

OVER THE CAPITAL CITY.

Complete Recital of the Daily Doings Compiled From Various Sources.

Happenings Over the City and News From the Country Roundabout.

At the Penitentiary.

At the penitentiary Superintendent Downing has over 3000 bushels of potatoes stored away for use at the prison. They were all raised on state ground, and it is calculated will more than supply the demand. Flour, beans and potatoes form a good part of the prison fare. Of the former four hundred pounds is consumed each day. The flour they use is of the second grade, but from it is made a good quality of bread, though of a yellowish cast.

He Wanted to Fight.

Some people can't realize defeat when they feel it descending over them. Thus it was that Jasper Minto became entangled in a quarrel on the eve of election day with Robt. Ford. The Jap appeared before the recorder yesterday, and left \$5 and costs. His offense was disorderly conduct. Retaliating he had Ford arrested on the same charge, and the latter's examination occurs this afternoon.

Woman's Relief Corps.

Of Sedgwick P. O. No. 10, at their hall last evening, the Woman's Relief Corps elected the following officers for the ensuing year: Mrs. M. Baker, president; Mrs. Ellen Bagley, senior vice-president; Mrs. M. Jones, junior vice-president; Mrs. Effie Wright, treasurer; Mrs. M. A. Pettingill, chaplain; Mrs. S. Houser, conductor; Mrs. S. Stoltz, Guard.

More Street Grading.

Having completed their grade on State street as far as the railway, the street railway force was this morning set to work on Commercial. Beginning at a point immediately in front of the Insurance building, this grade will be completed as far down as the Chemekete.

A New Law Firm.

Imus Bros., late of Kansas, have this week opened up a real estate, law and collection office up stairs in the Insurance building. These young gentlemen are energetic, and come highly recommended and full of business, and already are meeting with good success.

An Insane Young Man.

Willis A. Fisher of Portland was brought to the asylum yesterday. Since his recovery from a severe attack of typhoid fever his mind has not been right, but a few months treatment it is thought will permanently cure him.

Up on the Santiam.

Work for the winter has ceased at the Capital mine. The miners have returned to the city for the winter, and will not return until early spring, when, if dirt shows well, work will be prosecuted the summer through.

Wheat Down Again.

Wheat has now dropped to 75 cents. No reason can be offered, yet the market is not very firm at this low figure. With two mills running this cereal should command a better price.

SAYS AN UNDERTAKER: "The daily death lists in the newspapers are consulted by more people than those who have an idle curiosity to know who is dead. During a campaign candidates for office are anxious to attend funerals that are liable to engender men of influence. A certain class of lawyers are on the lookout for damage suits. Tombstone dealers take notes with a view to business in the future. Insurance agents make a memorandum to call upon the surviving relatives in due time. The keepers of the beer houses out near the cemeteries gauge their orders according to the outlook for the day. The class who want free carriage rides scan this columns attentively."

Portland, Or. July 20.

My kidneys were in a very bad condition. The urine was like brick dust, and I suffered a great deal with my back. All remedies were unavailing until I tried the OREGON KIDNEY TEA, which gave me almost immediate relief.

Removal Notice.

Messrs. Bridges & Bozorth desire to inform their customers that they have removed their stock of millinery, fancy goods and notions, etc., from the bank block to 96 State street, (in the Patton block) where they will take pleasure in welcoming all old friends and as many new ones as can call. They are just now engaged in receiving and opening an elegant new line of goods for the winter and holiday trade.

The New Officers.

January first will find new faces occupying the Salem city offices. The council will then be republican with one exception, and will be as follows:

First Ward—Edward Hirsch and Squire Farrar.
Second Ward—George Collins and E. Lafore.

Third Ward—A. E. Strang and W. W. Skinner.
Fourth Ward—A. N. Bush and O. D. Hutton.

Republicans—Edward Hirsch, Squire Farrar, George Collins, E. Lafore, A. E. Strang, W. W. Skinner, O. D. Hutton.
Democrat—A. N. Bush.

Difference of Dispositions.

Warden McMillan says in all his experience he has seen no two prisoners whose dispositions were nearly the same. Of all places for studying character he thinks the penitentiary decidedly the best. There you have men of all classes and convicted of all crimes. Among the rest are, no doubt, some men who, though they have committed a crime, did so in the heat of passion or without premeditation. Again there may be some entirely innocent. Each man throws about him an individuality which furnishes a study.

The Survey Completed.

The directors of the Salem street railway company yesterday concluded the work of locating the track from State street to the depot. It will run a little to the east of the present roadway, crossing the city bridges across both the creek and the ditch. The street commissioner was viewing the ground this morning and the railway company tell us they will be permitted to cross these bridges.

Guilty of Assault.

The case of state vs. T. L. Prettyman, charged with an assault against O. P. Beardsley at Eola last May, on trial at Dallas yesterday, resulted in his conviction. The offense is a fineable one, and up to a late hour last night Judge Boise had not assessed punishment.

Evidence of Increase.

Evidences are on every hand that Salem is increasing rapidly in population. If you don't believe it just note the increase in the vote polled in that fourth ward at Monday's election.

A man who has practiced medicine for 40 years, ought to know salt from sugar; read what he says:

TOLEDO, O., Jan. 10, 1887.
Messrs. F. J. Cheney & Co.—Gentlemen:—I have been in the general practice of medicine for most 40 years, and would say that in all my practice and experience, have never seen a preparation that I could prescribe with as much confidence of success as I can Hall's Catarrh Cure, manufactured by you. Have prescribed it a great many times and its effect is wonderful, and would say in conclusion that I have yet to find a case of catarrh that it would not cure, if they would take it according to directions.

