## BEFORE IT IS BORN.

Some Startling Statements of Gen-  
eral Interest.

Dr. Oliver Wendell Holmes, on  
being asked when the training of a  
child should begin, replied, "A hundred  
years before it is born."

Are we to infer from this that this  
generation is responsible for the con-  
dition of the race a hundred years  
from now?

Is this wonderful generation the nat-  
ural result of the proper diet and med-  
icines of a hundred years ago?

It is conceded in other lands that  
most of the wonderful discoveries  
of the world in this century have  
come from this country. Our ances-  
tors were reared in log cabins, and  
suffered hardships and trials.

But they lived and enjoyed health  
to a ripe old age. The women of  
those days would endure hardships  
without apparent fatigue that would  
startle those of the present age.

Why was it?

One of the proprietors of the pop-  
ular remedy known as Warner's safe  
cure, has been faithfully investigating  
the cause, and has called to his aid  
scientists as well as medical men, im-  
pressing upon them the fact that  
there cannot be an effect without a  
cause. This investigation disclosed  
the fact that in the olden times  
simple remedies were administered  
composed of herbs and roots, which  
were gathered and stored in the logs  
of the log cabins, and when sick-  
ness came on, these remedies from nature's  
laboratory were used with the best  
effects.

What were these remedies? What  
were they used for? After untiring  
and diligent search they have ob-  
tained the formulas so generally used  
for various disorders.

Now the question is, how will the  
olden time preparations affect the  
people of this age, who have been  
treated, under modern medical  
schools and codes, with poisonous  
and injurious drugs. This test has  
been carefully pursued, until they  
are convinced that the prepara-  
tions they now call Warner's Log Cabin  
remedies are what our much abused  
systems require.

Among them is what is known as  
Warner's Log Cabin sarsaparilla, and  
they frankly announce that they do  
not consider the sarsaparilla of so  
much value in itself as it is in the  
combination of the various ingredi-  
ents which together work marvelously  
upon the system. They also have  
preparations for other diseases, such  
as Warner's Log Cabin cough and  
consumption remedy, "Log Cabin  
hops and henna remedy," "Warner's  
Log Cabin hair tonic," "They have  
great confidence that they have a  
cure for the common disease of catarrh,  
which they give the name of "Log  
Cabin rose cream." Also a "Log  
Cabin plaster," which they are con-  
fident will supplant all others, and a  
liver pill, to be used separately or in  
connection with the other remedies.

We hope that the public will not be  
disappointed in these remedies,  
but will reap a benefit from the in-  
vestigations, and that the proprietors  
will not be embarrassed in their in-  
roduction by dealers trying to sub-  
stitute remedies that have been so  
familiar to the shelves of our drug-  
gists. This line of remedies will be  
used instead of others. Insist upon  
your druggist getting them for you if  
he hasn't them yet in stock, and we  
feel confident that these new reme-  
dies will receive approbation at our  
reader's hands, as the founders have  
used every care in their preparation.

## Democracy's Primaries.

Salem democrats last night con-  
ducted primaries at the four wards  
in this city for the purpose of select-  
ing delegates to the city nominating  
convention. They will hold their  
city nominating convention at the  
office of Justice Chase in the opera  
house on Friday night. The result  
of last night's convention was as  
follows:

First ward—Aldermen, David  
Pugh and D. F. Wagner; Delegates,  
Dr. W. D. Jeffries, B. N. Hayden,  
D. J. Fry, P. H. D'Arcy; Com-  
mitteeman, B. N. Hayden.

Second ward—Alderman, W. J.  
Polly; delegates, Frank Gilbert,  
Hugh Thompson, Leo Willis, W.  
E. McAfee, Dr. T. L. Golden, Frank  
Durbin, W. J. Polly; committeemen,  
Wm. H. Holmes and Jas. H. Mc-  
Afee.

