### Great Opportunity to Buy Goods With But Little Money at CRISSMAN'S FIVE & TEN CENT STORE.

This is an age of progression. The world moves and the man who does not move with it must fall behind or be crushed. We have struck the key note. One visit to our store will convince you that one dollar will purchase more here than two at any other place in the city. This seems incredible but we cordially invite an interested public to call and be convinced of the truth.

**We are selling Agate Buttons Five cents per gross, Butcher Knives Ten cents, Clothes Baskets Seventy-five cents, Blacking Five cents.**

We have all kinds of tinware and various other useful articles too numerous to mention at rock bottom. We extend an invitation to all.

#### PACIFIC COAST NEWS.

**FIRE AT ALBANY.**  
ALBANY, Or., May 23.—The large farm residence of E. G. Cox, six miles east of this place, was burned this forenoon. The fire was caused from a defective fire place. The whole family was at Albany. Loss \$200, with \$1000 insurance in the State Insurance company of Salem.

**FIRST NEW WHEAT.**  
SAN FRANCISCO, Cal., May 23.—The sample wheat market was quiet yesterday and prices were rather weak and a trifle lower. Offerings of shipping grades are liberal but the demand is very light. The principal item of interest Tuesday was the arrival of the first new wheat of the season, coming from Poso, Kern county, being the earliest lot reported Monday in the Chronicle as having been sold to the agent of Balfour, Guthrie & Co., in the country, at 1.35 @ ct. The lot consisting of 155 bags, arrived at Mission Bay warehouse yesterday morning, and was resold to J. E. Pinger at \$1.30 @ ct. This is the earliest arrival of wheat ever recorded at tide water during the history of the trade. Last season the first wheat was received May 24th, and sold at \$1.37 @ ct. Both wheat and barley are expected to arrive from Newman's on the 26th inst.

**PERILOUS TRIP.**  
PINEVILLE, Or., May 23.—W. H. Templeton crossed the Cascade mountains last week, arriving in town today, bringing two horses with him. He was four days on the perilous journey. The snow on the summit, he thinks, is 15 to 20 feet deep. He came over by way of the Santiam route, and in doing so took desperate chances in losing his way and his life. He says that Martin's buildings at Fish Lake are badly damaged by the weight of heavy snow on the roofs. Bill relates several narrow escapes from death in the treacherous ocean of snow on the summit.

**DROWNED IN CROOKED RIVER.**  
ALBANY, Or., May 23.—Mr. L. Saunders received a letter from Prineville yesterday, announcing the drowning in Crooked river, of Wm. Foster, one of the leading and wealthiest stock men of the county. He was crossing the river near the Smith place, about five miles from Prineville, when he was unable to save himself. Mr. Foster leaves a wife and several children. His father resides near Corvallis.

**SCATTERED HIS BRAINS.**  
ROSEBURG, Or., May 23.—An accident is reported from Marshfield, at the Porter mill, which resulted in the instant death of A. B. Porter, an employee. He was working on the steam rollers, when two 10-inch canis came off the big carriage. The canis were to be transferred to other rollers, and Charlie Woodward let out chain for Porter to make fast with. He was in the act of crawling under the canis to fasten the chain, when one of them fell off the rollers, striking the unfortunate man on the head and scattering his brains over the mill. He was a green hand, and had been cautioned not to crawl under the canis. Porter was about 45 years old, and lived for a time on South slough. He leaves a wife and family at Empire, for whom much sympathy is expressed.

#### EASTERN NEWS.

**KEMMLER NOT RELEASED.**  
WASHINGTON, D. C., May 23.—The United States supreme court today reconvened and denied the application for a writ of error in the case of Kemmler, under sentence of death by electricity, an appeal from New York. The opinion is by Chief Justice Fuller.

**THE OPINION.**  
WASHINGTON, D. C., May 23.—The court held that a change in form of death was within the legitimate sphere of the legislative power of the state. The legislature of the state of New York had determined that it did not inflict cruel and unusual punishment and its courts have sustained that determination. This court cannot see that the prisoner has been deprived of due process of law. In order to reverse the judgment, this court should be compelled to hold that the court of appeals committed an error so gross as to deprive the prisoner of his constitutional rights. The court has no hesitation in saying that it cannot do this.

