BEFORE IT IS BORN.

Some Startling Statements of Gen. -ral Interest.

Dr. Oliver Wendell Holmes, on being asked when the training of a child should begin, replied, "A hundred years before it is born."

Are we to infer from this that this generation is responsible for the condition of the race a hundred years from now?

Is this wonderful generation the natural result of the proper diet and medicines of a hundred years ago?

It is conceded in other lands that most of the wonderful discoveries of the world in this century have come from this country.

But they lived and enjoyed health to a ripe old age. The women of those days would endure hardships without apparent fatigue that would startle those of the present age.

Why was that? One of the proprietors of the popular remedy known as Warner's safe cure, has been faithfully investigating the cause, and has called to his aid scientists as well as medical men, impressing upon them the fact that there cannot be an effect without a cause.

This investigation disclosed the fact that in the olden times simple remedies were administered composed of herbs and roots, which were gathered and stored in the logs of the log cabins, and when sickness came on, these remedies from nature's laboratory were used with the best effects.

What were these remedies? What were they used for? After untiring and diligent search they have obtained the formulas so generally used for various disorders.

Now the question is, how will the olden time preparations affect the people of this age, who have been treated, under modern medical schools and codes, with poisonous and injurious drugs.

This test has been carefully pursued, until they are convinced that the preparations they now call Warner's Log Cabin remedies are what our much abused systems required.

Among them is what is known as Warner's Log Cabin sarsaparilla, and they frankly announce that they do not consider the sarsaparilla of so much value in itself as it is in the combination of the various ingredients which together work marvelously upon the system.

They have great confidence that they have a cure for the common disease of catarrh, which they give the name of "Log Cabin hops and buchu remedy."

"Warner's Log Cabin cough and consumption remedy," "Log Cabin hops and buchu remedy," "Warner's Log Cabin hair tonic," "They have great confidence that they have a cure for the common disease of catarrh, which they give the name of "Log Cabin plaster," which they are confident will supplant all others, and a liver pill, to be used separately or in connection with the other remedies.

We hope that the public will not be disappointed in these remedies, but will reap a benefit from the investigations, and that the proprietors will not be embarrassed in their introduction by dealers trying to substitute remedies that have been so familiar to the shelves of our druggists.

This line of remedies will be used instead of others. Insist upon your druggist getting them for you if he hasn't them yet in stock, and we feel confident that these new remedies will receive approbation at our reader's hands, as the founders have used every care in their preparation.

WELLER BROS., Salem, Oregon.

Gentlemen:—We had the pleasure recently of making shipment to you of our new "White Cross" Extracts, and send you by mail today a very neat show card which we would like you to place prominently in your store, and which will call the attention of your trade to the goods.

It has been our intention for some time past to place upon the market the finest line of flavoring extracts manufactured in this country, and after months of study and experimenting with the prominent brands now before the public we have at last succeeded in placing before you a quality which beyond doubt has no superior.

We can not too strongly impress upon you that you can unhesitatingly recommend them to your customers as the finest that can possibly be manufactured. The package and style generally is such as to attract attention, and we predict that when your trade have tested the quality of the goods your sale for "White Cross" extracts will be large.

By complying with our request you will confer a favor upon yours truly, A. SCHILLING & CO.

The BUYER'S GUIDE is issued each year, each year. It is an encyclopedia of useful information for all who purchase the luxuries or the necessities of life.

We can clothe you and furnish you with all the necessary and unnecessary appliances to ride, walk, dance, sleep, eat, fish, hunt, work, go to church, or stay at home, and in various sizes, styles and quantities. Just figure out what is required to do all these things comfortably, and you can make a fair estimate of the value of the BUYER'S GUIDE, which will be sent upon receipt of 10 cents to pay postage.

Fatal Neglect.

The breaking of the smallest wheel in a mammoth factory, if not repaired or replaced, will ruin the entire plant, as a speck of dust will derange the delicate machinery of a watch. Were people as thoughtful to repair their own health on the first approach of disease, as the owner is to mend his machinery, they would escape indescribable suffering, and often death.

Slight causes will sometimes derange the digestive organs, on whose healthy action the health of the whole system so much depends, and feverish blood, headaches, and consumption itself set in. The wise person will at once arrest the cause of these unhealthy symptoms, resorting to that world-famed remedy, Dr. Pierce's Golden Medical Discovery, which purifies the blood and cures liver disease. Of all druggists.

THE WORST NASAL CATARRH, no matter how long standing, is absolutely cured by Dr. Sage's Catarrh Remedy. It does not merely give relief, but produces permanent cures in the worst cases. 50 cents by druggists.

A man who has practiced medicine for 40 years, ought to know what he says: TOLEDO, O., Jan. 10, 1887.

Messrs. F. J. Cheney & Co., Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience, have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you.

I have prescribed it a great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of catarrh that it would not cure, if they would take it according to directions.

Yours Truly, L. L. GORSUCH, M. D., Office, 215 Summit St.

We will give \$100 for any case of catarrh that cannot be cured with Hall's Catarrh Cure. Taken internally. F. J. CHENY & CO., Toledo, O.

DEATH ON THE WATER.

Two Vessels and Their Crews go Down in the Atlantic.

LONDON, Nov. 13.—Considerable wreckage and a number of bodies were washed ashore between Looe and Polperro, in Cornwall, during the last day or two. One body has been identified as that of Capt. Weger of the German ship Theodore Rugher. The articles washed ashore have also been recognized as belonging to both that vessel and the Cunard steamer Nautes, with which the Theodore Rugher came in collision about thirty-six miles off the Lizard.

