from the Government of Mexico in the state of Tamaulipas, bordered by the state of
Texas and the Gulf of Mexico. It comprises rich agricultural, grazing and mineral
land, immense forests of valuable timber, and opportunities for vast public enterprise
in the development and settlement of a territory almost as large as the state of Penn-
sylvania, with a good population, a healthy, moderate climate, and ample rain fall.
The land offered with the stock and for which negotiable certificates will be issued, will
prove a choice investment of itself while each share participates in the whole enter-
prise. Based on the lowest price of Government land in the United States the shares

GREAT DISCOVERY!

Dr. H. SMITH

—IS—

Now in possession of a new discovery in
medicine, which is purely a local anesthetic,
and acts almost instantaneously on the
surrounding tissues of the teeth. It is in
no way injurious or unpleasant to the
taste. The manufacturers of it claim that
its equal has never been known before, and
by applying it to the sensitive or sore
tooth, they can be cleaned and filled
without pain. So all those that want all
kinds of dental work done without pain,
would better call on Dr. H. Smith. Teeth
extracted for 50 cents.

ON SHORT NOTICE.

Their Business Booming.

Probably no one thing has caused
such a general revival of trade at
Dr. H. W. Cox's drug store as their
giving away to their customers of so
many free trial bottles of Dr. King's
New Discovery for Consumption.
Their trade is simply enormous in
this very valuable article from the
fact that it always cures and never
disappoints. Coughs, Colds, Asthma,
Bronchitis, Croup, and all throat
and lung diseases quickly cured.
You can test it before buying by
getting a trial bottle free, large size
\$1. Every bottle warranted.

The Road Healthward Made Easier.

You have been ill, we will suppose, and
are convalescing slowly. That is, you are
trying to pick up a little flesh, to regain
some of your wonted color, to accustom
your stomach to more solid nutriment
than its recently enfeebled condition per-
mitted you to take. How can you accel-
erate your small pace healthward? We
are warranted by concurrent testimony in
affirming that if you will use twice or
three a day Hostetter's Stomach Bitters,
an enabling medicine of long ascertained
purity and tonic virtues, you will be
materially aided. It promotes a flow of
the gastric juices, and helps the system to
assimilate the nourishment of which it
stands in need. It remedies a ten-
dency to constipation without con-
vulsing the bowels. The liver it stimulates
to renewed activity, safely promotes the
action of the kidneys and bladder, and
annihilates malaria and rheumatism at the
outset.

Beware!

You are feeling depressed, your
appetite is poor, you are bothered
with Headache, you are fidgety,
nervous, and generally out of sorts,
and want to brace up. Brace up,
but not with stimulants, spring
medicines, or bitters, which have
for their basis very cheap, bad
whisky, and which stimulate you
for an hour, and then leave you in
worse condition than before. What
you want is an alternative that will
purify your blood, start healthy
action of Liver and Kidneys, restore
your vitality and give renewed
health and strength. Such a
medicine you will find in Electric
Bitters, and only 50 cents a bottle at
Dr. H. W. Cox's drug store.

A Choice Investment.

The Mexican Land and Development
Company, of No. 57 Broad-
way, New York, have acquired a
grant of public land in the state of
Tamaulipas, Mexico, covering
several million acres. It covers the
most fertile section of land on the
Continent, with a soil so rich and a
climate so perfect that three crops of
some cereals are produced in one
year. Its forests are also impassable
with the growth of rare and valu-
able woods. The standing timber
alone more than warrants the cap-
italization of the company controlling
the grant, yet in value it represents
but a fraction of the worth of the
millions of acres inexhaustible in
fertility and productiveness. A
limited amount of the Company's
stock is offered for sale at \$5 per
share. With each share is given a
certificate which entitles the holder
to five acres of land free. See ad-
vertisement elsewhere.

Not Those Eminent Persons.

The two men had occupied the
same seat in a railway coach for half
a day and the train had reached its
destination.

"I am indebted to you, sir, for an
agreeable conversation that has
relieved greatly the monotony of a
long journey. May I ask your
name?"

"Certainly. My name is Sullivan."
(Jocosely.) "Not Mr. Sullivan of
Boston?"
"Yes, I reside in Boston."
"What! Not—"
(Haughtily.) "No, sir! I am a
college professor."
"Beg pardon. Permit me to in-
troduce myself. My name is Crow-
ley."
(Smilingly.) "Not Mr. Crowley of
New York?"
"Yes, New York is my home."

