BEFORE IT IS BORN.

Some Startling Statements of Gen. eral Interest.

Dr. Oliver Wendell Holmes, on being asked when the training of a child should begin, replied, "A hun-dred years before it is born."

Are we to infer from this that this generation is responsible for the condition of the race a hundred years from now?

from now?

Is this wonderful generation the natural result of the proper diet and medicines of a hundred years ago?

It is conceded in other lands that most of the wonderful discoveries of the world in this century have

of the world in this century have come from this country. Our ancestors were reared in log cabins, and suffered hardships and trials.

But they lived and enjoyed health to a ripe old age. The women of those days would endure hardships without apparent fatigue that would startle those of the present age.

Why was it?

why was is?

One of the proprietors of the popular remedy known as Warner's safe cure, has been faithfully investigating the cause, and has called to his aid acientists as well as medical men, impressing upon them the fact that there cannot be an effect without a cause. This investigation disclosed the fact that in the olden times simple remedies were administered compounded of herbs and roots, which were gathered and stored in the lotts. were gathered and stored in the lors of the log cabins, and when sickness came on, these remedies from nature? laboratory were used with the last

What were these remedies? What were they used for? After untiring and diligent search they have of tained the formulas so generally used for various disorders.

Now the question is, how will the olden time preparations affect the people of this age, who have been people of this age, who have the treated, under modern medical schools and codes, with poisonous and injurious drugs. This test has been carefully pursued, until they are convinced that the preparations they now call Warner's Log Cabin remedies are what our much abused systems required.

Among them is what is known as Warner's Log Cabin sarsaparilla, and they frankly announce that they so not consider the sarsaparilla of so not consider the sarsaparilla of so much value in itself as it is in the combination of the various ingredients which together work marvelously upon the system. They also have preparations for other diseases, such as "Warner's Log Cabin cough and consumption remedy," "Log Cabin hops and buchu remedy," "Warner's Log Cabin hair tonic." They have a cure for the common disease of catarrh. cure for the common disease of catarrh.

no improvements.

10 acres, 5 miles Salem; ail in califyation; no buildings; near school house, [Excellent fruit land.]

Cabin plaster," which they are considered by the constant of the common disease of catarrh.

Which they give the name of "log Cabin plaster," which they are considered will supplied all others. Also a "Log fident will supplant all others, and a liver pill, to be used separately or in We hope that the public will not be disappointed in these remedies, but will reap a benefit from the in-

vestigations, and that the proprietors will not be embarrased in their introduction by dealers trying to substitute remedies that have been so familiar to the shelves of our druggists. This line of remedies will be need introduction by dealers. Insist upon used instead of others. Insist upon your druggist getting them for you if he hasn't them yet in stock, and we feel confident that these new remedies will receive approbation at our reader's hands, as the founders have used every care in their preparation.

RAN FITANCISCO, Nov. 1st, 1886.
