A RARE COLLECTION.

A Valuable Collection of Stamps by E. C. and H. D. Patton, Numbering 4500 Varieties.

This morning a JOURNAL reporter stepped into the large book and stationary store of T. McF. Pattton, and while there his attention was called collection, that Mesers E. C. and H. earch the world over.

These young gentlemen in company with their parents visited Japan in 1885, and then and there began their stamp collection. Since pan in 1885, and then and there bethat time they have spared neither pains or money to obtain one of the rarest collections of postage stamps ever o vned by a private individual. Their album contains all varieties of postage stamps ever usued in any country in the world, also portraits of the rulers, flags and arms of every nation, together with valuable statistical information regarding their size, population, capitals, etc.

A Merchant's Wife the Bone of Conten-tion-A Depunciation. A well known merchant who has been greatly benefitted by Joy's Vegetable Sarsaparilla, desired to give it to his wife, who was very delicate, but out of caution first consulted his physician, Dr. W. H. Griswold of 850 Market street. The doctor, who is one of our leading practitioners objected, saying he had never seen a carsaparilla that did not contain potash, which thinned the blood; that his patient did not have any vitality to lose, and that what delicate people need is not decreased vitality, but more blood. He however consented when assured that Joy's Vegetable Sarsaparilla was opposed to the blood thinning idea of other sarsaparillas, and that on the contrary by specific vegetable alteratives it promoted digestion, and re paired nutrition, hence created new blood and was the very thing for feeble people. The above explains the many cases in which aged, delicate and run down people, have been built up by Joy's Vegetable Sarsaparilla after the potash sarsaparillas failed. Its effects are creating a sensation."-S. F. Examine