(Hotly.) "No, sir, I am the pres-
ident of a bank, sir."
(Coldly.) "Good-day, sir!"
(Frigidly.) "Good-day!"—Chicago

Kisses.

A prominent physician calls the
kiss "an elegant disseminator of
disease." He says, "fever is spread
by it, so are lung diseases." He
maintains that if the kissing cus-
tom were driven out of the land "it
would save one-tenth of one per cent.
of human lives," which are now
sacrificed. Out upon the married
and sapless vagabond! Evidently
kisses are not for such as he and the
old fox says, the grapes are sour.
Let him devote himself to making
our women healthy and blooming
that kisses may be kisses. This can
surely be done by Dr. Pierce's
Favorite Prescription which is
magical in its effect, upon all
diseases peculiar to females. After
taking it there will be no more ir-
regularity, no more backache, no
morrenous prostration, no more
general debility. All druggists.

excel. 25 cents a vial; one a dose.

TELEGRAPHIC SUMMARY.

Blaine's Work is the Campaign.
NEW YORK, Aug. 22.—The Sun's
Augusta special says Blaine will
start on his transcontinental stump-
ing tour one week after the Maine
election. He has no detailed plans
of the campaign and will make
none. He places himself unre-
servedly in the hands of the National
Committee. If he goes to the far
West or California it will be during
the last week of the canvass, so that
the time spent in returning will not
be taken out of the campaign.
Walker Blaine accompanies him.
His speeches, with perhaps one
exception, will be short. He does
not feel able to undergo the severe
strain of a long series of two hour
stump speeches. Four years ago,
owing to the great number of out-
door speeches he delivered, he over-
taxed his voice somewhat and must,
he says, be careful of it now.

The Boston Mine Trouble.
ELLENBURG, W. T., Aug. 22.—
All quiet at Roslyn to-day. The
guards and the miners are resting
on their arms. There is a strong
feeling against the guards, and a
report is current that an effort will
be made on the part of the miners to
clean them out. The prejudice
against the guards seems greater
than against the imported negroes.
Probably an attempt will be made
to put the negroes to work on the
1st of September. The miners re-
main on the ground and will not
interfere with the company's works
until the negroes are put to work.

TELEGRAPHIC SPLINTS.

Richard C. Harris, wholesale pa-
per dealer, of New York, has failed.
The effort made to start a strong
democratic daily in Seattle has drop-
ped through.

The Berghoff brewery, at Fort
Wayne, Ind., was burned yester-
day. Loss \$100,000.

At Reading, Pa., the Schuylkill is
20 feet above the ordinary stage;
the highest point reached since 1869.

The number of deaths resulting
from the steamboat collision in San
Francisco harbor is estimated at
thirty.

Blaine has prepared an article on
protection, for publication in the
American Magazine. It is said to
be powerful in defense of the system.
Senator Edmunds says he wishes
the success of Harrison and Morton;
but on account of physical incompe-
tency will be unable to make
speeches.

Arthur W. Dickens, a supposed
nephew of Chas. Dickens, shot him-
self yesterday in Los Angeles and
was found dead in his room. He
was 50 years old, and was employed
as billiard marker.

THE MARKET.

Oats Dull and Low; Wheat Very En-
couraging; Hops and Wool
Firm.

SALEM, August 23.—In addition
to what appeared in these columns
yesterday, Mr. W. J. Herron obliges
us with the following. Oats are
very dull, the demand not nearly
equaling the supply. Considerable
winter wheat that was hurt by frost
was replaced by oats, thus largely
increasing the usual average. Out-
side of the state, San Francisco is
the only customer of importance.
In California only driving horses
are fed oats; for heavy teams bar-
ley is used. Very few oats are sent
east. The price stands at 25 cents
per bushel. The wheat market is
firm with an advancing tendency
owing to European advices which
indicate a shortage in crops, and
not speculation, as the cause of the
rise. The price has gone to 66 cents.
Hops show a little better price pros-
pect as crops in England are not
showing any improvement, and the
advance in New York has been fully
maintained. Wool is firm and
moving upward, if any change is
noted.