There is now no doubt of the total loss of both vessels with most of the crew of the Nautes and part of the other ship's crew. The survivors who landed at Tronville include sixteen of the Theodore Rugher and two of the Nautes' crew. It is believed all the others went down with the vessels.

FIRE CLAIMS ITS VICTIMS.

Many People Burned to Death in a Chattanooga Hotel.

CHATTANOOGA, Nov. 13.—Three bodies were recovered from the ruins of Bryant's European hotel which was destroyed by fire last night. They have been identified as Ella Jones, chambermaid, Mayor Bigger of Atlanta, Ga., and Thomas Moore of Bloomington, Ill. Bigger had escaped once and went back to recover his valise, but was caught on the stairway and slowly burned to death. His clinched hands were filled with hair which he had torn from his head in the agonies of his frightful death.

Overland Flyers Again.

CHICAGO, Nov. 13.—It is understood that arrangements were completed here yesterday by the Union and Central Pacific roads to put on December 5th, a fast limited Pullman vestibule train, called the Golden Gate Special, to run weekly between Council Bluffs and San Francisco. This is to be the most perfect in all its appointments in the world, and will be lighted with electricity, heated by steam from the locomotive. Many novel features will be introduced. The run will be made in sixty hours.

Neither Dead nor Sleeping.

CHICAGO, Nov. 12.—The Times says: Anarchy is not dead, or even sleeping. On the contrary, it is more thoroughly organized than ever at the time of the Haymarket riot, and its membership is larger than it has ever been. The demonstration of last Sunday at Waldheim was not a gathering of sympathizers of the friends of the dead anarchists. It was an organized outpouring of internationals who have thus arranged to come out and concentrate at any point agreed upon.

Uncle Sam vs. Peru.

PANAMA, Nov. 13.—A report has reached here from Peru that a building at Molendo which contained the United States Consulate was seized by troops, on the ground that it belonged to the Aresjupa Railroad. The United States Consulate was forcibly closed, the coat-of-arms removed and the agent prevented from entering his office for nearly one week.

The Northern Roads Again.

WINNIPEG, Nov. 13.—The Canadian Pacific and the Dominion government have triumphed in the railroad crossing matter, the local government giving orders for the immediate suspension of work for the winter on the Portage extension of the Northern Pacific and Manitoba road, owing to the inclemency of the weather.

F. J. Catterlin, the celebrated photographic artist of Salem, wishes to exchange work in his line for wood. 1d-2w

CONDENSED DISPATCHES.

The twelfth annual assembly of the Knights of Labor is in session at Indianapolis.

An epidemic of scarlet fever is raging at Jamestown, Dakota. Churches, Sunday schools and public schools have been ordered closed. A number of deaths have already occurred.

All indications point to a republican majority of from five to seven in the next house. Breckenridge, of Kentucky, figures out a republican majority of from one to three. There seems no reason for doubt that the republicans will organize the house.

All the important official court in the mountainous parts of West Virginia is not complete, and until it is no one will know definitely whether the electoral ticket is republican or democratic. The majority cannot be more than 200 or 300 either way.

Mattie Fancher, the wonderful fasting girl of Brooklyn, is dying. One by one complications have come, first sight, then speech, and then hearing left her, and death-like trances followed at different times. It was thought she had died at one time, when she remained in one of these trances twenty days. For the first two months after her accident, Miss Fancher did not take a particle of nourishment. At the end of that time she retained a small portion of light food, but since then, and during the twenty months that have followed, it is asserted that she has not eaten or received into her stomach in any form sufficient nourishment to keep a healthy child alive one week.

More of the Bewley Affair.

Willard McCure of Sheridan, Yamhill county, the young deputy marshal who shot James Bewley during the smallpox quarantine at Sheridan, was re-arrested yesterday on the same charge at McMinnville and taken to jail at Lafayette. His first examination resulted in his acquittal, and it is thought this will have a similar result.

SUPREME COURT.

SALEM, Nov. 14, '88.

Alexander Jackson, resp. vs. William Jackson, app. Appeal from Coos county; argued and submitted.

A Serious Illness.

Uncle John Baker, living about one mile east of Salem, is quite ill at his residence, his many friends will regret to learn.

Why was Goliath surprised when he was struck by a stone? Because such a thing never entered his head before.

A lady who was afflicted with Salt Rheum on the face and other parts of the body for many years and who was treated by the best physicians on the Pacific coast without any but temporary relief says: "Dutard's Specific has entirely cured me of my troublesome complaint, and although I have not used the medicine for many months, I have had no return of the disease. I shall always be grateful to you." Sold by D. W. Matthews & Co.

Brace Up.

You are feeling depressed, your appetite is poor, you are bothered with headaches, you are fidgetty nervous and generally out of sorts, and want to brace up. Brace up but not with stimulants, spring medicines, or bitters, which have for their basis very cheap bad whisky, and which stimulate you for an hour and then leave you in worse condition than before. What you want is an alterative that will purify your blood, start healthy action of liver and kidneys, restore your vitality, and give renewed health and strength. Such a medicine you will find in Electric Bitters and only 50 cents a bottle at H. W. Cox's drug store.

National Surgical Institute.

Two or more surgeons representing this Institute will be at the Chemeketa hotel, Salem, November 18th, 1888.

They come fully prepared with all the apparatus necessary for the successful treatment of their specialties, curvature of the spine, diseases of the hip and knee joint, crooked limbs, club feet and all bodily deformities. Their success in treating these troubles as well as all chronic and sexual diseases has made for the Institute a national reputation.

Upon application, references will be furnished from patients in all parts of the United States. All persons who are suffering from any of these complaints, should not fail to take advantage of this opportunity for relief. d-79.
