

OVER THE CAPITAL CITY.

Complete Recital of the Day's Deeds and Doings.

The Probable Assessment.

The assessment rolls of the different counties show the valuation of taxable property in the state to be about \$90,000,000, as compared with \$84,888,580 last year, an increase of over \$5,000,000. The total tax will be about 3.3 mills, of which 3 mills will be for state purposes, two-tenths of a mill for the militia and one-tenth for the University of Oregon. Last year the state tax was 4.9 mills and the militia and university taxes the same as this year.

The three-mill tax will give \$270,000 for state purposes, the two-tenths-mill tax \$18,000 for the militia and the one-tenth mill tax \$90,000 for the university.

Another Quarantine Affair.

Judge Shaw yesterday evening appointed N. S. Todd, justice of the peace at Woodburn, as quarantine officer there. The people are excited because Amadi LaChapelle passed a night at the home of Albion Chamberlain before he was taken down. No danger is apprehended, but an ounce of precaution is not a bad thing.

Silverton About Converted.

In the secular debate between Underwood and Braden at Silverton, T. W. Davenport of Portland is grand chief moderator, with J. W. Beale and J. M. Humphrey as assistants. Each evening the large city hall is filled to hear these gentlemen. Braden is the religionist, Underwood the infidel and the discussion has but fairly commenced.

Thanksgiving and Turkey.

Thanksgiving in the United States is universally observed as a day on which to offer up turkeys. Next Thursday is the day, and turkey and cranberry sauce is the combination. Anyone who contemplates stuffing us with a big fat turkey is advised to also furnish sugar to go with the cranberries.

The Good Templars.

Capital lodge of this city will be officially visited to-night by Grand Chief Templar J. W. Webb, who has been visiting and lecturing for those at Turner, Jefferson and Harrisburg, increasing the membership at each place. The lodge in Salem is doing well, several initiations being expected to-night.

New Notaries Commissioned.

To-day the following articles of incorporation were filed with the secretary of state:

John Boston, Butteville; Chas. A. Schultz, Olex; J. W. Bennett, Marshfield; L. A. McNary, Portland; H. B. LaFlore, Heppner; W. H. Inus, Salem.

Mrs. Thompson Frustrated.

Mrs. Thompson, whose son died two weeks ago in Portland and whose husband died but a few days ago, is prostrate over the loss. At Brownsville everyone is being vaccinated, and no other cases have yet developed.

More Steam, He Cried With Joy.

Wheat is 77 cents in Salem and 76 here. What's the matter that that down the river city is allowed to overreach us one cent? The first lot this year. A little more steam, please.—Albany Democrat.

The More Insane.

Frank Hance and Henry Gilman were brought here and committed to the asylum to-day. They are from Malheur county.

An Absolute Cure.

The ORIGINAL ABIEPTINE OINTMENT is only put up in large two-ounce tin boxes, and is an absolute cure for old sores, burns, wounds, chapped hands, and all skin eruptions. Will positively cure all kinds of piles. Ask for the ORIGINAL ABIEPTINE OINTMENT. Sold by D. W. Mathews & Co., 106 State street, Salem, at 25 cents per box—by mail 30 cents.

The Oregon Land Company's ten acre lots are selling rapidly, 40 having been sold since the 8th of Sept. There is no probability that 10 acres of good land within four miles of Salem will ever again be offered for \$30 per acre on easy terms. There are now five houses in process of construction on lots already sold and roads are being opened and bridges built so that the value of all of the lots is being rapidly enhanced. Any one wishing to buy ten acres of good land for much less than the price of a city lot will do well to look at this property at once as there is no doubt but that it will all be sold inside of thirty days. Call at the office of the Oregon Land company on Commercial street and you will be shown the property free of charge.

A Farewell Charge.

ED. JOURNAL.—One word more, by your leave, and we will trouble you no more about our "obsequies." The great undertaker—a morning paper—up to the time of its last issue was still putting about on the first 200,000 corpses (now admitted) and comparing votes of off years with no national issue with that of this year. Strange he should heed the "squealing pig" so much, but he has yet another 100,000 corpses to dispose of and these corpses are already blowing their own resurrection trumpet. A decent burial is hopeless and since the undertaker has now admitted that "Harrison was elected by a falling off of the prohis in New York vote," will he be so kind in the future as to call us "nothing but a republican annex," and to warn the democrats that "a vote for profit is half a vote for the republicans?"

N. B. He affirms all parties, (republicans, democrats and whisky) except the third party are happy. Just so. Good bye.

DISCONTENTED PROPHET.

P. S. Heaven bless the discontent.

Decides to Stay in Salem.

Ex-County Treasurer August Giesy, since his return from California, has decided to locate permanently in this city, going into business with Hughes, Bellinger & Co. in the real estate and agricultural machinery department. Few young men are more widely known. Many friends will wish him every success, and will welcome him and his accomplished wife again to the social circle.

