing to the disabling
of the Louise.

Again the wedding bells have been
ringing announcing the marriage of Miss
Bessie Pike to Geo. Williams, Rev. Potter
officiating. The parties are old residents
of Bay City, and have many friends
who unite wishing them a long and
prosperous life.

Who can doubt that times are bright-
ening up, when we see the schooners
sailing into the bay? There have been
three here in the past week, besides
the regular line of steamers and tug boat,
Maggie.

South Prairie.

Lyman Lamb, from the Truckee mill
spent Thanksgiving with his parents.

W. S. Aby has sold his ranch on Rilleen
creek to Rev. W. Hickle, who will leave
soon for Watsonville Cal. where he will
make his future home.

Mr. Skel has returned to Tillamook
after an absence for over a year in Eastern
Oregon. He contemplates making
this his permanent residence. 'Twas
thus even thirty years ago.

Frank Wheeler deserves the credit of
erecting the first silo in the county. A
building 12x12 and 21 feet in height
which he filled with corn cut from a
five acre of sandy soil of which produced
corn twelve feet high. The out come of
Mr. Wheeler's experiment will doubtless
be watched with interest by dairymen
here.

The regular convention called to make

of the large number present adjourned to
the Court House.

Recorder Drew called the meeting to
