CLUB CALENDAR

Sunday May 14, is Mother's Day, which will be celebrated in all parts of the United States.
To Miss Anna Jarvis of Philadelphia belongs the honor of establishing "Mother's Day." Several years ago Miss Jarvis wrote a booklet of white carnations to church in honor of her mother's birthday which was the 2nd Sunday of May. Next year the idea of honoring mother's each year spread throughout the country and the observance was national. With the increasing observance of the day came a great demand for white carnations. The demand was so great that white carnations on Mother's Day were selling at prices as high as \$1.00 each. Prices finally became so high that the florists themselves took remedial measures and the custom of wearing "white carnations" rather than white carnations resulted.

The Christian Church has been chosen for the headquarters of Federation of Women's Club on account of suitability and general convenience. The church made the Kill Kare ladies a very good offer for the use of the church.