Mothers Read.

The proprietors of the SANTA ABIE have authorized D. W. Mathews & Co. to refund you your money if, after giving this California King of Cough Cures a fair trial as directed, it fails to give satisfaction for the cure of coughs, croup, whooping cough and all throat and lung troubles. When the disease affects the head, and assumes the form of catarrh, nothing is so effective as California catarrh-cure. These remedies are without equal as household remedies. Sold at \$1.00 a package. Three for \$2.50.

Evangelistic Revs.

This evening Revs. Kirkpatrick and Moody begin a revival meeting at the Cumberland Presbyterian church, which will continue ten days. Rev. Kirkpatrick is an earnest and able divine; Rev. Moody is the new pastor of that congregation for Salem and has but recently arrived from the east.

All Ready For Work.

The contractors on the construction of the Salem street railway have secured temporary offices over the Capital National bank and are now in the city. They will be ready to begin active work Tuesday morning.

Renews Her Youth.

Mrs. Phoebe Chesley, Peterson, Clay County, Iowa, tells the following remarkable story, the truth of which is vouched for by the residents of the town: "I am 73 years old, have been troubled with kidney complaint and lameness for many years; could not dress myself without help. Now I am free from all pain and soreness, and am able to do all of my own household work. I owe all of my thanks to Electric Bitters for having renewed my youth, and removed completely all disease and pain." Try a bottle, 50c and \$1. at Dr. D. W. Cox's drug store.

Statistics Show that seventy per cent of the people of the United States are suffering from the disease of the kidney and urinary organs.

A simple pain in the back, if neglected, often runs into that terrible scourge, Bright's disease which carries off so many of our prominent men. If you are afflicted with any urinary or kidney trouble, no matter how slight, do not put it off until too late, but procure a package of Oregon Kidney Tea and take according to directions. It will cure you. Sold by D. W. Mathews & Co.

OCCIDENTAL JOTTINGS.

News And Notes of a General Interest to the Westerner.

A tin mine has been discovered near Shasta, Cal.

Hunt settles for \$60,000 and his litigation against the Oregon Pacific railroad is compromised and settled.

A move is on foot to bridge the river at Albany. This would be a good stroke of enterprise on the part of our sister city.

Josephine county gave Harrison seven majority. This is the first time in the history of the county that it has gone republican.

At the Whateam fair there was exhibited a limb from a pear tree 22 inches long and one-half inch in diameter on which were 24 pears weighing 18 pounds.

Palouse City has more than doubled its population in the past year, notwithstanding almost the entire city has been destroyed by fire and had to be rebuilt.

California solved the school book problem by printing its own series of books, which are especially adapted to the Pacific coast. They are furnished to the people of California at cost and are very CHEAP.

Experts who have examined the undeveloped petroleum region of Wyoming predict a great future for that section of the country. Several wells have been sunk which will flow 1,000 barrels per day.

Vaccination is made compulsory in the Portland public schools. Any student refusing to submit will not be allowed to remain in school. The city furnishes the vaccine points and physicians do the work free.

A novel proceeding was witnessed at Seattle last Friday, when some parties went out with a pile driver to fence in mud flats belonging to the Oregon Improvement company; immediately three other pile drivers went out and proceeded to fence in the intruding driver whereupon a squabble ensued which was settled by the chief of police and citizens.

There is demand for a railroad to Coos Bay from Roseburg? There is almost a natural pass over the Coast range mountains, through Camas Valley and down the north fork of the Coquille by Myrtle Point and Coquille City. A railroad through this region would give access to uncounted millions of feet of the very finest of timbers, open up new coal fields and would be a source of boundless wealth to both Douglas and Coos counties. It would give quick and easy access to deep sea transportations, and would add to Oregon, Coos county's trade which now all goes to California.

LOCAL SUMMARY.

A marriage license was this afternoon granted to Theodore A. Nicoloi and Osceola Pressler.

O. M. Wilson to-day went to Seattle to eat Thanksgiving turkey. He will return in a week.

The Tiger Engine Co. has received its new hose cart, and it is pronounced to be a fine one, having cost \$175 at the factory in New York.

A billiard table has recently been added to the asylum furniture, and convalescing patients may now have the pleasure of indulging in a game.

Ben McQuillan was brought up from Portland yesterday evening for the penitentiary. He is a hard case, and only eighteen years of age, but will be twenty before he shakes the classic dust of Salem off his feet.

The Willamette Assembly of Knights of Labor held a very interesting meeting last night at which H. S. Jory was elected and installed Master Workman, and Seldeon Orchard, financial secretary. The members seem well pleased with the re-election of Grand Master Powderly.

