

LOCAL AND GENERAL NEWS

Vermized Account of Doings in City and Country.

A Pleasant Surprise. Parties who had occasion to travel the streets last night, were pleasantly surprised to find them lighted again, after being so long where Moses was when the lamps went out. The repaired dynamo for the outside lamps has arrived, and the machine for the inside arc lamps is expected every day.

A Fine Picture. A friend of both Mr. Clyde Cook, one of Salem's successful artists, and the JOURNAL, speaks in high terms of a fine, large picture that gentleman is working on representing a scene in the Tyrol Alps. It is not an exhibition but was incidentally seen by our informant.

Raised the McCoy Warehouse. Deacon Hatch, "the old man active," has returned from McCoy where he speedily raised the farmer's warehouse, a building 40x40 and containing 100 tons of wheat. He may be called to Perrydale to raise Mr. Kye's warehouse.

Ornamental Hedge. Those who have visited California cannot have failed to notice the beautiful Monterey cypress hedges, evergreen and capable of being cut and trimmed in any desired shape.

Good Prospects For the Coming year. President Van Scoy expresses himself well pleased with the outlook for Willamette University next year. Besides the large number of students coming from other parts of the state, and some of the other states and territories, some of the graduates from our own public schools will enter and take an extended course of instruction.

Returned With His Bride. Thomas Townsend, who left this city, clandestinely a short time since and accompanied the Salem school maams to San Francisco, has returned, and not alone. He brings with him, Mrs. Thos. Townsend, and they will be at home hereafter on Summer street, near Chemeketa. Mrs. Townsend will receive a hearty welcome in Salem.

Married at Albany. This morning M. A. Miller, of Albany, and his bride, formerly Miss Flora McCalley, of Lebanon, passed through on a short wedding tour. They were married yesterday evening at the residence of the bride's parents at Lebanon, by Rev. W. R. Bishop, of Portland. Mr. Miller is well known here.

Fruit Selling Well. Pacific coast fruit is in good demand in the east. California pears, plums and other kinds bring fair prices at the regular auction sales in Chicago. Since Oregon cherries, pears, prunes and plums cannot be trolled, this is good news for our orchardists.

Goes Dry. A telegram from Lompoc, Santa Barbara county, California, says the town has just voted a majority in favor of incorporating so as to repeal all liquor licenses.

Lane County Judgeship Settled. Judge Bean has decided the contested Lane county judgeship case in favor of Scott, the republican, and against Fenton. Scott's majority was five votes.

PERSONALS.

Mrs. Leabo, two daughters and son Reas returned from the coast this morning.

F. Owens, a journalist and A. Wylie of San Jose, Cal. are at the Moore house.

Fred Byars, delivery clerk at the post office, has returned, brown as a berry, from his seaside vacation.

E. M. Waite and wife start for Rock Creek to-day to camp out with the Williams and England party.

Hon. J. W. Minto and daughter Lena returned this morning from California. He left his daughter Laura at Mills college.

Mr. A. H. Breyman, wife and three children of East Portland, are visiting Messrs. Eugene and Warner Breyman and families in this city.

Prof. McElroy went to Albany last evening to meet the Pennsylvania teachers and accompany them to Salem. The Prof. is from the Keystone state himself.

Mrs. Belle Walker, of Forest Grove, registered at the Monroe House yesterday evening, making a hasty trip on business and returning on this morning's early train.

Prof. Smith, lately from Dakota, and now principal of The Dalles public schools, who was mentioned by the JOURNAL as recently looking around Salem for investment, purchased a fifty acre tract of fruit land before leaving. So he may be expected to visit the state capital again and perhaps eventually make his residence here.

Visiting Pedagogues.

To-day a party of about twenty teachers stopped over in this city from the morning train, till the afternoon train—their car being switched off here for them, and took in the sights about Salem. They were all bright people, and enjoyed their visit here very much, and each expressed great pleasure at our beautiful city. The party, who registered at the Monroe house, consisted of the following: Geo. H. Stout and wife, Watson Cornell, C. K. Dolbey, M. E. Jacobs, Mary Lord, S. L. Wiler, L. P. Wiler, Emma Schofield, M. Thompson, S. F. Simpson, M. S. Killbourn, E. D. Speakman, Mrs. H. T. Fox, Master and Miss Fox, L. S. McCoy, Mrs. Martin, of Philadelphia, A. G. Merwin and wife, and Mrs. A. A. Phillips, Brooklyn, N. Y., and John S. Wiley and wife, of Columbia, South Carolina.

Contract Declared Void.

Judge Bean on Monday decided that the contract for the construction of the Benton county jail was void, on the following grounds: "The statute of the state confers upon the county court authority to construct jails, and at the same time provides that before it enters into any such contract, shall give notice by advertisement published in some newspaper of general circulation in the county for at least three weeks before the time for letting the contract," etc. The mode being the measure of power under the authority above cited, and contract in this case, not having been let as provided by statute is void."—Corvallis Times.