**THE TARIFF BILL.**  
WASHINGTON, D. C., May 23.—The tariff bill was received in the senate this afternoon and referred to the committee on finance.

**THE CEDAR KEYS CONSPIRACY.**  
WASHINGTON, D. C., May 23.—The secretary of the treasury has just received a telegram from Colonel Pinkerton at Cedar Keys, Fla., saying that that town is still controlled by Cotterell influence, the situation being critical. Orders were issued for revenue cutter Mc Lane to remain at Cedar Keys until it is considered by officials there that her services are no longer required.

**STRIKERS COMPROMISE.**  
PITTSBURG, Pa., May 23.—The labor situation here is much relieved yesterday, by which a large number of strikers will return to work.

**GLASS FACTORIES CLOSED.**  
PITTSBURG, Pa., May 23.—The window glass trust has ordered a close-down to restrict production. It is announced here today that the western window glass manufacturer's association which recently met here decided to shut down all factories in the country for the summer. June 14 is the date set for the shut-down.

**A RAILROAD TO ALASKA.**  
OTTAWA, May 23.—The project for a railway to Alaska is about to take definite shape. Application will be made to Parliament at the next session for the passage of an act incorporating the Vancouver, Northern and Alaska Railway and Navigation Co.

**MUTUAL INSURANCE.**  
ST. LOUIS, Mo., May 23.—In the Central Conference of the Methodist church this morning, the committee reported, recommending that the board of church extension establish a system of mutual insurance for churches.

**UNION PACIFIC EXTENSION.**  
CHEYENNE, Wyoming, May 23.—A special says the Union Pacific is to build immediately from Portland to Puget Sound and will make other extensions in the Northwest. H. V. Gates, who is in charge of the Cheyenne and Northern railway construction from this place, and the Utah Northern work, has been instructed by Chief Engineer Bogue to report as soon as possible at Portland to superintend the line building to the Sound.

#### BANK FAILURE.

OSWEGO, N. Y., May 23.—The Oswego National bank closed its doors today. The suspension is reported to be due to the late developments in the big four collapse.

**RUSSIA AND TURKEY.**  
CONSTANTINOPLE, May 23.—It is today officially ascertained that the ladies belonging to the Russian embassy, who were assaulted while walking at Byrakdere, were the wife and daughter of chief dragoman of the embassy. The offenders were Turkish officers and five students. The affair has created much comment and it is feared will result in complications between Russia and Turkey.

**AS TO EUROPEAN WARS.**  
SOUTHAMPTON, Eng., May 23.—Captain Sealinski sails today to report himself to the Adjutant General in Washington. Sealinski was sent abroad by the American government on a roving commission among the great powers of Europe to see how they are prepared or preparing for war. He found all the principal European powers making preparation for war. He thinks the next European war will be initiated by Germany and Russia.

**THOMPSON'S PRACTICAL TALKS.**  
JACKSONVILLE, May 23.—Hon. D. P. Thompson and Lydell Baker spoke here yesterday. They were accompanied by Hon. Phil Metcalan. The meeting was organized by the election of Hon. C. C. Beckman as chairman. The house was a large one, and many democrats who heard Gov. Penneyer speak were present and heard Mr. Thompson. They were anxious to hear what explanation Mr. Thompson would make of the many charges preferred against him by Gov. Penneyer. Mr. Thompson effectually and satisfactorily disposed of all of them and put the governor in some very ugly holes which it will be quite difficult for him to get out of. Mr. Thompson is by far the best practical talker we have had here yet. He is to the point in everything and from the beginning to end shows himself to be a business man by putting everything upon a business basis. He made a fine impression and if he talks throughout the canvass as he did here he will make many votes.

**PENNEYER AT ALBANY.**  
ALBANY, Or., May 23.—Governor Penneyer will address the people of Albany today. It is a suggestive fact that he will speak here on an unlucky day. Friday being haugman's day. When asked yesterday by a reporter how Penneyer was making it in his canvass, an old acquaintance of his, a democrat by the way, remarked: "If he were kept under a bushel he would be a whole swarm of bumble-bee and would probably win, but let him have rope and make a canvass and he will hang himself." In Linn county he has taken the rope and is doing the work as predicted in his free-trade speeches.