A few nights since the members of Capital Lodge of Good Templars repaired to the home of Frank Davy, lodge deputy, and gave himself and wife a regular old fashioned surprise. He had not time even to get on a clean collar and cuffs or to scrape the stubble from his cheeks and chin before the host of well wishers were upon him. Frank smilingly accepted the situation and soon all felt fully at home and enjoyed a fine social time.

THOSE BOYS.

MR. EDITOR.—As the peace and prosperity of a city depend upon the character of the citizens, it is of momentous import that the youth be properly cared for. Neglect during the impressionable period of life will be followed by dire punishment to the authors of their neglect. To the stranger who looks through our city, about the first impression that he receives, is that of large opportunity for the intellectual and moral development of the coming citizens. Our school buildings are commodious. Our corps of teachers is as good as can be found anywhere. Our Sunday schools are numerous and within easy reach of all. But there is one practice permitted in our city—as indeed in too many of our cities—which goes very far toward nullifying the good effects of these institutions. I refer to that of late hours on the streets. Who can measure the mental and moral dissipation of boys on the streets at night? From those older in years and vice they learn many things that it would be well for them if they never learnt, or at least did not learn until they developed good sense. These things divert the thought from legitimate study, create a morbid desire for the impure, with a corresponding dislike for the substantial and good. What boy takes any delight in Sunday school and good reading, who spends his evenings in listening to—or in repeating villenous? And that is villenous which is picked up on the street after night—is manifest to everyone who has listened to the conversation and lewd jests of these boys as they congregate under verandas or on the street corners.

Can there be something done to stop this injurious practice? Surely the city has power to create an ordinance and to enforce it, which will conserve her own best interests. By neglecting this matter, we are preparing a whip for our own shoulders. Socrates, when accused by the council of Athens of corrupting the youth of the city, said: "None but a fool would do that, for he who corrupts the youth is preparing instruments for his own destruction." By neglecting to prohibit this practice of boys parading our streets after night we are preparing material that will keep our peace-officers busy in the near future, and of increasing our burdens of taxation. Is not this an opportune time to discuss the matter? Pardon my prolixity, but I considered the subject of sufficient moment to justify the space I have taken. Yours for peace and safety, CURFEW.

"My Wife is a Terror!"

Said a mild tempered man in our hearing, "She snaps and snarls, and spunks her children, and finds fault continually. I can't bear it any longer." Don't be too severe on her, my friend; you little realize her sufferings. She has lost her former sweet disposition, and ill health is the cause. Dr. Pierce's Favorite Prescription will make her well. For female disease, functional derangements, bearing-down pains, and the long list of ills that make women miserable, no medicine can compare with this. It is the only medicine for woman's peculiar weaknesses and ailments, sold by druggists, under a positive guarantee from the manufacturers, to give satisfaction in every case, or money refunded. See guarantee printed on bottle wrapper.

For all derangements of the stomach, liver and bowels, take Dr. Pierce's Pellets, or Anti-bilious Granules.

Chilblains, unpleasant odors from the feet and other parts of the body, nasal catarrh, ringworm, poison oak, sty on the eye lid, eruptive diseases of the skin, all disappear after using Dutard's Specific. Warranted to effect a radical cure in every instance. Sold by D. W. Mathews & Co.

A man who has practiced medicine for 40 years, ought to know salt from sugar; read what he says:

TOLEDO, O., Jan. 10, 1887. Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience, have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of catarrh that it would not cure, if they would take it according to directions.

Yours Truly, L. L. GORSUCH, M. D. Office, 215 Summit St.

We will give \$100 for any case of catarrh that cannot be cured with Hall's Catarrh Cure. Taken internally. F. J. CHENEY & CO. Toledo, O. Sold by druggists, 75c.

A good digestion waits on appetite and a good appetite is one of the surest signs of perfect health. If you are low spirited, irritable, bilious, or have an irregular appetite, then we advise you by all means to take Dr. Henley's Dandelion Tonic. It will make a new man of you. Sold by D. W. Mathews & Co.

Using Down Hill.

There are more ways than one of going down a hill. Besides rolling over a precipice, rushing down a toboggan slide and other methods, you may, if you fall to rectify an erratic digestion, discipline a rebellious liver, and restore a regular habit of the bowels, rapidly descend an incline whose bottom is the grave. A failure in vigor, impairment of appetite, troubled sleep, loss of flesh and mental energy—these are the infallible indications that show decay, and ought to suggest repair. The finest, surest, pleasantest means of repairing physical energy is Hostetter's Stomach Bitters. Where the mineral poisons and weak appetizers fill, this botanic invigorant succeeds. Whether feebleness be the attendant of the disease, inherent in the constitution, or the complication of convalescence, often very slow after wasting maladies, the Bitters have ever proved a reliable means of remedying them. The Bitters cure pulmonary complaints, rheumatism, constipation and kidney troubles.