Capture Cared.

No charges for examination or consultation, and a cure guaranteed in every case undertaken or money refunded. Of the many cases treated by Dr. Porterfield during the past year in Red Bluff and Redding, not one but will recommend his treatment highly. Don't neglect this opportunity. The sooner a rupture is treated the easier it is cured. Dr. Porterfield will be at the Monroe House, room 9, until Aug. 7th.

At Scio.

Geo. W. Johnson has purchased an interest in a general merchandise business at Scio, with his brother, and Oscar Johnson will represent his father's interest in the new business.

Worth Remembering.

You may save money, time and trouble by it. Call on Squire Farrar & Co. for your groceries. The best place in town.

The Canadian Pacific steamer Aberdeen arrived at San Francisco from Hong Kong via Vancouver yesterday. The steamer adds 436 Chinese to the San Francisco Asiatic colony.

DIED.

DIED.—At Salem, Aug. 2, 1898, at 12:10 a. m., Lillian E., daughter of Mr. and Mrs. Thos. King, of dysentery. Funeral Friday, at 2 o'clock, from residence 481 Court street. Friends of family invited.

THE PRESS ASSOCIATION.

The committee on program of the Oregon state press association has completed its labors, and the following is the result of their labors:

The business meeting of the association will be held in the senate chamber of the capitol on Friday afternoon, August 10th, at 2:30 o'clock, and will be devoted to discussions of topics interesting to the fraternity in general. It will continue all afternoon, or so long as the brethren desire. The public exercises are to commence at 8 p. m. in the representatives' hall, and for them the following program has been prepared:

- Music by the band. Address of welcome, by Governor Pennoyer. Music. Address of welcome, by Mayor Murphy. Response, by President Pipes. Music. Poem. Music. Address by Hon. Van DeLashmutt. Music. Adjournment.

LOCAL NOTES.

Cream soda, ice cream soda, milk shakes, lemonades at Strong & Co.'s

Salem Grange meets in the hall at 10 a. m. on Saturday. A full attendance is desired.

If you are ruptured call on Dr. Porterfield for treatment, at the Monroe House, room 9, until Aug. 7th. d-t-sat.

We are asked to say that Prof. M. V. Rork will address an outdoor meeting of citizens of Salem tomorrow night, at 7:30, on prohibition.

The Good Templars will commence a new quarter with an increased membership and good prospects on Saturday night. The Grand Chief Templar of Oregon will install the officers elect. Visiting members cordially invited.

The JOURNAL wants to say that great credit is due to Street Commissioner Thompson for the good condition in which he is getting the thoroughfares of this city. By winter the centers will be well rounded up with good gravel, in place of the usual depth of mire or liquid mud. Keep up your lick, Mr. Thompson.

Small Tracts in Demand.

By the advertisement of a real estate firm, the wise move is being made of dividing up some of the fine fruit and garden land tracts adjacent to the city in five and ten acre pieces for homes. There is no use in having to go across the river into another country for such, unless a lower price is desired, and greater distance from town is not thought an objection.

THEIR BADGE.

ED. CAPITAL JOURNAL.—The badge of the prohibitionists is the white rose, suggested by Miss Frances E. Willard, the white ribbon emblematic of the purity of purpose and methods of the party with which so many W. C. T. U. and other women work. This will answer many enquiries.

Yours truly, A PROHIBIT WOMAN

Proof Positive.

It looks as though there must be something in the alleged rumor that the prohibis and democrats are in alliance, for letters frequently come through the mail addressed to Mr. J. W. Webb, "State treasurer and prohibition organizer," and to "J. W. Webb, State treasurer." After that what's the use to deny?

Going to the Deep Deep Sea.

Miss Carrie Smith and Miss Lizzie Webb of the typo force of the JOURNAL, and Miss Carrie Haas, of the Vidette, will to-morrow go to Yaquina and Newport for a few days outing and rest.

More Indian Students.

Col. John Lee, superintendent of the U. S. Indian training school at Chemawa, arrived this morning with a party of ten children (boys and girls) from the Siletz reservation, in Benton county.

One Hundred Thousand Farms.

Under the enlightened and progressive policy of its Executive and Congress, the Republic of Mexico during the last few years has granted concessions to promote the development and settlement of that country so richly endowed by nature in the resources of the soil, the forest, field and mine, and blessed with all the advantages of a salubrious climate and geographical location.

One of the most important and valuable of the concessions has been secured by the Mexican Land and Development Company whose advertisement appears elsewhere, by which is acquired the ownership of one-third of the public domain in the State of Tamaulipas amounting to several million acres including agriculture, mineral, timber and grazing lands.