Yours Truly,
L. L. GORSUCH, M. D.
Office, 215 Summit St.
We will give \$100 for any case of catarrh that cannot be cured with Hall's Catarrh Cure. Taken internally.

Don't Experiment.

You cannot afford to waste time in experimenting when your lungs are in danger. Do not permit any dealer to impose upon you with some imitation of Dr. King's New Discovery for Consumption, Coughs and Colds, but be sure you get the genuine. Because he can make more profit he may tell you he has something just as good, or just the same. Don't be deceived, but insist upon getting Dr. King's New Discovery, which is guaranteed to give relief in all Throat, Lung and Chest affections. Trial bottles free at Dr. H. W. Cox's drug store. Large bottles \$1.

I haven't the courage to die sir, hardly the courage to live; Can't drink enough to forget, sir, Ain't Christian enough to forgive. This was the wall of a man who had endured the tortures of "liver complaint" and dyspepsia for years; and he might have endured them for life, had he not heard that Dr. Pierce's Golden Medical Discovery would make him a well man. He gave it a trial and was cured. Once he was hollow eyed, emaciated, and slowly tottering toward the tomb; but now he is vigorous, robust and healthy. There is nothing that can compare with the "Discovery" as a curative agent for sour stomach, constipation, impure blood and biliousness.

The worst cases of nasal catarrh positively and permanently cured by Dr. Sage's Catarrh remedy.

Every lady or gentleman should have on their toilet stand a bottle of Dutar's Specific. There is nothing like it for removing blemishes from the skin, curing nasal catarrh, itching ears, and numerous growths and running sores. Tender feet from uncomfortable shoes are instantly relieved by Dutar's Specific.

—H. W. Prettyman and wife of East Portland returned to-day to their home, after a few days' visit here with relatives.

—Frank Gorman, for the stabbing of Bill Hiatt, waived examination and gave bond in sum of \$250 for his appearance before grand jury.

—Miss Katie Scholl of Walla Walla, after a pleasant visit of a month, with her cousin, Miss Carrie Haas, returned to her home yesterday.

—To-night at the university chapel occurs the elocutionary entertainment. It will be a pleasant affair and it well worth your attendance.

A revival was commenced yesterday evening at the M. E. church in Silverton. It will continue for some days and it is promised much interest will be aroused.

—St. John asks the question, "Are you for the saloon or the home?" The answer given is, "you bet your life." But when you are asked where you can get the best goods and price on tea, coffee, groceries, etc., the answer is, at Squire Farrar's. tf.

—The Brownsville Woolen manufacturing Co. of North Brownsville Linn county, to-day filed articles of incorporation with the secretary of state. The amount of stock is \$25,000, divided into fifty shares. J. P. Galbreath, F. F. Craft and M. Moyer are the incorporators. The La Grand creamery, with capital stock of \$10,000 also filed articles to-day.

—Only a small audience greeted "A Chip O' the Old Block" at the opera house last night. The play is not startling, being of that "razzle dazzle" style which has become so popular of late among a certain class. The company was better than the play. Scott and Mills are each good in their specialties, but it would not be difficult to find a superior lady aid.

—Catch the shadow where the substance fades, is good advice, and especially is the truth of this demonstrated when you speak of the frequency with which one dear friend or another is hurried away. You'll regret too late that you did not have your friend or relative visit Sperry the Artist and have a perfect likeness taken. Heed the moral—go now before it is forever too late. tf.

W. C. T. U. COLUMN.

The World's W. C. T. U.

White light includes all the prismatic colors, so the white ribbon stands for all phases of reform and there is no phrase which the drink course has not rendered necessary. This we did not see at first, when Margaret E. Winslow of New York proposed this ribbon as our badge. My own urgent desire was then that the home women should wear and finally redeem from association with the liquor power, the colors of the nation, and at that Chicago convention of 1877 we were all wearing the red, white and blue ribbons I had furnished, when the wisest vote of the majority made white our badge. I now see how much wider was the reach of this pure emblem that holds within itself the colors of all nations and stands for universal purity and patriotism, universal prohibition and philanthropy, and universal peace. "Hearts are near though hands are dear," and women's hands and hearts all round the world will be united by our white emblem ere another generation passes out of sight. As president of the World's W. C. T. U., I have already sent out to every nation the purposes and plans of that society, and there is now no speech or language where its voice is not heard. With Mrs. Leavitt on her way to Africa, after planting the W. C. T. U. in India, Australia, China, and Japan, Mary B. Willard and Mrs. Dr. Stuckenburg devoted to our cause at the capital of Germany, in Madame Mejerheim and Charlotte Gray in Scandinavia, and a W. C. T. U. organized in the world's wine centre and metropolis, the city of Paris itself; with Alaska explored, thanks to the enterprise of Miss Ackerman; Great Britain, Canada, Australia and the United States thickly planted with our White Ribbon Societies, we may well wonder at what God hath wrought in fourteen years from the whirlwind of the Women's Temperance Crusade.—Miss Willard.

Mayor Hewitt declared that never had so pleasant a duty devolved upon him as that of bidding the ladies of the W. C. T. U. welcome to the City of New York.