Third ward—Alderman, W. T.  
Gray; delegates, Jas. Godfrey,  
Gaines Fisher, Duncan Ross; com-  
mitteeman, Jas. Godfrey.

Fourth ward—Alderman, A. N.  
Dumb; delegates, John H. Albert,  
John M. Chase, Wm. F. Dugan,  
J. DuBois; committeeman, John  
M. Chase.

Remarked the professor in a dis-  
cussion of favorite authors, "which  
always struck me as an oddity. I  
mean his habit of punning some  
distinctive word or phrase on a  
character, which must be uttered on  
all occasions. Now people in real  
life don't iterate like parrots. At  
least, I know of only one person  
who is liable to such criticism—  
young Bowden, my neighbor. The  
picture of health isn't he? Ruddy  
cheeks, sparkling eyes, ringing  
voice. Well, his pet phrase, which  
I have heard him repeat to scores of  
people suffering from coughs and  
weak lungs, is, 'Take Dr. Pierce's  
Golden Medical Discovery.' No  
wonder either, for it saved him from  
a consumptive grave."

## Is Consumption Incurable?

Read the following: Mr. C. H.  
Morris, Newark, Ark., says: "Was  
down with Abscess of Lungs, and  
friends and physicians pronounced  
me an Incurable Consumptive.  
Began taking Dr. King's New Dis-  
covery for Consumption, am now  
on my third bottle, and able to over-  
see the work on my farm. It is the  
finest medicine ever made!"

Josee Middleward, Deatur, Ohio,  
says: "It is not been for Dr. King's  
New Discovery for Consumption I  
would have died of Lung Troubles.  
Was given up by doctors. Am now  
in best of health." Try it. Sample  
bottles free at H. W. Cox's Drug

## Leprosy Among Indians.

CHICAGO, Nov. 27.—A Times  
Ottawa, Ont., special says word has  
been received that Chinese lepers in  
British Columbia have communi-  
cated the terrible disease to Indians.  
Senator McInnes, from British Co-  
lumbia, states that out of a total  
Indian population of the province,  
which he places at 40,000, he believes  
there will not be 5,000 living in a  
quarter of a century, as a result of  
leprosy. The Columbia authorities  
for several years have been officially  
informed of the presence of Chinese  
lepers, but took little or no action  
against them, fearing that agitation  
of the subject would turn away the  
tide of immigration coming from  
Europe.

## Grand Army Affairs.

CHICAGO, Nov. 27.—Maj. Warner,  
the newly elected commander-in-  
chief of the Grand Army of the  
Republic, arrived in Chicago from  
Kansas City this afternoon. "No,  
we do not discuss politics in the  
Grand Army," he said, in answer to  
a question, "and if any one says so  
and is dissatisfied with the order, he  
may withdraw."

Regarding the intentions of Gen.  
Palmer and other prominent dem-  
ocratic members who have decided  
to leave the order, charging it with  
being a political organization, the  
commander had nothing to say.  
"Grand Army men have decided to  
drop the whole matter," he said.

## Burned to the Stake.

PORT TOWNSEND, Nov. 27.—An  
Indian woman was brought to the  
poor house to-day who was terribly  
burned from her lower extremities  
to a portion of her person slightly  
below the neck. He claims to have  
found her on the beach near Port  
Ludlow in an entirely nude con-  
dition, that she told him in broken  
Chinook that male and female  
members of her tribe had the eve-  
ning before denuded her, tied her to  
a stake around which they piled  
brush-wood, set fire to the same and  
left her there to perish.

## The Gallant Life-Savers.

BOSTON, Nov. 27.—The terrific  
effects of Sunday night's storm have  
been everywhere manifest along the  
coast. Although the loss of life  
already reported is large, it would  
have been still greater but for the  
brave efforts of Capt. Joshua James  
and his volunteer life-saving crew of  
Hull, who are credited with saving  
twenty-eight persons from disabled  
vessels.