Tamaulipas is the eastern State of Mexico, and is bordered by the Gulf of Mexico and the Rio Grande river, its north-east corner being opposite the city of Brownsville, Texas, thus immediately adjoining the United States. There are many portions of the state that are not surpassed in fertility and beauty anywhere in the world. The climate is salubrious, with an average rain-fall for ten years of thirty-three inches per year. The soil is rich, and it abounds in valuable timber and large deposits of iron, oil, coal and the precious metals. Still in its primitive condition, there is an opening here for all industries from the smith shop to the great iron, cotton and woolen factories. From the primitive wagon road to the iron horse and steel rail; from the wild animal of the forest to the high bred cattle and sheep of the field; from the primitive methods of agriculture to the steam plow mow and reaper; from the common huts for human habitation to the prosperous farm house and the thriving town and city; from the conditions of the sixteenth century to the civilization of to-day.

The ultimate results of this enterprise with intelligent management must be marvelous, and the stock of the company now offered for sale is simply to secure funds for their full realization. One of the largest blocks of the most valuable agricultural land in the world, great tracts of timber, large bodies of mineral land, vast oil fields, sites for towns and cities are acquired with an opportunity for building and operating railroads, steamship lines, and other public works.

A Sound Legal Opinion.

E. Bainbridge Munday Esq., County Atty., Clay Co., Tex. says: "Have used Electric Bitters with most happy results. My brother also was very low with Malarial Fever and jaundice, but was cured by timely use of this medicine. Am satisfied Electric Bitters saved his life."

Mr. D. I. Wilcoxson, of Horse Cave, Ky., adds a like testimony, saying: "He positively believes he would have died, had it not been for Electric Bitters."

This great remedy will ward off, as well as cure all Malaria Disease, and for all Kidney, Liver and Stomach Disorders stands unequalled. Price 50c. and \$1, at Dr. H. W. Cox.

What Florida People Live On.

"What do you Florida people live on in the summer?" "Fish." "What in the winter?" "Yankees." Alas! how many northerners draw their last breath in Florida, slain by that fell destroyer, consumption, who would have lived, had they used at first that marvelous specific for consumption, when not too far advanced, Dr. Pierce's Golden Medical Discovery—better than hypophosphites and cod liver oil, because more nutritive and tonic; also an invaluable liver corrector and blood purifier, cleansing away all scrofulous humors (which cause consumption), and all other impurities of the blood, curing glandular swellings, goitre or thick neck, old sores, and ulcers. Of druggists.

Don't hawk, and blow, and spit, but use Dr. Sage's Catarrh Remedy.

Cheap and Delightful.

A grand and cheap excursion to Yaquina leaves Salem, Friday, Aug. 3, on Eugene Express at 11 a. m., arriving at Yaquina at 5:30 p. m. Tickets for the round trip from Albany ONLY \$2.50. This is the lowest rate ever given to excursionists over the Oregon Pacific Railroad and everybody should avail himself of this opportunity to visit Yaquina Bay and surroundings. Tickets for sale at H. W. COX'S DRUG STORE. Apply early as only a limited number of tickets can be sold.

Like the Light Weights

Of the profession pugilistic, the kidneys are small but active in a state of health. Their secretion contains impurities productive of rheumatism, gout and dropsy, if allowed to remain. When they are inactive, the blood becomes choked with animal debris capable of destroying life. To promote their activity when sluggish with Howler's Stomach Bitters, is not only to guard against the diseases mentioned, but to prevent the fatty degeneration and ultimate destruction of the organs by those exceedingly dangerous maladies—Bright's disease and diabetes. Activity of the bladder also insures it against the formation of gravel, which it sometimes requires one of the most dangerous and painful operations in surgery to remove. Gravel, moreover, is a most agonizing complaint. The Bitters further command themselves by remedying constipation, dyspepsia, debility, liver complaint and nervousness, and nullify infirmness productive of malarial disease.

Medicated Baths.

Dr. Gilbert's medicated baths will cure scrofula, dropsy, malaria, rheumatism, and all irregularities. His oxygen treatment will cure consumption, and his electro-magnetic treatments are nature's wonderful cure for nervous weakness. Call at his sanitarium in the bank block. Consultation free. jy-131

GREAT DISCOVERY!

Dr. H. SMITH

Now in possession of a new discovery in medicine, which is purely a local anesthetic, and acts almost instantaneously on the surrounding tissues of the teeth. It is in no way injurious or unpleasant to the taste. The manufacturers of it claim that its equal has never been known before, and by applying it to the sensitive or sore teeth, they can be cleaned and filled without pain. So all those that want all kinds of dental work done without pain, would better call on Dr. H. Smith. Teeth extracted for 50 cents.
