BEFORE IT IS BORN.

Some Startling Statements of General Interest. Dr. Oliver Wendell Holmes, on being asked when the training of a child should begin, replied, "A hundred years before it is born." Are we to infer from this that this generation is responsible for the condition of the race a hundred years from now? Is this wonderful generation the natural result of the proper diet and medicines of a hundred years ago? It is conceded in other lands that most of the wonderful discoveries of the world in this century have come from this country. Our ancestors were reared in log cabins, and suffered hardships and trials. But they lived and enjoyed health to a ripe old age. The women of those days would endure hardships without apparent fatigue that would startle those of the present age. Why was it? One of the proprietors of the popular remedy known as Warner's Log Cabin Cure, has been faithfully investigating the cause, and has called to his aid scientists as well as medical men, impressing upon them the fact that there cannot be an effect without a cause. This investigation disclosed the fact that in the olden times simple remedies were administered compounded of herbs and roots, which were gathered and stored in the lofts of the log cabins, and when sickness came on, these remedies from nature's laboratory were used with the best effects. What were these remedies? What were they used for? After untiring and diligent search they have obtained the formulas so generally used for various disorders. Now the question is, how will the olden time preparations affect the people of this age, who have been treated, under modern medical schools and codes, with poisonous and injurious drugs. This test has been carefully pursued, until they are convinced that the preparations they now call Warner's Log Cabin remedies are what our much abused systems required. Among them is what is known as Warner's Log Cabin sarsaparilla, and they frankly announce that they do not consider the sarsaparilla of so much value in itself as it is in the combination of the various ingredients which together work marvelously upon the system. They also have preparations for other diseases, such as "Warner's Log Cabin cough and consumption remedy," "Log Cabin hops and buchu remedy," "Warner's Log Cabin hair tonic." They have great confidence that they have a cure for the common disease of catarrh, which they give the name of "Log Cabin rose cream." Also a "Log Cabin plaster," which they are confident will supplant all others, and a liver pill, to be used separately or in connection with the other remedies. We hope that the public will not be disappointed in these remedies, but will reap a benefit from the investigations, and that the proprietors will not be embarrassed in their introduction by dealers trying to substitute remedies that have been so familiar to the shelves of our druggists. This line of remedies will be used instead of others. Insist upon your druggist getting them for you if he hasn't them yet in stock, and we feel confident that these new remedies will receive approbation at our reader's hands, as the founders have used every care in their preparation. SAN FRANCISCO, Nov. 1st, 1888. Messrs. WELLS BROS., Salem, Oregon. Gentlemen:—We had the pleasure recently of making shipment to you of our new "White Cross" Extracts, and send you by mail today a very neat show card which we would like you to place prominently in your store, and which will call the attention of your trade to the goods. It has been our intention for some time past to place upon the market the finest line of flavoring extracts manufactured in this country, and after months of study and experimenting with the prominent brands now before the public we have at last succeeded in placing before you a quality which beyond doubt has no superior. We can not too strongly impress upon you that you can unhesitatingly recommend them to your customers as the finest and best quality manufactured. The package and style generally is such as to attract attention, and we predict that when your trade have tested the quality of the goods your sale for "White Cross" extracts will be large. By complying with our request you will confer a favor upon your trade. A. SCHLEING & CO.

TELEGRAPHIC TIDINGS.

Important Events of the Whole World for Twenty-four Hours. Witnesses Lynched—A Removal—Political Rumors—General News. A Collector Removed. PORT TOWNSEND, W. T., Oct. 15. —Quincy A. Brooks, collector of customs for the district of Puget Sound, was dismissed this afternoon, in compliance with a special telegram from Washington signed by Grover Cleveland. G. A. Thurman, who was recently appointed special deputy collector, vice Wm. M. Harned, dismissed, is designated by the president to assume full charge of the office and act as collector of customs until further orders. Mr. Brooks was dunned on the receipt of his dismissal direct from Cleveland, and the old man fairly wept.

CONDENSED DISPATCHES.

Gov. Mellette of Dakota, has gone east to confer with Gen. Harrison about the admission of Dakota. Duke Maximilian of Bavaria, who was stricken with apoplexy four days ago, is dead. He was 80 years of age. King, the aeronaut, will attempt to cross the Atlantic next spring in a balloon, if he raises the necessary money. For the first time in nearly three months a train load of passengers left Jacksonville, Fla., yesterday morning for cities north. The latest bit of gossip in political circles is that John A. Kasson, ex-minister to Austria, will be appointed secretary of state under Harrison's administration. An intimate personal friend of Robert Garrett is authority for the statement that he has greatly improved recently, and strong hopes are entertained of his ultimate recovery. John Bright is Very Ill. BIRMINGHAM, Nov. 15.—Bright has had a serious relapse. His sons have arrived from London. A bulletin issued this evening says: "Bright's condition has slightly improved. A doctor summoned from Liverpool takes a hopeful view of his case."

Household Hints.

A small piece of sulphur placed in the cupboard or drawer will drive away ants. In making a mustard plaster for a patient with a delicate skin use the white of egg instead of water. Hard soap lasts much longer if dried for several weeks before using it. It is also less harmful to the skin. The citener flour is sifted for sponge cake the lighter the cake will be. Wash mirrors in warm suds, then dust with whiting from a muslin bag and polish with chamois skin. In boiling meat for soups use cold water to extract the juices, but if the meat is wanted for itself alone put into boiling water. To prevent the smell of cabbage from permeating through a the house while boiling, place on the stove a dish containing vinegar. Rooms dipped for a few minutes in boiling suds once a week will last much longer than they otherwise would. If a cucumber is cut into strips and the pieces put into places where ants are found it will surely drive them away. The flesh of fresh fish should be firm, the gills light red and the scales silvery. To remove paint from silk goods saturate the goods with equal parts of turpentine and ammonia, then wash in soap suds and let dry between blotting paper under a heavy weight. Rub your lamp chimney after washing with dry salt, and you will be surprised at the new brilliancy of your light. George H. Vanderbilt has purchased 1,000 acres of mountain lands near Asheville, N. C., where he will build a large industrial institute for the education of poor white children, who will be taught how to work in wood and metals, and thus become skilled mechanics. The institute will be literally endowed, as Mr. Vanderbilt intends to make it a monument to his family. Some months ago, at Kansas City, Lewis Naylor, a dry-goods dealer, teased one of his sewing-girls, Jennie Quick, aged 17, with a check in payment for her service. Miss Quick demanded cash, a quarrel followed, and while being ejected from the store her arm was broken. She sued for \$10,000 damages, and Thursday secured a verdict for \$7,000.

THE BUSINESS HOPEING.

Probably no one thing has caused such a general revival of trade as Dr. H. W. Cox's Drug Store and their giving away to their customers of so many free trial bottles of Dr. King's New Discovery for Consumption. Their trade is simply enormous in this very valuable article from the fact that it always cures and never disappoints. Coughs, colds, asthma, bronchitis, croup and all other throat and lung diseases quickly cured. You can test it before buying by getting a trial bottle free, large size \$1. Every bottle warranted.