## There Will be no Funeral.

PITTSBURGH, Nov. 27.—"Doc"  
Haggerly was unloading glycerine  
at Pleasantville, Venango county, at  
noon to-day. He had 1040 pounds  
of it in a wagon. It exploded by  
some means and Haggerly was  
literally annihilated. Parts of his  
two houses were found half a mile  
away.

The Oregon Land Company's ten  
acre lots are selling rapidly, 40 hav-  
ing been sold since the 8th of Sept. There  
is no probability that 10 acres of  
good land within four miles of Salem  
will ever again be offered for \$50 per  
acre on easy terms. There are now  
five houses in process of construction  
on lots already sold and roads are  
being opened and bridges built so  
that the value of all of the lots is  
being rapidly enhanced. Any one  
wishing to buy ten acres of good  
land for much less than the price of  
a city lot will do well to look at this  
property at once as there is no doubt  
but that it will all be sold inside of  
thirty days. Call at the office of the  
Oregon Land company on Com-  
mercial street and you will be shown  
the property free of charge.

Mr. and Mrs. Wise, late of Eastern  
Oregon, have moved to town.

School is in a flourishing con-  
dition, twenty-seven are enrolled.

Rev. Rork occupied the pulpit of  
the M. E. church Sunday morning.  
Prof Fleischer of Amity has or-  
ganized an interesting class in sing-  
ing.

Jay Frizzell has bought a lot in  
Salem and is going to build a resi-  
dence thereon.

Mr. Tringle, the furniture and  
harness dealer, has moved into his  
new building.

E. D. Keyt is running a feed  
chopper and doing custom work as  
well as for himself.

The firm of J. M. Wise & Co., our  
popular merchants, have opened  
an addition to their store.

Mr. Barton Riggs has matricu-  
lated at one of the Portland business  
colleges to take a full course of  
shorthand.

Republicans are going to offer up  
thanks because they feel like it,  
democrats because it is well with  
them as it is.

Rev. Haulman, late of Illinois, de-  
livered a very instructive and inter-  
esting lecture accompanied by il-  
lustrations on "The Tabernacle, its  
types and antitypes," at the Chris-  
tian church Sunday night.

## NEWPORT NOTES.

Kansas is pretty well represented  
out here—many of the late arrivals  
are Jay-hawkers.

David Rhodes of Dallas, Polk  
county, came in this evening and  
intends to stay here awhile.

A good many of the Newport folks  
came in yesterday evening from  
Corvallis where they have been at-  
tending court in the capacity of  
jurors and witnesses.

Newport is agitating the question  
of a free reading room. There will  
be a dance at Ghormley's hall on  
Thanksgiving eve, the proceeds to be  
applied to subscriptions to good  
papers and magazines.

Geo. T. Gilmore came last Wed-  
nesday from Kansas, he was out  
here once before. He goes into the  
real estate trade with R. F. Baker.  
The JOURNAL wishes the best suc-  
cess to Gilmore & Baker.

Thos. Little, the man who was  
struck by the engine and thrown off  
the track last week, in Yaquina  
City, is all right again. It was  
fortunate he escaped so lightly as  
being run into by a train at full  
speed is, aside being very annoying,  
quite dangerous.

## TURNER ITEMS.

The Good Templars will give an  
entertainment soon.

The new hotel will soon be com-  
pleted and ready for business.

A great deal of fall plowing is be-  
ing done now. The ground is in  
fine order.

Quite a number are sick. A good  
many are giving their left arm a  
rest to prevent smallpox.

Things are very quiet now about  
Turner. Politics are dead, but  
occasionally a democrat will pipe  
away and tell of Grover's greatness  
and how they will come in twenty-  
four years hence.

There will be a grand wolf hunt  
next Saturday three miles southeast  
of here near McKinney's. The  
parties choose sides. The one that  
gets the scalp gets a reward of ten  
dollars and a delicious supper at the  
others' expense. All are invited and  
a big time expected.
