Mrs. DePrans, after teaching two large classes in Christian Science, or mind cure, in the parlors of Mrs. Asa McCully and Mrs. I. R. Moores, leaves for Portland to-morrow. Many influential people of Salem, have attended.

Father Adelhelm, Prior of the Mount Angel Catholic College, was in yesterday. The prospects for a largely increased attendance at that institution of learning, he says are good. They expect fully one-third more than last year.

Mayor G. W. Barter, arrived from California this morning. He served through the war and has been on the coast for the last twenty years. He is an old newspaper man, having experience from Portland to San Diego. The JOURNAL acknowledges a call.

Arthur, who is forbidden to speak at the table, had his revenge the other day. As dinner began, he was uneasy, and finally said "Ma, can't I speak just one word?" "You know the rule, Arthur." "Not one word?" "No, Arthur, not until your father finishes the paper." Arthur subsided until the paper was finished, when he was asked what he wished to say. "Oh, nothing; only Nora put the custards outside the window to cool, and the cat has been eating them up."

**Harrison and Barter.**

The republicans are about to float to the breeze in the streets of Salem a large United States flag bearing fine likenesses of the standard bearers of the party, Harrison and Morton, which Chairman Geo. H. Burnett is having painted in San Francisco.

WILLAMETTE UNIVERSITY.

Students Constantly Arriving--A Brilliant Prospect this Year.

Chapel exercises will take place as usual at noon.

Washington Territory will send a good number of students.

The instructor in the law department will be Geo. C. Bingham, Esq., deputy district attorney.

All students are requested to be at the president's office, at 8 o'clock sharp, Monday morning, to register and be classified.

A new teacher of elocution from the school of oratory of the Northwestern University of Ill., will be here soon after the first term opens.

Since type writing and short hand are now in such general use in business houses, the faculty contemplate teaching both during this college year.

Bishop Ninde will address the students, faculty and friends of the institution at 3 p. m., on Tuesday. The public are cordially invited to attend. The chapel should be filled on the occasion.

By reference to the various catalogues it will be seen that Willamette enrolled nearly twice as many students last year as any other school of high grade in the standard. The attendance this year promises to be larger than ever before.

All Salem and, indeed, the country at large, are greatly benefited socially and pecuniarily by the Willamette University being in our midst. Prof. Van Scoy came home from conference to-day, and is as busy as a bee getting everything in ship shape for the opening on Monday morning. The day will be occupied in the registration of students who are coming in at such a rate as to indicate a regular college boom.

Miss Mattie L. Hansee, the new Dean of the Woman's College, arrived by the 11 o'clock train this a. m., and is now at the college. Her mother and Miss Susie Harrington came with her. The former comes to spend some time visiting with Miss Hansee, and traveling upon this coast; the latter returns from a somewhat protracted visit, to relatives and friends in Illinois, and will probably enter school again Monday. They all came by way of the Canadian Pacific, and a brief stop at Seattle, W. T.

**The M. E. Conference.**

Private advices from Eugene report the attendance as being quite large. Bishop N. X. Ninde, of Topeka, Kansas, presiding. Beside all the ministers of the conference proper, and many Oregon visitors, there are a number from other conferences. Among them may be mentioned, Rev. J. N. Denison, of Port Townsend, Presiding Elder Brown, of Olympia district, Rev. A. Eades.

As Dr. Harrington takes the editorship of the Christian Advocate, much interest is manifested as to his successor. It is thought to lie between Dr. H. K. Hines, M. C. Wire and Dr. I. D. Driver, with the chances of appointment in the order named.

There appears to be no question that Mr. Rollins will be re-appointed to the pastorate here, and President Van Scoy and Prof. Starr to their respective positions in the university. There will be several transfers of able preachers from the Iowa conference.

**A Pleasant Social Time.**

Those who passed up Court street, last evening, could see afar off a blaze of light and a profusion of bunting adorned with the stars and stripes and Chinese lanterns suspended from the trees. A nearer view revealed a bevy of ladies flitting over the lawn among tables set with dishes and spoons and ornamented with large, handsome bouquets. Groups of ladies and gentlemen were seen seated or standing and enjoying the balmy evening. Soon the ice cream and cake was served by Mrs. E. B. McElroy and other ladies, for it was the lawn party that has been for some time anticipated at that lady's residence. It was not only very enjoyable but well attended, and it netted a nice sum for the ladies' aid society of the Christian church.

**Natural.**

All persons desirous of studying music in the conservatory, under any of the teachers, will please register at the president's office, university, and make arrangements for time of lessons. Also any who are going to take lessons in the near future would do well to hand in their names on Monday.

**A Late Arrival.**

Dr. W. M. Wemp, of Detroit, Michigan, made a trip to Oregon about a month ago. Among other places, he visited Salem, and was so favorably impressed that he has now returned with his family as permanent residents. The doctor is an affable gentleman in the social circle. He is a graduate of the Detroit college of medicine, and past graduate of the New York polyclinic.

He makes a specialty in treating the eye, ear and throat, besides being a general practitioner. He has entered into partnership with Dr. Gilbert in the establishment of a sanitarium in this city, known as the Oregon Medical and Surgical Institute. Having double force they are increasing their medical baths and appliances for treatment. Their patients come from various parts of the state.

The doctor and family will be an addition to Salem society. They are members of the Methodist church.

**How About Oregon?**

President Culver announces that at the Alabama State Fair this year, whisky shall not be sold on the grounds, neither shall public gambling be allowed.—Ex.

Has the board of directors authorized any such announcement about liquor selling at the forthcoming state fair of Oregon? We opine not or Secretary Gregg would have notified the papers.

And yet Alabama is under democratic—which some say is synonymous with whisky—rule, while Oregon is by 7,000 majority of that party that declares its first concern is for temperance and morality. Then why is this thus?

**All Quiet at the Mines.**

CLE-ELUM, W. T., Aug. 31.—Everything is quiet at Roslyn. No accident has occurred. Mr. Buckley's telegram is posted at the company's office and store. The miners will have a meeting to-morrow to consider its propositions. There is considerable difference of opinion among the miners in regard to it. The miners have invited the colored men to have a grand jubilee with them to-night to raise money to send the colored miners where they came from. The guards are still at mine No 3. The sheriff's deputies are protecting railroad property.

**At the Evaporator.**

About forty girls, besides male help, are being employed at the fruit drier. As soon as they commence on apples the force will be increased. The piling of apples will be done by machinery, propelled by water power. The company has hose all through the building, and has now added a hydrant in front of the premises in case of fire. Prevention is better than cure.

The city of Pasadena, Cal., has not a saloon, not a policeman, and its jail has no occupants.

Topeka, Kansas, has more churches than any other city of its size; and not one salo in.

**Worth Knowing.**

Mr. W. H. Morgan, merchant, Lake City, Fla., was taken with a severe cold, attended with a distressing cough and running into consumption in its first stages. He tried many so-called popular cough remedies and steadily grew worse. Was reduced in flesh, had difficulty in breathing and was unable to sleep. Finally tried Dr. King's New Discovery for consumption and found immediate relief, and after using about a half dozen bottles found himself well and has had no return of the disease. No other remedy can show so grand a record of cures, as Dr. King's New Discovery for consumption guaranteed to do just what is claimed for it.—Trial bottle free at H. W. Cox's drug store.
