EASTERN OREGON.

Temperance Sentiment Pushing its Way into Umatilla County. I did not finish my notes in the letter forwarded to you yesterday, for fear of trespassing too greatly on your space. At Echo, where my narrative left me, it is very dry and dusty. The winter wheat froze, and the spring wheat has not had sufficient rain. Near town it looks like California during a partial drouth, and it keeps the Willamette valley very green in one's memory. I dropped some of the Oregon Land Co.'s advertising cards around. Further back, the grass, where not eaten out by over stocking, is said to be better, and considerable wool was coming in.

A good temperance sentiment exists here, as is indicated by a W. C. T. U., a lodge of Good Templars, a Band of Hope, and by a good majority for the amendment last fall. Labor is in demand at Arlington. A decent looking young man at the depot asked the writer for assistance in getting something to eat. He was recently from Minnesota, said, he had walked half way from The Dalles, and had eaten nothing during the day. I told him I never gave strangers money, because it too often went into the saloon keeper's till, but I would give him a supper at the hotel. After he was refreshed I took him to Mr. McFarland's, where I secured him a job on the water works at \$2 a day. He seemed willing to work, and was very thankful. Poor fellow! he looked awfully like he wished he was back home with his mother.

In Umatilla county it is very evident that Salem's ex-mayor, W. M. Ramsey, will make a good run for district judge.

To-morrow at Pendleton, he prohibition county convention in democratic Umatilla, the next day a rest (?) by preaching twice or thrice, letting partisan politics alone, except as no one can help reading between the lines of a temperance sermon.

STRANGE POLITICAL CAMPAIGN! We begin our meetings with prayer, often in churches; preach on Sunday. Yesterday, on the cars, argued for the truth of Christianity with a well read ex-saloon keeper. I never go near a saloon; pay for no liquor or cigars, directly or indirectly, to buy or influence votes; make no deals or trades with the other political parties or candidates; and get no boodle from democrats in republican counties, or from republicans in democratic counties. This is the kind of politics that naturally mixes well with religion, and neither sullies the other. J. W. W.

PENDLETON, May 12th. Cutting up the Aukeny Farm. W. P. Wright, the surveyor and real estate agent of Dallas, was in town yesterday with Mr. McMasters who bid in the famous Aukeny farm when it was sold at Masters' sale last fall. Mr. Wright is engaged in cutting up the Aukeny farm, consisting of 4100 acres, into small tracts, which are being sold to home seekers through the Oregon Land Company's agency. This is one of the finest farming tracts in the Willamette Valley, and will accommodate twenty to forty active farmers and their families.

The Bolsterous Atlantic is a terror to timid voyagers, scarcely less on account of the perils of the deep than the almost certainty of sea sickness. The best curative of mal de mer is Hostetter's Stomach Bitters, which settles the stomach at once and prevents its disturbance. To all travelers and tourists, whether by sea or land, it presents a happy medium between the nauseous or ineffectual remedies of the medicine chest, and the problematical benefit derivable from an unmedicated alcoholic stimulant, no matter how pure. The jarring of a railroad car often produces stomachic disorders akin to that caused by the rolling of a ship. For this the bitters is a prompt and certain remedy. The use of brackish water, particularly on long voyages in the tropics, inevitably breeds disorders of the stomach and bowels. Hostetter's Stomach Bitters mixed with impure water nullifies its impurities. Similarly it counteracts malarial and other prindential influences of climate or atmosphere, as well as the effects of exposure and fatigue. Take it for kidney complaints, rheumatism and debility.

MISSISSIPPI RIVER OVERFLOW.

The Levee at Quincy Breaks and Serious Damage is the Result. ST. LOUIS, May 14.—The river is steadily rising here, and the inhabitants on the American bottom are moving all of their portable property back to the high land.

The entire town of Alexandria, Missouri, is inundated with five feet of water and the damage is very heavy. The people are being taken as fast as possible to the high lands, a couple of miles back of town.

QUINCY, May 14.—The river is 17 feet 6 in. above low water mark today. The levees are greatly weakened and a crevasse is expected at any moment. Should a break occur more than 200,000 acres of farm land will be inundated. People in the threatened districts have fled to the bluffs. Trains are abandoned on a number of roads. The branches of the Chicago, Burlington & Quincy are greatly impeded, and many buildings in the city are flooded and vacated.

LATER—The levee has broken and the flood of water covers the lower grounds.

TELEGRAPHIC SPLINTS. The number of foreign immigrants landed in New York yesterday was 3413.

The store of Wells, Fargo's agent at Elko, Nev., was broken into on Sunday night. A box containing \$3,900 in silver and \$1,000 in gold coin was removed and carted on a wheelbarrow to the foot of a hill 1/4 of a mile distant; where it was found intact the next morning.

The railroad officials of California are discussing Sunday excursions to be given this summer. They are unanimous in the verdict that there is no profit in them, and that they have a bad moral effect.

Workmen are engaged to-day in grubbing out a lot of French Broom, a very prolific shrub, that has filled the north east corner of Willson's avenue. They should next be employed to tear away that villainous looking fence around the avenue, and to trim up, and loosen the sod around the trees, and otherwise clear up that piece of public property.

Captain M. G. Butterfield, commanding C. Co., 2nd regt., O. N. G., has not been putting in the winter and spring in idleness. He now has a company of as well drilled soldiers as one often sees. He is not afraid to back them, either, as he has challenged any company of the Second regiment, 2nd brigade, Cal. Nat. Guard for a competitive drill at Portland, the California company to draw two-thirds of the receipts, or to take it San Francisco for a guarantee of \$500.

EDITOR JOURNAL: On last Sunday morning, the 6th, two persons from Salem, with their dogs and guns, accompanied by a resident of this precinct, who should know better, entered the premises of W. A. Pike and began shooting, presumably killing grouse and China pheasant. This was kept up until late in the afternoon, when they were ordered off. They begged their game, so it could not be seen, claiming they had been hunting hawks; but there is good evidence that a Chinese pheasant and her six young, were among the spoils. There is a law against this which should be observed. I hope nothing of the kind will occur again, as this has heretofore been a law abiding community, and there are enough of the old stock left to insist that it remain so. Fair warning is given to everyone, naturalized or unnaturalized, that any recurrence of this sort will be reported for investigation, to the authorities.
